The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 65-22986
Name(s) of Permit Holder: Harvey D. Meyer
Address: PO Box 829 City McCall State ID Zip 83638
Telephone No. 208-634-7367 Date Proof is Due: 12/1/2006

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

None Started to run irrigation lines but can't size
the system until we know how many gallons/minute the well will
produce. Four Six well drillers have been contacted
(repeatedly). Please extend! We're trying!!
Costing \$ 800

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We have been unable to hire a well-driller. We are on three
'waiting' lists, but now winter is almost here. The construction
"boom" in the local area has kept well-drillers busy as far away as 150-
200 miles! We fully expect to be able to hire a well-driller in the spring
of 2007.

Permit holder(s) request an extension to Oct. 1, 2007, 2007
