The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 0037833 15-7267
Name(s) of Permit Holder: JULI A. GLEED
Address: 738 W. Hwy 38 City MALAD State ID Zip 83252
Telephone No. 208 766 4065 Date Proof is Due: 10/24/06

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

The well has been dug and is operating. The work has been completed on the 64 Acre field, and the well is working fine. Yet to be finished is extending the main water line to the 34 Acre field, and setting up the wheel lines. Most of the wheel lines have been purchased. Costing \$ 90,000 (Funded to mineral 1,000)

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Mainly due to: ~~distance~~ We have a distance (1/4 to 1/2 mile) from one field to the other where the main water line must be laid. We want to be sure it takes the correct route. Approval must be received from the county and property owners after a decision is made.

Permit holder(s) request an extension to 24 October, 20 07
