License and Certificate of Water Right

Water License No. 21831

Amount 1.9 second feet

Water District No. _____

Priority December 20, 1950

THIS IS TO CERTIFY that ALFRED DURTSCHI
of Driggs, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated December 20, 1950; that Permit No. 21831
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
four second feet, was issued thereunder on December 17, 1951, showing that said works
were completed on the 15th day of December, 1951; and that on the 10th
day of January, 1953,

ALFRED DURTSCHI
of Driggs, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Spring Creek
, a tributary of Teton River, for the purpose of Irrigation
, under Use Permit No. 21831 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5127, on the 26 day of August, 1953;
The right hereby confirmed dates from December 20, 1950;

The Point of Diversion is located
in the NE 1/4 SE 1/4, Sec. 31, Tp. 5 N., R. 46 E., B. M. Teton County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.9 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
5 N.	46 E.	31	SE 1/4 NE 1/4	40	40

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29552
 PERMIT No. 21831
 DISTRICT No.

1. Name of Applicant: ALFRED DURTSCHI

Postoffice address: Driggs

County: Teton

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: Four (4) cubic feet per second.

3. Source of water supply: Spring Creek which is a tributary of Teton River.

4. Location of point of diversion S. 34° 17' N. 1597 feet distant from the E $\frac{1}{4}$

corner of Section 31, T. 5 N., R. 46 E., B. M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 31, T. 5 N., R. 46 E., B. M., County of Teton

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the

of Section, T., R., B. M.

7. Estimated cost of works: \$ 2,500.00

8. Kind of works: Pump and pipe line (Sprinkling system)

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is One years.

13. The time required for the complete application of the water to the proposed use is One additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None (See Permit No. 21832)

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

ALFRED DURTSCHI *Applicant.*

By _____ Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. December 20, 1950

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 21831

Recorded in Book 78 Page 21831 Approved December 26, 1950

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **February 26, 1951** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before June 26, 1951

The whole of said work to be completed on or before December 26, 1951

Beneficial use of water appropriated in accordance herewith, to be made on or before December 26, 1952

WITNESS My hand this 26th day of December, 1950

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho,
and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to
be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 26th

day of December, 19 50.

RE: Change of Ownership for Water Right 22-2141

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Jeff Peppersack', is written over a horizontal line.

REPORT OF ENGINEER

Permit No. 21831

This proof is for Beneficial use In Water District No. _____1. Name of applicant Alfred Durtschi, Driggs, Idaho2. Source of water supply: Spring Creek3. Location of point of diversion: Is in the NE¹ SE¹ of Section 31T. 5 N. R. 46 E. County of Teton4. Describe works as they exist, giving dimensions and capacities of same: This is a sprinkler system.

Equipment consists of a Rainmaster unit powered by a 55 h.p. Chrysler gas engine, model No. IND7A, Type 263, Serial No. 54517. Pump is horizontal centrifugal, size 6 inch intake by 5 inch outlet into a 6 inch aluminum main, 300 feet long. 700 feet of 5 inch main, 1/2 mile of 4 inch lateral line, 66 sprinkler heads, originally size 1/8 by 3/16. They have been drilled larger to discharge more water. Checked with a 5 gallon can and stop watch, shows delivery of 1.437 inches per head on an average head. Total delivery for the system is 95 inches. Water is pumped from the stream at any location desirable. Stream runs completely across the place on the South side. See the map.

5. Water is used for: Irrigation6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE¹ NE¹, NE¹ SW¹, NW¹ SW¹, N² SE¹ Section 31, Twp. 5 North, Range 46 East, B.M.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

21831

January 21, 1953

Mr. E. Glenn Taylor
Driggs
Idaho

Dear Mr. Taylor:

We regret that we will not be able to accept a filing on the flood waters of Spring Creek with a priority of 1936, as all our permits have a priority of the date on which they are filed in this office.

The flood water right which you claim by having used the water since 1936 can be confirmed only by the district court, and it is doubtful if the court would award any additional water for the same land on which the 300 inches of June 1, 1886, Spring Creek water was decreed by the same court unless more land has been irrigated since the decree was issued, or the works have been enlarged to fit the acreage.

We have many streams in Idaho on which the irrigators take advantage of the high water as long as it lasts, but in a dry year it does not last long and when storage rights or later direct flow rights are initiated, they may require all or most of the flood waters.

However, you may have a high water right that a court would confirm, as numerous decrees allow a larger amount before a given date than afterwards such as 1¹/₂ inch per acre up to July 1, and 1 inch per acre after July 1. However, nearly always the same allowance is made for all rights with similar conditions.

With all the storage rights on the Snake River and tributaries acquired since the Rexburg Decree, confirmation of a high water right in addition to the old right from the same source might be difficult.

