IDWR,

Regarding the change of water right ownership application for water rights 92-07090 and 91-07094, please find the enclosed notarized documentation stating that the sales agreement dated July 2001 did actually happen, and these water rights were actually sold and transferred from Alexander Bruner to Douglas A. McInturff.

I am sending this documentation because I had a conversation with Ms. Townsend several months ago, prior to her retirement, and in that conversation she expressed a concern over there not being a notarized statement verifying the sale's completion. I believe your office has a file with our sales agreement, along with the "Notice of Change in Water Right Ownership" application. If you do not, or if you need any additional supporting documentation, please do not hesitate to call.

Thank you,

Douglas A. McInturff
