Re: Water Right Application No. ~~75~~⁶-14309 (Stratton)

Dear Roger,

Idaho Department of Fish and Game staff has reviewed the above water right application from Mr. Stratton for up to 0.06 cfs of groundwater for domestic and irrigation purposes adjacent to Williams Creek. We anticipate no adverse impacts to fish or fish habitat resulting from this diversion and have no objection to the permit issuance.

Thank you for the opportunity to review this application and provide comments.

Sincerely,

A handwritten signature in cursive script that reads "James R. Lukens".
