MEMORANDUM

TO: Files 98-07753/07754/07755/07756

FROM: Sharla

DATE: November 22, 1996

RE: Recommendation Adjustment(s)

The final license recommendations for Rights 98-07753/07754/07755/07756 are based on the following:

H. RECOMMENDATIONS

1. Recommended Amounts

98-07753:

Wildlife Storage	1/1 - 12/31	2.0 af
Fire Prot. Storage	1/1 - 12/31	2.0 af

98-07754:

Stockwater Storage	1/1 - 12/31	1.6 af
Wildlife Storage	1/1 - 12/31	1.6 af
Fire Prot. Storage	1/1 - 12/31	1.6 af

98-07755:

Wildlife Storage	1/1 - 12/31	3.2 af
Fire Prot. Storage	1/1 - 12/31	3.2 af

98-07756:

Stockwater Storage	1/1 - 12/31	12.4 af
Wildlife Storage	1/1 - 12/31	12.4 af
Fire Prot. Storage	1/1 - 12/31	12.4 af

The examiner states that storage is on-stream(s) for each of these rights. Therefore the only uses to be licensed are storage. Each of these filings represents a different pond. Fire protection from storage does not need to be listed because water can only be withdrawn from the storage facility to fight or repel fire.

PROOF DUE NOTICE

RE: PERMIT NO. 98-07755

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1996.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Re: Water Appropriation Application No. 98-07755

Dear Mr. Sargent:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests. Normal processing time is approximately 3 to 4 months, if the application is not protested.

If the application is not protested, it will be forwarded to Boise to be considered for approval by the Director. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If your application is for groundwater and unless you are using a well that was constructed prior to July 1, 1987, it will be necessary for you to apply for a well drilling permit upon approval of the appropriation application. Well drilling permits can be issued by this office only to holders of approved appropriation permits.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
