

MEMORANDUM

Date: January 5, 2007
To: Transfer 73156 File
From: Corey Skinner
Re: Evaluation of Sufficiency of Information Submitted

Transfer proposes moving a domestic water right, 36-14759, from property located along the east edge of Jerome (west side of Tiger Drive approximately 0.2 mile north of Highway 25) to property located approximately 1.25 miles north and 0.25 miles east of the Highway 93 and Highway 25 intersection. The current property along the east edge of Jerome was once provided water by a domestic well on the property, but is now provided water by the City of Jerome municipal system. The applicant desires to move the domestic water right to a new home site developed the last couple of years. Two existing wells (used to provide water to a dairy pursuant to right 36-7894B) located approximately 1.25 miles north and 0.25 miles east of the Highway 93 and Highway 25 intersection will be utilized to provide water for the new home site. The application also proposes an update in the ownership of the right being transferred. The application involves a point of diversion change within the ESPA and water district 130. A ground water model analysis was not performed in connection with the transfer since the point of diversion change is in adjacent cells, the right being transferred is a domestic right, and any model analysis would show very small (immeasurable in model analysis), if any, negative impacts to the river.

- **Authority to File:**
The applicant has provided copies of warranty deeds showing ownership of the right and current place of use and the proposed place of use.
- **Water Right Validity:**
The right, 36-14759, involved with the transfer has been decreed in the SRBA.
- **Injury to Other Water Rights:**
None anticipated.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
Application will be subject to public notice and protest.
- **Beneficial Use/Conservation of Water Resources:**
Proposed uses are recognized as beneficial uses of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