Not being competent to give you legal advice, I can only suggest having your attorney advise you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

JAN 16 1953
Department of Reclamation

Mark R. Kulp
State Reclamation Eng.
Boise, Idaho.

Dear Sir: Since receiving your reply to my inquiry concerning the enclosed newspaper clipping, I have called at the irrigation office headquarters in Idaho Falls. My purpose being to see if I couldn't claim the high water in Spring Creek, which has always in the past been used along with my water right of 1886 decree.

Mr. Crandall informed me that I could file for a flood water or high water right on the Spring Creek water by right of priority, use dating back since 1936.

If this action is in order and with your kind permission I hereby make application for such a high water right in order to head off the permit no. 21831 to Alfred Durschke.

Yours truly,
E. Glenn Taylor.

Mr. H. S. Forbush
Attorney at Law
Briggs, Idaho

Dear Mr. Forbush:

This morning's mail brings your memorandum enclosing affidavit of publication from the Teton Valley News in connection with proof of beneficial use under Permit No. 21831 in the name of Alfred Lurtschi.

This has been filed with the depositions of Mr. Lurtschi and two witnesses received yesterday, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Lurtschi at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Notice For Publication

NOTICE OF PROOF APPLICA- TION OF WATER TO BENE- FICIAL USE

Notice is hereby given that at
10:00 a.m. on the 10th day of
January, 1953, at Courthouse,
Driggs, County of Teton, State of
Idaho, before H. S. Forbush, Notary Public, proof will be sub-
mitted of the application to bene-
ficial use of 4 cubic feet per sec-
ond of the waters of Spring Creek
in accordance with the terms and
conditions of Permit No. 21831,
heretofore issued by the Reclama-
tion Department of the State of
Idaho.

The name and postoffice ad-
dress of the person or corporation
holding said permit are Alfred
Durtschi, Driggs, Idaho.

The use to which said water has
been applied is Irrigation.

The amount applied to beneficial
use is 4 cu. feet, per second.

The place where said water is
used: Section 31, SE $\frac{1}{4}$ of the NE $\frac{1}{4}$,
and NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ and NW $\frac{1}{4}$
of the SW $\frac{1}{4}$; NE $\frac{1}{4}$ of the SE $\frac{1}{4}$
and NW $\frac{1}{4}$ of the SE $\frac{1}{4}$, Township
5 N. 46 E. B. M.

The name of the canal or ditch
or other works by which said
water is conducted to such place
of use is Sprinkling system.

The right to take water from
such works is based upon Permit
No. 21831.

The source of supply from which
such water is diverted is Spring
Creek.

The date of priority which said
user is prepared to establish is
Dec. 20, 1950. 21831

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Alfred Durtschi, Driggs, Idaho, farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #21831, Dec. 26, 1950

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring Creek, a tributary of Teton Creek, S. 34th 17th W. 1597, E¹ corner of Sec. 31 T. 5 N. R. 46 E. B. M. is in the NE¹ SE¹ of Sec. 31 T. 5 N. R. 46 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. C. M. C. 55 horse power pump with a 6 inch outlet coupled with one-half mile of alum. pipe with laterals, said sprinkling equipment is capable of using 3 cu. ft. at its present pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, SE¹ NE¹, NE¹ SW¹, NW¹ SW¹, NE¹ SE¹, NW¹ SE¹, 5N, 46 E. B. M. Section 31, totals 200 acres, 175 cultivated land, and 25 natural meadow land.

21831

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Four (4) cu. feet per second

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. the present system has been used during the crop year of 1952, and diverted in excess of 3 cu. ft. per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

PERMIT NO. 21831

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Maurice Roberts, 54, Driggs, Idaho, Pump salesman.

Ques. 2. Are you acquainted with Alfred Durtschi, the holder of Permit No. 21831? How long have you known him and where does he reside?

Ans. 5 years, east of Driggs, with Driggs Address.

Ques. 3. Have you read or heard read said Permit No. 21831, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Spring Creek, tributary of Teton Creek, Portable pump is to employed which can be moved up and down Spring Creek, the same flowing through every acre subdivision, which receives beneficial application of the water.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. in excess of 3 cu. ft. per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, 5 N. 46 E.B.M. Sec. 31 totals 200 acres, 175 cultivated land, and 25 natural meadow land.

21831

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. porous land with some gravel, at least one inch per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I checked on the sprinkling system during the irrigation season of 1952, and it is capable of using in excess of 3 cu. ft. per second.

Re: Permit No. 21831
Alfred Durtszhi
Spring Creek

Mr. E. Glenn Taylor
Driggs, Idaho

We have your letter of December 29th
in regard to proof of application to beneficial use
on the above noted permit.

