**Subject:** Corrections to Samaria's Amendments

**RECEIVED**

**JAN 25 2007**

Department of Water Resources

Dear Pam,

Thank you for working with me on having our amendment clarified and correct. You will notice that the acreage went up, but we also took some out and reduce some in several of the sections. We drove the area with a map and believe this to be the most accurate.

Please respond indicating if the table and map match each other or if any further action is required on our part.

Thanks again

David Reel  
President, Samaria Water & Irrigation
