Attn: Pamela Skaggs

Dear Mrs. Skaggs,

Pursuant to your December 26, 2006 transfer approval notice, we request that IDWR reconsider one element of the approved transfer. Specifically, we request that the point of diversion be changed from the SESENE 10-acre tract and instead be identified as the location listed in our transfer application, which is the 40-acre tract T1N R1W Section 18 SENE. We request this change because the well has not yet been constructed. There may be unforeseeable reasons for locating the well in a different 10-acre tract within the SENE, and it would be an unreasonable burden to submit a new transfer application if a different well site is required.

Please let me know if you have any questions, or need additional information.

Thank you,
Dave Jenkins
