RE: App For Transfer 72828, Z Bar Livestock LLC

Dear Ms. Southern;

Z Bar Livestock has applied for a water transfer to move the location of the stock trough that is served by the well that you share with them. Because it has been determined that the proposed transfer will have no hydrologic impact on other water users, the application will not be advertised. Instead, copies of the proposed transfer approval are being sent to you and to the two other parties that share this well. If you disagree with the proposed approval, please contact me by March 30. If no adverse comments are received by then, the transfer will be sent to our Boise office for final action.

It has come to our attention that you now own the property of your late father, Lyle Adams. Our records show that Water Rights 43-4235C and 43-10321 belong to Mr. Adams; printouts are enclosed for your information. Idaho law requires that anyone obtaining ownership of water rights file a Notice of Change of Water Right Ownership with this Department. A form and instructions are enclosed for your use. Note that there is a \$25 processing fee required per water right. If you have questions, feel free to contact me.

Regards,

James E. Stanton
Sr. Water Resource Agent
