PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 98-07750

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Enclosed is an order reinstating the permit advancing the priority since proof was submitted after the proof due date.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, please contact the **Northern** Regional Office of the department in Coeur d'Alene at (208) 769-1450.

RE: PERMIT NO. 98-07750

Dear Permit Holder:

Enclosed is a copy of the Proof of Beneficial Use statement you submitted in connection with the above referenced water right permit, received by the department on December 4, 2000. The proof must be submitted with the appropriate examination fee in order to be complete. Therefore, before the department can accept the proof, it must be accompanied by the appropriate fee of \$125.00.

The proof of beneficial use deadline for this permit was November 1, 2000. Therefore, please return the copy of the proof statement along with the license examination fee to my attention as soon as possible to avoid loss of your priority date.

If you have any questions regarding this matter, please contact me at (208)327-7953.

LAPSE NOTICE

RE: PERMIT NO. 98-07750

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated August 31, 2000. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 98-07750

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 2000.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

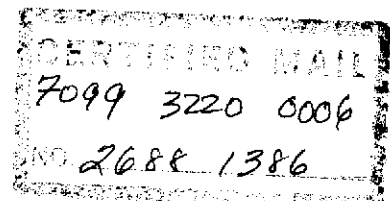

SINCERELY,

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 98-07750

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a "Proof Due Notice" approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

If a well has not already been constructed you are required to obtain a "drilling permit" from the department. The right to drill a well is not a part of this permit to appropriate water.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Re: Cabinet Mountains Water District
Water Right

Dear Mr. Benson:

The Cabinet Mountains Water District is in the process of installing a regional water system in Boundary County. The purpose of the system is to allow the existing residents access to a drinking water source. The project will serve an estimated 700 customers throughout the District.

The District is planning to install two twelve-inch diameter wells in the North half of Section 29, Township 62 North, Range 2 East, B.M., and recognizes that you have a well approximately one-mile South of the new wells. The current Water Right Application is for a withdrawal rate of 2.0 cfs (900 gpm) for domestic purposes. If any further water is sought, an additional water right application would need to be filed.

The District has no intention of adversely affecting any other wells in the area and we will be conducting tests to determine if the proposed pumping rates will have any influence on surrounding wells by measuring draw downs during extended pumping periods.

If the static water level in your well is reduced due to pumping by the Cabinet Mountains Water District wells, the District will supply domestic water to your residence at no cost to you.

Failure of your water system that cannot be shown to be a result of the CMWD system are your responsibility. For example, water quality degradation from local septic tanks; (reduction of the water level in your well from other wells nearby,) mechanical failure of your pump; vandalism; earthquakes; forest fires; floods; lightning strikes; wildlife; and so forth. These, and similar conditions that may impact your well are not the responsibility of the Cabinet Mountains Water District.

If you have any problems with your water system, please contact the District immediately. They will be happy to work with you to resolve the problems.

Re: Hydrogeologic Assessment for Cabinet Mountain Water
Correspondence # 527.01

Dear Bob:

Rob Tate has asked that I provide an outline of services to be performed as part of the hydrogeologic characterization for Cabinet Mountain Water. Services to be provided are as follows.

1. Review of existing well logs in the area.
2. Field location and identification of well sand well logs in the area.
3. Field survey of static water levels and conductivity.
4. Topographic survey of well head elevations to be provided by Ruen, Yeager.
5. Generation of static water level and conductivity maps for the area.
6. Perform a pump test of the production well using the existing 6" test well or a nearby private well for an observation well.
7. Perform hydraulic calculations to predict the effect on water levels of nearby wells.

At this time, the field data has been collected with the exception of the topographic survey of well heads. Preliminary data suggests that the test well is located in an area of reworked sands and gravels of the Kootenai River alluvial system. The river alluvial system is in contrast to the lacustrine deposits to the south. Although hydraulically connected at some

MAR 29 1996

unknown interface, drawdown in the lacustrine system is likely to be insignificant given the constant head boundary of the river system.

Better determination water profiles and flow lines will be determined upon completion of the topographic survey of the well heads.

If you have any questions, feel free to call.

Sincerely,

**STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
NOTICE OF PROTEST**

This form may be used to file a protest with the department under sections 42-108B, 42-203A, 42-203C, 42-211, 42-222 and 42-224, Idaho Code. The department will also accept a timely protest not completed on this form if it contains all necessary information.

1. Matter being protested Location of Cabinet Water Wells #98-07750
2. Name of protestant MICHAEL C. BENSON
3. Protestant's representative for service (If different than protestant)

4. Service mailing address P.O. Box 104 Bonners Ferry, ID. 83805
5. Service telephone no. (208) 267-2765

6. Basis of protest (including statement of facts and law upon which the protest is based) Concerned
pumping such a great volume of water may
compromise my well or others within 1 to 1 1/2
miles away. Having no knowledge of how
much water is in the aquifer system.

(additional pages may be attached to describe the nature of the protest)

7. What would resolve your protest? Any compromise in my well,
it would like to be hooked up to the system at
no charge to me. That system being Cabinet Water.

I hereby, acknowledge that if I, or my designated representative, fails to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 23 day of February, 19 95.
Michael C. Benson

PROTESTANT'S REPRESENTATIVE

MAR 29 1996

NOTE:

a) Not more than two (2) representatives for service of documents may be designated on a protest. If this protest is signed by more than one person without identifying the representative(s) for service of documents, the hearing officer may select the person(s) upon whom documents will be served.

b) A protestant is required to timely file a protest with the department together with a \$25.00 protest fee in order for the protest to be considered by the department. In addition, the department's Rule of Procedure, IDAPA 37.01.01203, requires a protestant to send a copy of a protest to the applicant.

INSTRUCTIONS

1. The matter being protested must be clearly identified. A typical matter is identified by the application number such as "Application for Permit No. 98-07750" in the name of _____ or "Application for Transfer No. _____" in the name of _____.

2. Show the name of the protestant.

3. If the protestant is represented by an attorney or other authorized representative, show the representative's name. The department then will serve documents on the representative and upon the protestant if specifically requested.

4. Show the address where the department is to serve the documents. This should be the address of the authorized representative unless the protestant does not designate a representative.

5. Show the telephone number of the authorized representative unless the protestant does not designate a service representative.

6. Specifically describe the nature of the protest.

7. Describe the relief being sought by the protestant.
