Re: Acreage Clarification

In the Idaho Dept of Fish and Game public interest respond letter they stated that Mr. Baldree told them he only intended to irrigate 7 acres verses the 10 acres. After speaking, by telephone, to Mr. Baldree 1/26/2007, he agreed that he was only going to irrigate 7 acres. He said that his whole piece of property is 10 acres, but the creek and his home takes up 3 acres of the land. The requested total quantity should also be changed to .14 cfs verses .20 cfs as requested to match the amount of acreage irrigated.
