Permit to Appropriate Water

NO. 98-07804

Priority: 05/24/2001

Maximum Diversion Rate: 0.12 CFS

This is to certify, that SKIN CREEK WATER ASSN
PO BOX 15104
BONNERS FERRY ID 83805

has applied for a permit to appropriate water from:

Source: SKIN CREEK

Tributary: MOYIE RIVER

and a permit is APPROVED for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>
MUNICIPAL	01/01 to 12/31	0.12 CFS

LOCATION OF POINT(S) OF DIVERSION:

SKIN CREEK NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 31, Twp 63N, Rge 03E, B.M. BOUNDARY County

PLACE OF USE: Within the service area of Skin Creek Water Assn.

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **August 1, 2006**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
4. The issuance of this right does not grant any right-of-way or easement across the land of another.
5. A fish screen of $\frac{1}{4}$ inch or smaller mesh shall be installed and maintained at the point of diversion.
6. The approach velocity at the point of diversion shall not exceed 0.5 feet per second.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 16th day of August, 2001.

RE: Permit No. 98-7804

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a 'Proof Due Notice' approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

Please note that a separate stream channel alteration permit must be obtained from the Department prior to any activity in the stream channel other than construction or maintenance of the diversion structure for your water right(s). Applications for stream channel alteration permits must be filed a least sixty days prior to the commencement of work in the stream.

MICROFILMED

JAN 29 2003

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7946.

Sincerely,

A handwritten signature in cursive script, appearing to read "Shelley Keen".

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

MICROFILMED
JAN 26 2003

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

From: Sharla

Date: August 8, 2001

Re: Fish & Game Comments

The IDFG representative who submitted comments has recommended adding conditions regarding the underwater excavation and pump/pipeline placements in the stream beds or lakes. These issues go beyond the scope of the water right application and fall instead under the jurisdiction of the Stream Channel Alteration section of this department and/or Dept. of Lands via an encroachment permit.

The standard conditions regarding the approach velocity and mesh screening will be placed on the permit, but the other issues above will not be addressed by the water right permit.

Diane -- you may already have rec'd, but I'm not sure, so

REFERENCE: Applications for the following water rights permits:

96-9073 from Pend Orielle River;

96-9074 C&R HOLDINGS from Sand Creek;

96-9077 ROSS AND SHEILA FALCONER from an unnamed stream;

✓ # 98-7804 SKIN CREEK WATER ASSN from Skin Creek;

#96-99073 GLENN EATON from Lake Coeur d'Alene.

Eaton past permit

We have no specific objections or comments about the above applications. However, water lines and pumps are an encroachment in lakes and rivers which can be detrimental to fish and fish habitat.

We recommend that applicants be required to install lines beneath the lake, river or stream bed should occur during low water periods when underwater excavation will be minimized. Dug materials should be sidecast to only one side and the bottom contour and substrate restored. Any unburied sections of the line should be anchored on the bottom to prevent it from floating and interfering with boat anchors or anglers' lines or capturing debris. The applicant should also provide a smooth cover for the pump to avoid interference with boat anchors or anglers' lines and to avoid capturing debris. It would be preferable to place pumps on land rather than in the water. Water intakes should be screened to prevent entrainment or impingement of fish. The maximum screen mesh size should be 0.25 inches; approach velocities should not exceed 0.5 ft/second to prevent losses of juvenile fish.

Thank you for the opportunity to comment.

Subject: 4 water rights needing your comments and/or conditions for approval.

Greetings, Ray, and a happy day to you.

Following are four water right applications on which we need **comments/recommendations/conditions for approval** from you **no later than 6/25/01**. Will you please e-mail or fax those to me. If you desire to protest any of these, then I need hard copy with original signature, together with check in amount of \$25 for each right protested.

The first 3 will advertise in the legals notices of Bonner County Daily Bee. These 3 are to be advertised 6/7 & 14/2001. The 4th one (Skin Creek) is to be advertised 6/6 & 13/2001 in the legal notices of Bonners Ferry Herald.

If you need additional information please call or e-mail. Thanks very much for your prompt response.

RE: Application for Permit No. 98-7803 and 98-7804

Dear LEGAL NOTICE DEPARTMENT:

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 06/25/2001. Your cooperation is appreciated.

Sincerely

Dianne Ball
Administrative Assistant

RE: Application for Permit No 98-7804

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Bonners Ferry Herald on June 6 and 13, 2001. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about sixty to ninety days.

Please feel free to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Al Beardslee'.
