Re: Permit Number 65-22986

Dear Ms. Gibson:

Enclosed is our Request for Extension of Time as well as our check for \$50 to process the request. Sorry for the error in not including the check originally...

Since we submitted our Request, we have heard from three well-drillers. One local driller is fairly confident they will be able to drill the well yet this fall – if the weather holds. The other two are out of area, but come up often, and feel there is a “good possibility” they may be here this fall again – but definitely in the spring.

Even if one of them becomes available in the next month, we will not have enough time to complete the irrigation ditches before the snow flies here in McCall; so we respectfully request an extension of time. We are certain we can complete the project by next fall.

Thank you for your consideration.

Sincerely,

Harvey D. Meyer
