RECEIVED
DEC 23 1974

Department of Water Resources
Eastern District Office

Notice is hereby given that Rex and Larry Ard, 274 West First South, Rexburg, Idaho has on 12-3-74 submitted Application No. 22-7116 for a permit to appropriate 10.0 cubic feet per second of water from Teton River tributary of Henry's Fork by means of pump and pipeline within the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 15, T. 6N, R. 44E, B.M., Teton County; to be used from Apr. 15 to Oct. 15 for the irrigation of 800 acres within the SE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 8, NE $\frac{1}{4}$, SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 17, SE $\frac{1}{4}$, Sec. 18, T. 6N, R. 44E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401 on or before December 30, 1974.

Published in the Teton Valley News,
Driggs, Idaho on December 12 and
December 19, 1974.

WATER RIGHT LICENSE

WATER RIGHT NO. 22-07116

Priority: December 3, 1974

Maximum Diversion Rate: 10.00 CFS

Maximum Diversion Volume: 2576.0 AF

This is to certify, that TETON PIPELINE ASSN INC
PO BOX 272

TETONIA ID 83452 has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated December 3, 1974; and
has submitted Proof of Beneficial Use on December 27, 1979. An examination indicates
that the works have a diversion capacity of 15.360 cfs of water from:

TETON RIVER tributary to HENRYS FORK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	04/15 to 10/15	10.00 CFS	2576.0 AF

LOCATION OF POINT(S) OF DIVERSION: SESE , Sec. 15, Township 06N, Range 44E
TETON County

PLACE OF USE: IRRIGATION

<u>TWN</u>	<u>RGE</u>	<u>SEC</u>		<u>ACRES</u>		<u>ACRES</u>		<u>ACRES</u>	<u>TOTAL</u>

Total number of acres irrigated: 736

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed licenses confirming that a water right has been established in accordance with each permit referenced above. The licenses are preliminary orders issued by the Department pursuant to section 67-5243, Idaho Code. They can and will become final orders without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described in the enclosed information sheet.

For your records I have also enclosed copies of your Application for Amendment of Permit forms as they apply to the above referenced water right numbers.

Sincerely,

Shelley W. Keen

RE: Teton Pipeline Assn. Inc. Water Rights

Roger Hoopes
PO Box 70
Rexburg, ID 83440-0070

Dear Roger:

I've had a chance to collect the information we talked about in our meeting last week. I guess the best place to start is with the easiest of explanations.

I've enclosed copies of the original permits and the aerial photos submitted by the field examiner for those permits which are ready to be licensed without amendments. I've also enclosed profile reports which show the parameters of the proposed licenses. In most cases, there is a reduction in acres as we discussed. Keep in mind that the proposed license for Permit 22-07120 may be amended to reflect the acres irrigated up to the highway - I will discuss that later in my letter.

I've enclosed the amendment for Permit 22-07295, which was overlooked previously. This amendment along with those for Permit Nos. 22-07116/07121/071257/07209/07375 need to be signed and returned to me at your earliest convenience.

The amendment for Permit No. 22-07208 falls into the same category as the proposed license for 22-07120 mentioned above. It appears that there is an elevation change from the rest of the lands shown by the examiner as irrigated. I ask that you provide a written statement as to how these additional acres are irrigated. Your statement can be used to document the files as to why additional acres are proposed for licensing from what the examiner recommended. I would estimate the additional acres to be about 19.

Next, you disagreed with the amendment for Permit No. 22-07180; specifically, the amendment shows irrigation of only the SENE and NESE of Section 16 and you stated that most of the entire section is irrigated under this right. I have examined a Landsat photo from July of 1988 and could verify irrigation in the W $\frac{1}{4}$ SW $\frac{1}{4}$, E $\frac{1}{4}$ NW $\frac{1}{4}$, SENE and N $\frac{1}{4}$ SE $\frac{1}{4}$. It is possible for us to include acres in these $\frac{1}{4}$'s based upon the Landsat evidence, however, you should be aware

Roger Hoopes
January 19, 1995
Page 2

that the previous amendment included 478 acres and the permit originally allowed 640. Therefore, only a maximum of 168 acres can be added. I will wait to hear from you as to your agreement before I prepare another "amended" amendment.

