CONDITIONS OF APPROVAL

1. The use of water for irrigation under this right may begin as early as March 15 and may continue to as late as November 15, provided other elements of the right are not exceeded. The use of water before April 1 and after November 1 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than June 29, 2005.
2. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
3. After specific notification by the Department, the right holder shall record the quantity of water diverted or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
4. Failure of the right holder to comply with the conditions of transfer 71305 is cause for the Director to rescind approval of the transfer.
5. This right is limited to the irrigation of 140 acres within the place of use described above in a single irrigation season.

WATER RIGHT NO. 45-13914
As Modified by Transfer No. 71971

CONDITIONS OF APPROVAL

6. If the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
7. Use of the rights listed below is limited to a total combined diversion rate of 5.99 cfs and to a total combined annual diversion volume of 1372 af. Combined right nos.: 45-2443, 45-4102, 45-13914.
8. Use of the rights listed below is limited to the irrigation of a combined total of 343 acres in a single irrigation season. Combined right nos.: 45-2326, 45-2443, 45-4102, 45-13914.
9. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
10. The right holder shall accomplish the change authorized by transfer 71305 by December 22, 2006.
11. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
12. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
13. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
