CONDITIONS OF APPROVAL

1. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.
2. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water for irrigation purposes under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
3. If the surface water rights appurtenant to the place of use are sold, transferred, leased or used on any other place of use, this right to divert ground water shall not be used for irrigation without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