We also talked about the rights originally in the name of J. Clint Hoopes. You stated that the reduction of acres on those rights was caused by the transferring of water to other acres which was never documented. I have discussed this matter with Jim also and I'm glad to say that the door isn't totally closed in this matter. If you can provide evidence that other lands were irrigated under these rights prior to the time proof of beneficial use was submitted, consideration will be given to allowing the addition of those acres. In addition to this evidence, you need to provide documentation as to why the place of use was moved, where the new acres are located and how many acres, as well as provide a system diagram to show how this "amended" place of use relates to these permits. I believe the permit numbers in question are 22-07208, 22-07121 and possibly 22-07375.

Finally, in regards to the new point of diversion we talked about being used for irrigation of lands within your system, the time to reflect the addition of this point of diversion is on the currently pending transfer you have before the department. After this batch of permits are licensed, you will no doubt want to take another complete look at the transfer and make whatever adjustments are necessary with the new licenses in mind and this would be the best opportunity to pick up the other point of diversion.

Well, I think that about wraps it up. We are making progress, really!! After you've had a chance to review all of this, give me a call or drop me a line if I can be of further assistance.

Sincerely,

SHARLA CURTIS

Re: TETON PIPELINE ASSOCIATION, Inc. Water Rights

Dear Ms. Curtis:

The purpose of this letter is to confirm our telephone conversation earlier this morning. From that telephone conversation I understand that:

1. Your office will extend the deadline until December 15, 1994 to return the Amendments which you sent by cover letter dated November 17, 1994; and
2. That you will be sending me copies of the field examiner's reports for all the Water Rights referred to in your November 17, 1994 letter.

If my understanding is incorrect in any respect, please let me know.

There are a couple of other matters that I would like clarified. Your letter of November 17, 1994 makes reference to twenty one (21) different permits. Our records show that two (2) of these Water Rights (22-07100 & 22-07122) are licenses. Should these even have been made reference to in your letter? You sent us fourteen (14) amendments and one (1) abandonment. If my arithmetic is correct (21 minus 2 minus 14 minus 1) there are four permits that are not dealt with. May we assume that these will go to license without any changes, modifications, or amendments? Please let me know.

DEC 11 1994

RE: Teton Pipeline Assn. Inc. Water Rights

Teton Pipeline Assn. Inc.
PO Box 272
Tetonia, ID 83452

Gentlemen:

The following rights have recently been assigned to Teton Pipeline Assn. Inc. and the department's computer records have been modified to reflect this change of ownership:

Application for Permit Nos. 22-07504/07505/07667/07673
Permit Nos. 22-07108/07111/07116/07119/07120/07121/07122/
07148/07157/07180/07186/07208/07209/07211/
07216/07221/07223/07235/07295/07360/07375

The Department is ready to finalize license issuance for a number of the above mentioned rights. Before licenses can be issued on the majority of the permits, the permits must be amended to correspond with the findings of the Department's field examiner.

The enclosed Applications for Amendment contain information that will be included on the licenses when they are issued. The amendments reflect changes in the locations of the place of use descriptions. Please review carefully and if you concur, sign the amendments and return with the filing fees within 14 days (\$50.00 for each amendment). A \$20.00 amendment fee was previously paid for Permit No. 22-07180; this fee can be credited to the amendment fees now sought.

Also enclosed is a relinquishment form for Permit No. 22-07221. Permit Nos. 22-07211 and 22-07295 supply the maximum volume for the acres covered under the three permits, therefore, no additional beneficial use was found under Permit No. 22-07221. In order for us to clear our records of this right, we ask that you sign the relinquishment form and return it with the amendments for the other permits.

