Subject: Change of Ownership/Shape Update

1/9/2007

Per phone conversation with Elvira Walklin 8/29/06, the Egglestons moved up the hill in the 90's and established a new residence. Eggleston's prior residence was purchased by Elvira Walklin and has a 1964 well attached to it. Decreed water right shows this is where the place of use is so the shape is going to be updated to reflect the original property is covered by water right 47-14158.
