PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 11-7017

Dear Permit Holder:

The department acknowledges receipt of \$150.00 for the license examination fee and late fee, accompanied by a second Proof of Beneficial Use for the above referenced permit. Receipt of these fees will allow the department to complete the licensing process for this water right. However, upon my review of these fees, I found that the license examination fee was overpaid. The license examination fee is based on the diversion rate for the permit. In this case the diversion rate permitted and proof filed on is 0.27 cfs, which the appropriate fee is \$100.00. Therefore, with this letter I have requested that the department issue a check in the amount of \$25.00. Because the department's receipt shows the check was issued by Racine Olson, the department's check will be made payable to them also. This refund check will be issued and mailed in 7-10 business days.

The next step in the process of obtaining a licensed water right is that the department's Eastern Region staff examiner will contact you to schedule a meeting to conduct the field examination. If you have any questions regarding this examination, please contact the Idaho Falls office at (208) 525-7161.

If you have any questions or need more information about the proof process, please contact me at (208) 287-4942.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