RECEIVED
OCT 21 1997

Teton Pipeline Assn. Inc.
November 17, 1994

MEMORANDUM

TO: File
FROM: Sharla
DATE: November 16, 1994
RE: Assignment Fees

The assignments of numerous "Teton Pipeline" rights were received after July 1, 1994 when fees became required for assignments. These assignments, however, had been solicited by the department prior to July and it was decided that no fees would be charged for the assignments to Teton Pipeline Assoc., Inc.

Correspondence concerning these assignment forms can be found in Right 22-07122.

Dear Mr. Hoopes:

Well, are you ready for the next round? Some time has passed since we last discussed the rights we are trying to license in the name of Teton Pipeline Assn. Inc.

You will recall that one of the last things we had discussed was the reduction under several of the permits of some acres originally owned by J. Clint Hoopes. The reduction was caused by the transferring of water to other acres but this had never been documented with the department. When you, Jack and I had spoke, you both indicated that you would sign off on the reduced amendments if the two applications for permit which had been filed to cover these lands would be approved. Believe it or not, enclosed are the approved permits.

With this new development, I would like to arrange a meeting with you to finalize the licensing process for the remaining permits. Amendment fees still need to be paid, several of the amendments need to be signed, etc. We could hopefully wrap this up so that the licenses can be forwarded for signature. Please give me a call (208)327-7945 at your earliest convenience so we can schedule such a meeting. I look forward to hearing from you.

Sincerely,

SHARLA CURTIS

Re: Assignment of Water Rights to
Teton Pipeline Association, Inc.

Dear Mr. Johnson:

Teton Pipeline Association, Inc., has received your letter of August 09, 1994 addressed to J. C. Hoopes concerning the above referenced matter. Jack and I have been working on the matters addressed in your letter, and we believe we have everything taken care of.

Let me address those problems you referred to in your letter permit number by permit number. We have taken the following action:

Permit Numbers 22-07235 and 22-07116: Rex Ard is deceased and Larry Ard is a widower. Thus only Larry Ard needs to sign the assignment. Enclosed please find a fully executed assignment, assigning these two permits to Teton Pipeline Association, Inc.

RECORDED

SEP 21 1994

Jim Johnson, Manager
Water Right Permits Section
September 13, 1994
Page Two

Permit Number 22-07261: Teton Valley Ranches is a separate entity from Teton Pipeline Association, Inc., and it owns no stock in the corporation nor does it divert any water from any of Teton Pipeline's diversion points. As much as we would like to have that water right, I'm afraid that we will have to leave it to its rightful owner, at least for now.

Permit Number 22-07157: Teton Georgic Inc., is a predecessor in interest to Jim Huskinson, dba Jim Huskinson Farms. Through oversight on our part, this permit was not included in our original filing. It should have been, and we appreciate you bringing this to our attention. Enclosed please find a fully executed assignment, assigning this permit to Teton Pipeline Association, Inc.

Permit Number 22-07178: We were aware that this permit had lapsed and that is why we did not include it in our original application. We appreciate you bringing this to our attention.

Permit Number 22-07119: Thank you for bringing this to our attention. Enclosed please find a fully executed assignment, assigning this permit to Teton Pipeline Association, Inc.

Permit Number 22-07216: Hink Inc., is another corporation associated with Jim Huskinson, dba Jim Huskinson Farms. Enclosed please find a fully executed assignment, assigning this permit to Teton Pipeline Association, Inc.

Permit Number 22-07122: Enclosed please find a fully executed assignment, assigning this permit to Teton Pipeline Association, Inc. Thank you for bringing this to our attention.