You will note that the priority the user
is prepared to establish is December 20, 1950, which
means that all rights prior to that date are entitled
to be filled before there is any water available to
fill a right under this permit.

Your course is to see that the watermaster
delivers the water according to priorities.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

21831

Driggs, Idaho.
Dec 29, 1952

RECEIVED
DEC 31 1952

Mark R. Kulp,
State Reclamation Eng.

Department of Reclamation

Dear Sir: The enclosed notice which is inserted in the Teton Valley News at Driggs, Idaho is causing me considerable worry as the water which it mentions using is the same as that which contains my decreed water right.

In the decreed water rights of Teton Basin or under miscellaneous rights in Teton Basin is listed:

June 1, 1886 Spring Creek, E. B. Seymour Sec. 2-4N-45E 6sec. 4.

Would you kindly inform me of any action which I might take in protest of the application made by party in the enclosed item of the Teton Valley News.

21831

Since my father's death, E. J. Dwyer, in
1943, I have resided on this property
and I have understood that the
deeded water right in Spring Creek
is the best in this valley and
beyond encroachment.

Trusting that I have written
the right party in this matter

Yours truly,
E. Glen Dwyer.
Driggs, Idaho.

RE: Permit No. 21831

Mr. Alfred Durtschi
Briggs
Idaho

Dear Mr. Durtschi:

We have sent to the Teton Valley News notice of beneficial use proof to be made under your Permit No. 21831 on January 10, 1953, with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

We are sending Mr. H. S. Forbush, Notary Public, the necessary forms of deposition to be used in making this proof, and at the time set you should appear before him together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 10th day of January, 1953,
at Courthouse, Driggs, County of Teton, State of Idaho, before
H. S. Forbush, Notary Public, proof will be submitted of the
application to beneficial use of 4 cubic feet per second of the waters of Spring Creek
in accordance with the terms and conditions of Permit No. 21831
heretofore issued by the Reclamation Department of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Alfred Durtschi, Driggs, Idaho

The use to which said water has been applied is Irrigation

The amount applied to beneficial use is 4 cu. feet., per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX~~

Section 31, SE $\frac{1}{4}$ of the NE $\frac{1}{4}$, and NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ and NW $\frac{1}{4}$ of the SW $\frac{1}{4}$;
NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ and NW $\frac{1}{4}$ of the SE $\frac{1}{4}$, Township 5 N. 46 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is
Sprinkling system.

The right to take water from such works is based upon Permit No. 21831

The source of supply from which such water is diverted is Spring Creek

The date of priority which said user is prepared to establish is Dec. 26th 1950
~~1951~~

MARK R. KULP

State Reclamation Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Nov. 29, 1952

(P. O.) Driggs, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Teton Valley News of Driggs, Idaho published in
the county in which the works are situated.

Alfred Durtzsch

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

October 1, 1952

Mr. Alfred Lurtschi
Driggs, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 21831. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than December 26, 1952, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

Dear Sir:

RE: permit numbers 21831 and 21832 in Alfred Durtschi

I enclose proofs of completion of works of the above numbered permits to appropriate the waters of Idaho, together to two checks, each in the sum of \$5.00, statutory fees for filing said documents.

I trust that the same are in due form, and shall be approved, and that by return mail we can receive the necessary forms prerequisite to showing proof of beneficial use.

Very truly yours,

H. S. Forbush

21831

Permit No. 21831

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

ss.

County of Teton

Alfred Durtschi, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 21831, and that his postoffice address is Driggs, Idaho

Second: That the name of the stream which said water is to be ^{FROM}diverted is Spring Creek, which is a tributary of Teton Creek, which is a tributary of Teton River.

Third: That the point of diversion of said water is S. 34 deg. 17' W. 1597 feet distant from the E $\frac{1}{4}$ corner of Sec. 31, T. 5 N. R. 46 EBM, and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 31 T5N. R. 46 EBM, County of Teton.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by December 26, 1951.

Fifth: That the use for which said water is intended is irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: sprinkling system and diversion of Spring Creek
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use four second feet of water.

Eighth: That water appropriated under said permit is available for 200 acres of land described as follows: SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ all in section 31, T. 5 N. R. 46 E.B.M., Teton County.

Ninth: Remarks: That the water appropriated comes from Spring Creek and is applied to the above described land by laterals of pipe and sprinkling system by means of a gasoline 40 HP pump.

Alfred Durtschi

State of Idaho
DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Alfred Durtschi

Driggs, Idaho

Boise, Idaho **October 1, 1951**

Dear Sir:-

Under the terms of your permit No. **21831**-----you are required to complete your diversion works on or before **December 26, 1951**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer
