Re: Corrected Deed Submitted for Owner Change

Gary Imbs submitted a corrected deed (see attached) to supplement the information submitted with an ownership change filed May 2, 2006 in the name of Barbonus. Unfortunately, the correction deed was not executed by the original owners who signed the deed; it was just a copy of the original deeds with additional language in the exhibit, and then re-recorded.

I called Mr. Imbs (941-1776) and explained the problem. He said he would pursue a proper correction deed and submit it to the Department.
