Dear Mr. Robson:

A representative of this Department has made an examination of the works covered by your Permit No. 22-7028 and has found the following:

Quantity of water diverted: 3.52 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 3.52 cfs

The maximum quantity diverted shall not exceed 855 acre feet per year.

Beneficial use: For irrigation of 285 acres within the
SW 1/4, W 1/2 SE 1/4, Sec. 17; W 1/2 NE 1/4, N 1/2 NW 1/4,
Sec. 20; Twp. 6 N, Rge. 45 E

Point of diversion: SE 1/4 SW 1/4, Sec. 17, Twp. 6 N, Rge. 45 E, B.M.

Priority date established: January 5, 1970

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

TO: File
FROM: Norm Young
SUBJECT: Permit No. 22-7028 - Dale Robson
DATE: June 23, 1972

I checked Mr. Robson's system with him to see if a measuring device could be installed. The system has about five feet of unobstructed 8-inch 40 schedule mainline downstream from a check valve with an approximate 90 degree turn at the downstream end. I told him we would accept as a measuring device a propellor type meter with straightening vanes located four feet downstream and one foot upstream. This may force him to re-locate a vent riser. I indicated that we did not believe an irrigator type badger meter would be satisfactory with this short run of pipe.

Mr. Melor Soucie indicated that the device was sold through Valley Farmer Supply of Driggs to Mr. Robson, and that he had picked it up but they didn't have a purchase order since it was bought through another company. The measuring device was a micrometer.

It does appear Mr. Robson is complying, and we should accept his beneficial use proof.

Idaho 83424

Dear Mr. Robson:

Our letter to you dated March 14, 1972, indicated that the proof of beneficial use which you submitted in connection with your Permit No. 22-7028 was unacceptable due to the fact that you had failed to indicate that you had installed a permanent water measurement device. Such device was required to be installed as a condition of the issuance of the permit pursuant to Sections 42-203, 42-701 and 42-237a of the Idaho Code.

You are, therefore, hereby ordered to show cause on or before June 30, 1972, why Permit No. 22-7028 should not be cancelled and held null and void for failure to comply with the terms and conditions of its issuance. This order is sent under the provisions of Section 42-311, Idaho Code, as amended.

You should be advised that in the event the permit is cancelled, due to your failure to show reasonable cause on or before the above mentioned date, continued diversion of water would be without permit and subject to legal action.

Re: Permit No. 22-7028

Mr. Dale R. Robson
Felt,
Idaho 83424

Dear Mr. Robson:

We are in receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. However, in reviewing that affidavit, it appears that you have failed to install the measuring device as required by the conditions of approval of your permit and by Section 42-701 of the Idaho Code.

We will hold your affidavit until you can supply us with information as to the type of measuring device installed. You should be aware that failure to install the device and supply information as to the type of device installed may result in the loss of your permit. We will withhold action regarding your permit No. 22-7028 until April 14, 1972.

We are enclosing a list of the types of measuring devices approved by this Department. If you have any questions, please contact us.

Very truly yours,

BOBBY D. FLEENOR

Dear Mr. Robson:

One of the conditions of approval of your water Permit No. 22-7028 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before March 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