Also, enclosed please find a fully executed ASSIGNMENT OF APPLICATION for Application Numbers 22-07514 and 22-07505 wherein J. Clint Hoopes assigns his Applications to Teton Pipeline Association, Inc., and a similar document wherein DeMar Bott assigns Application Numbers 22-37637 and 22-07667 to Teton Pipeline Association, Inc. Even though these Water Rights are only in the Application stage they are important to the Teton Pipeline Association irrigation system, they are personal property, and they need to be assigned to the Pipeline Company. Furthermore, all of these water rights are being used and are in

Jim Johnson, Manager
Water Right Permits Section
September 13, 1994
Page Three

the application stage through no fault of the applicant.

We are in hopes that these enclosures will complete the filing necessary to have these rights assigned to Teton Pipeline Association, Inc. Your detailed review and your help and assistance in working through this complicated transfer is greatly appreciated by all of the shareholders in Teton Pipeline Association, Inc. If you have any further questions or if you need any additional information, please do not hesitate to call or write. We will respond as quickly as possible.

In this particular area of the state we are now between grain harvest and potato harvest. As soon as the potato harvest is complete either Jack or myself, or both of us will stop by to discuss these transfers with you. As I am sure you are, we are anxious to have this matter completed.

Thank you very much.

Sincerely yours;

RE: Assignment of Water Rights

J.C. Hoopes
Box 98
Tetonia, ID 83452

Dear Mr. Hoopes:

In follow-up to our meeting, the assignments of the Teton Pipeline rights have been reviewed for acceptance and updating of our computer records. It appears that the majority of the assignments are acceptable. A couple of items need to be modified.

Permit Nos. 22-07235 and 22-07116 are in the names of Rex and Larry Ard. An assignment form signed by one of these individuals is needed and I have prepared the form and enclosed it for this purpose. Permit No. 22-07261 is in the name of Teton Valley Ranches; Permit No. 22-07157 is in the name of Teton Georgic Inc. Assignment forms have been prepared and simply need signatures from representatives of these entities.

Finally, Permit No. 22-07178 lapsed in June of 1981 for failure to submit proof of beneficial use; therefore, this right is no longer valid.

There are three other permits in the Teton Pipeline group which were not identified in the assignment process. You may want to have these included -

Permit No. 22-07119 in the name of Glen D. Nelson

Permit No. 22-07216 in the name of Hink Inc.

Permit No. 22-07122 in the name of Max &/or Merrill Rammell

I have enclosed blank assignment forms for these rights, if you wish to have them assigned to the Association as well.

As soon as we receive the assignment forms back in our office, we can complete the changes in ownership. If you have any questions, feel free to give me a call.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Jim Johnson', followed by a horizontal line.

MEMORANDUM

TO: FILE #22-7120⁷¹¹⁶

FROM: ROXANNE MCCARTHY

RE: TETON PIPELINE REVIEW

DATE: 6-MAR-1990

=====

This is the third in a series of files that I am reviewing prior to licensing. All of the files have become collectively known as the "Teton Pipeline".

This right uses the same points of diversion as licensed rights ~~22-7074~~, 22-7100 and 22-7159 with the total pumping capacity being most recently recorded as 15.36 cfs. The four rights exceed this diversion capacity so 22-7116 must be conditioned to limit diversion.

The field examiner has recommended a complex "splitting" of these rights to indicate ownership of the diversion and redirection works. This is not consistent with previous actions by the Department and I recommend that this idea be rejected.

RE: Permit No. 22-7116

Larry Ard
335 East 1st North
Rexburg, ID 83440

Dear Mr. Ard:

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

JACKIE S. DENNING
Senior Clerk

Mr. Larry Ard
274 West First South
Rexburg, ID 83440

Dear Mr. Ard:

One of the conditions of approval of your water Permit No. 22-7116 was that evidence of the extent of development must be submitted to this office on or before January 1, 1980. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK
Sr. Secretary

Mr. Larry ARd
274 West First South
Rexburg, Idaho 83440

Dear Mr. Ard:

Enclosed is a copy of your approved Application for Permit No. 22-7116. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

RONALD D. CARLSON
Acting District Engineer
