Subject: Status Inquiry for Sundance Investments Transfer ownership documentation

Hello Jeff,

I just received a telephone call from a Richard Stover, who works for the law firm representing Sundance Investments. He requested a status update on the review of the ownership information that they sent me on 1/12/2006. I forwarded that new ownership information to you to review for the transfer on Sundance's on water right 63-31194 on 1/12/2006. This has to do with Darwin McKay/Sundance ownership issues.

I told him that it was still in the State Office for review of the ownership information, but that I would check and see what the status was. I don't foresee this as a rush type thing, but if you have any information that I can pass on, it would be helpful.

Thank you.

Subject: RE: Sundance Farms Transfer

Jeff,

I just scanned the information into A012\Backfile\transfers\Western\Pending\Sundance\new ownership info. Good luck on this. It looks like all the same documents that we had originally.

Thank you so much.

Dan,
I'd be happy to look over the new information related to ownership. I don't need the transfer info at this time. I'd prefer that you just have the documents scanned in placed on A012 under the transfer for now. If I need more, I'll let you know.

Jeff

Subject: Sundance Farms Transfer

Hello Jeff,

I received additional information concerning ownership of water right 63-31194 from Sundance Farm's attorney, William J. McKlveen. I tried to read through the information and kept getting lost. Whereas you have been working with these ownership issues, I am hoping that I can send them over to you with the transfer, and to see if we can proceed with processing of the transfer. I know that your busy, but I don't feel that I have the legal background to make a determination on this information. Would you be willing to go through this information for me, and tell me if it is acceptable or not?

If you will look at these, how do you want me to get the information to you. Right now the transfer is about 1 1/2 inches thick, and this latest pile of information is at least another 1/2 inch of paperwork. I would be willing to drop both the application for transfer and the new information by your office, or I can send it in the mail.

Thank you for your help.
