RE: PERMIT NO. 29-13733

Dear Permit Holder:

Enclosed is a copy of the approved Request for Extension of Time ("extension") submitted in connection with the above referenced permit extending the time within which to submit proof of beneficial use to **January 1, 2009**. This request was submitted after the proof due date, however after reviewing your letter of explanation and the file, it appears the department did not properly serve both of you with the issuance of the permit and the proof due notice. An order reinstating the permit was issued that does not advance the priority date of the permit based on Idaho Code, Section 42-218a.

It is important that you work diligently toward the completion of the development during the construction period allowed since the department may not be able to grant additional extensions in connection with this permit.

Secondly, I am enclosing a copy of the permit and a copy of a Water Right Report from the department's database that reflects the current addresses of record for this water right. It is important to clearly document with the department legal representation and when that representation changes.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact me at (208) 287-4942, if you have any questions or comments regarding this matter.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
