Dear Mr. Olsen:

You recently contacted our office inquiring about the status of water right transfer # 72435, filed on October 12, 2005 in the name of Big Sky Farms. The application is an attempt to provide water for a proposed CAFO facility in portions of Sections 36 (T8S, R18E), 1 (T9S, R18E), and 6 (T9S, R19E) in Jerome County. I have attached the first two pages of the application for your reference. As shown on the 2nd page of the application, the transfer proposes providing a diversion rate of 0.67 cfs and an annual diversion volume of 240.7 ac-ft for the CAFO facility. Several parties have protested the application and a formal hearing on the contested case has been scheduled for July 26, 2007.

If you have any questions, or need any further assistance, feel free to contact our office at your convenience.

Sincerely,

Corey Skinner, PE
Water Resource Engineer
