Fullmer and Mortenson Cattle Inc. of 12971 Bailey Rd., Melba, ID 83641 filed application no. 73410 with IDWR to transfer a water right with 1983 priority date and application no. 72929 to amend a water right permit with a 2003 priority date from groundwater totaling 0.88 cfs. The purpose of the transfer and amendment is to change one of the three points of diversion to a new location approximately 1300 feet northeast of the original location within the same calf/heifer rearing facility. The transfer will also be used to correct the legal description of the place of use for the feedlot. The two rights combined allow for 4600 head of dairy cattle or proportionate numbers of younger cattle. The facility is located approximately 1-½ miles east of Highway 78 on Reynolds Creek Road.

For specific details regarding the application, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit www.idwr.idaho.gov with detail provided under “new water right applications”. Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the proposed change must be filed with IDWR Western Region, 2735 Airport Way, Boise ID 83705-5082 together with a protest fee of \$25.00 for each application on or before May 7, 2007. The protestant must also send a copy of the protest to the applicant.
