Re: transfer evaluation

This transfer proposes to change the place of use to the current system which includes a large pivot. Drying up corners to complete this pivot.

Authority to File:

Applicant submitted ownership documents to complete the change. The documents are in the State Office waiting processing. The po box 438 rigby is the current address for this LLC.

Water Right Validity:

This water right was decreed in the SRBA in 2000. Air photos from 2006 show it to be irrigated. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA area and in Water District 34. Place of use change, no groundwater model analysis is needed. Watermaster will comment. Transfer will be advertised to determine any protests.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
