RE: Contested Case for Amendments of Permits 75-7052 and 75-7589

Dear Ms. Gliksman and other interested Parties:

This letter is in response to the attached e-mail I received from Ms. Gliksman on February 2, 2007. By copy of this letter to the parties listed on the attached service list, I am keeping all parties informed of this communication.

As you may know I was appointed to be the hearing officer for these contested matters in December of 2006. On January 18th, 2007 I issued an amended order rescheduling the hearing for these matters and modified the authorized dates of discovery, the date for exchange of witness lists and the date for exchange of exhibits.

If a party has responded to all discovery requests including exchange of witness lists or exhibits the party need not resubmit the information. If a party discovers additional information about previous discovery requests they should supplement the record. Any new discovery should be submitted by the prescribed dates in the amended January 18th, 2007 order. All parties must respond to the best of their ability to interrogatories and supplement the record if needed.

The parties to these contested cases that must be served are the applicant through their attorney, the protestants, and the intervener that are of record in these matters. Additionally, as the order directs, copies of proposed exhibits should be sent to IDWR Southern Region (address on letterhead) to my attention. Please note that IDWR Eastern Region Office is not a party nor is Bob Foster a party in these matters. They were included in the recent certificate of mailing as a courtesy since they may be following these procedures. They were included in the "Certificate of Service" so that they may respond to questions that may arise.

Respectfully,

Allen Merritt, PE
Southern Region Manager (Hearing Officer)

Subject: Williams Lake Hearing

Dear Mr. Merritt,

I am one of the protestors in the Williams Lake hearing and I have some procedural questions for you. Prior to the aborted September hearing, the protestors met the deadline requirements for discovery and the Water District did not. You have opened a new discovery phase for the new hearing and we protestors would like to know if our original interrogatories and requests for documents and expert witness lists are still in effect or must we resubmit all of this information to all of the interested parties?

I also noticed that Bob Foster has been added to the original notification list and our information was not sent to him during the first discovery period as he was, at that time, not included as an interested party. If we do not have to resubmit our discovery requests, must we now send our original information to Mr. Foster?

I am forwarding this email to Jock Slavin also - the Water District lawyer. I spoke with Jock today about the above questions and he would like clarification also but neither of us wanted our contact with you on these matters to be able to be construed as prejudicial.

Thank you in advance for clearing up these matters for all of us.

Kathleen Gliksman
