Re: Permit No. 96-8022

In response to your letter dated February 4, 1987, enclosed is a copy of the above referenced water right permit. Hopefully, with the information on this form you can determine if this water right was ever developed.

Review this information carefully then, if the project is complete, return the proof of beneficial use form. Note since the water is used for domestic use for one household, there is no filing fee.

If, however, you have not completed the diversion of water for domestic use and yet some work has been completed, I suggest you complete and return the extension of time form. The filing fee would be \$15.

If you still need some assistance with this matter, please feel free to contact me. My phone is 208-334-4290.

re: permit no. 96-8022

Madam:

A letter from your office dated Jan. 26th was just delivered to my address and I feel very pressured to get an answer back by the deadline of Feb. 1st. when it was received on Jan. 31st.

I will need to search for any papers my deceased husband may have had in his files since I do not know if there is or was a permit for the creek water that is used for the household at the property at Laclede, Id. My lawyer is unavailable at this time to check for the necessary papers or to explain what I need to do. I called the former owner for clarification but he vaguely remembered having made an application for water usage and promised to look for documentation.

I sure would appreciate knowing what I am supposed to do.

Yours very truly,

Alexandra E. Schencking
