RE: Application(s) for extension of time to avoid forfeiture of a water right
Water right numbers 13-962, 13-963

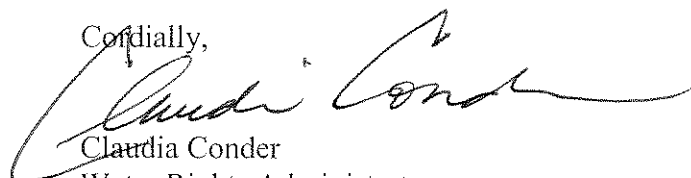

Dear Mr. Warner,

Please find enclosed two applications as referenced above. Also enclosed is a check in the amount of \$200.00 for the filing fee. As noted, the applications are requests for an extension of time to avoid forfeiture for PacifiCorp's two water rights associated with the Cove plant near Grace, Idaho.

PacifiCorp is requesting this extension for additional time to determine the eventual disposition of these rights. PacifiCorp has an agreement with certain stakeholders, both governmental and non-governmental agencies who were involved in the relicensing of our Bear River projects in Idaho. Part of the agreement states that we will work cooperatively to determine that disposition of these rights. Our focus to this point has been the decommissioning of the Cove plant and actual deconstruction. The disposition of the water rights will now be discussed and determined. The short time frame and concern over forfeiture has necessitated a request for an extension of time.

Thank you for your consideration in this matter. If you have any questions or further information, please contact me at (801)220-2252.

Cordially,

Claudia Conder
Water Rights Administrator
