RE: Transfer No. 70444

Dear Mr. Huyser:

As you may know Mr. Hubsmith filed with our office transfer No. 70444 on March 5, 2003. The transfer proposes to modify rights 37-8679, 37-7268, 37-7602 and 37-7454. On May 21, 2003, the attorney of Mr. Hubsmith's (Dana Hofstetter) notified this office to hold processing of the transfer until further notice. The reason for the requested hold was to allow time to seek correction of the water right records through the Snake River Basin Adjudication (SRBA) process. On May 23, 2005 the department received notice that you have purchased the above listed water rights. The ownership of these rights has been changed accordingly. The purpose of this letter is to inquire of your continuing interest in transfer application 70444.

If you are not interested in pursuing this transfer please notify this office in writing as soon as possible. If you are interested, please obtain a notarized statement from Mr. Hubsmith which assigns all his interest in this transfer application to your trust. Please return the notarized statement to our office within 30 days.

If our office does not receive a response or the notarized assignment within 30 days our office will void the application.

If you have questions please feel free to contact this office.

Respectfully,

Allen Merritt, PE
Southern Region Manager
