RE: Claims filed with a priority later than the mandatory cut-off dates and receipted prior to July 2, 1985

DATE: August 6, 1985

During the 48th Legislative Session, HB 71 was passed and signed into law creating §42-1416, Idaho Code. This section lists the presumptions that can be made in a basin-wide adjudication with respect to the priority date for an expanded right. Also on October 25, 1984, Idaho Power Company and the State of Idaho co-signed an agreement which states under Item 7.D.: "The Company's rights . . . are also subordinate to those persons who have beneficially used water prior to October 1, 1984 and who have filed an application or claim for said use by June 30, 1985."

The priority date for this claim is later than the mandatory cut-off date of March 25, 1963, but it was filed with and subsequently receipted by the Department as a precaution to insure that the benefits of §42-1416 and the Swan Falls Agreement are obtained by the claimant.
