10. Remarks:

This application request additional wastewater storage not covered by Permit 37-21486, for a total of 99 afa. The NRCS, which is designing and partially funding this project, has located a better site where more water can be stored at no additional cost. All other aspects of the project remain the same. The total volume of 99 afa will be divided between the Awalt & Jensen properties on a proportional basis. Norval Awalt passed away in July, so is not included as an applicant.
