Dear Mr. Erikson:

One of the conditions of approval of your water Permit No. 22-7000 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen: In reply to the above inquiry - I do not have any interest in the NW $\frac{1}{2}$  of Sec. 9. Permit ~~44-1704~~ G-32194 was issued in Lieu of a sale of the land to me but the transaction never materialized. I sincerely trust this will clear up the matter for you.
