Dear Mr, King

Re. Application #98-07676

I have filed an application for a use permit with the U.S. Forest Service to cross National Forest land with a pipeline. They have infoemed me that due to the ending of their fiscal year, they will be unable to process this application for some time. With the fast approach of fall weather, I do not expect to hear from them until it is too late to meet your 30 day deadline, and much to late to install anything until spring.

I would like to withdraw my application at this time. When things are cleared up with the U.S. Forest Service, I will submit another application.

The Idaho Department of Water Resources acknowledges receipt of your Application For Permit To appropriate the Public Waters Of The State Of Idaho, and we have assigned it the above referenced number. To assist us in providing you with prompt, accurate service, please refer to this number in all future matters concerning this water right application.

We also acknowledge receipt of your appropriation filing fee in the amount of \$30.00, for which your Receipt #N-004032 is enclosed.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests.

If the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If the application is not protested it would normally be forwarded to Boise to be considered for approval the Director. However, since you do not own the property at the point of diversion, you must explain to this department the arrangements you have made to allow you to make this filing.

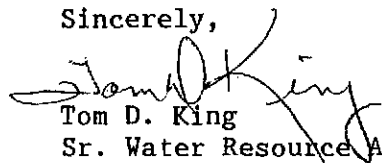

This information must be submitted to this office with any other information you deem appropriate within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.
