WATER RESOURCES

Erin, I have enclosed the "Application for Amendment of A Permit" for 22-13589 for Huntsman Springs. The applicant had filed its original application with the location of the POD at NENW Sec 26 T5N R45E. Then they filed an amendment changing the POD to NWNW Sec 26 T5N R45E. That was advertised and approved. Now they have decided to go back to the original POD of NENW Sec 26 T5N R45E.

We talked about this on the phone today and you thought they would NOT have to re-advertise it. So I am forwarding it on to you.

Thank you,
