Re: Permit No. 22364

DEPOSITIONS ARE OF NO VALUE

UNLESS AFFIDAVIT OF PUBLICATION

IS ATTACHED

Mr. Arthur L. Jasman,
Route 1,
Sagle, Idaho.

Dear Mr. Jasman:

This acknowledges the Notice of Proof of ~~Completion of Works and~~ Application of Water to Beneficial Use under Permit No. 22364. The proofs are to be made at 10:00 o'clock A.M., on the 15th day of September, 1961, ~~1959~~ before Raymond T. Greene, Jr., Sandpoint, Idaho, Notary Public.

As of this date we have mailed the Notice to the Sandpoint News Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

REMARKS: When Albeni Falls dam is completed and the water held at 2062.05 foot level there will be around twelve feet of water over our meadow land and what is now Cocolalla Creek. Therefore the water to be used for irrigation will come out of the storage reservoir or back water of Albeni Falls dam, which is supposed to be ready to hold the water at 2062.05 in 1952.

Application for Amendment
LAND LIST
Permit No. 22364

Comes now ARTHUR L. JASMAN, and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 22364 and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

SE $\frac{1}{4}$, Sec. 28, T. 56 N., R. 3 W., B. M., making a total of 104 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Sagle, Idaho, this 15th day of October, 1962.

Re: Permit No. 22364

Arthur L. Jasman
Rt 1
Sagle, Idaho

Dear Jasman:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 22364 shows the pump and pipe line are ~~not~~ capable of conveying 15 miner's inches, or .30 c.f.s. of water for irrigation of 104 acres.

Upon receipt of the statutory fees of \$ 8.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of September 10, 1951 to the use of .30 second feet of surface water with the point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 28, T. 56 N., R. 3 W., B.M. from Cocolalla Creek for irrigation in the SE $\frac{1}{4}$, Sec. 28, T. 56 N., R. 3 W., B.M.

Since your permit does not include the S $\frac{1}{2}$ SE $\frac{1}{4}$ it will be necessary to amend the land list on the permit if you want the extra land included in the license. Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment to this office and the License and Certificate of Water Right will be issued as shown above.

If you do not want the extra land included, the statutory fee will total \$4.00 and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22364, dated February 28, 1957. ⁹⁻¹⁴⁻⁵¹ September 10, 1951, priority date.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cocolalla Creek, a tributary of the Pend Oreille River, 2800 feet distant from N.E. corner of Sec. 28, in NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 28, T56N, R3, W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 0.6 C.F.S. Sprinkle irrigated. 21 sprinkler heads having double nozzles 11/64 and 3/32. Approx. 40 lbs. pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation. Approximately 90 acres, being to the South and West of Cocolalla Creek; being North Half of Southeast Quarter and North Half of South Half of Southeast Quarter of Section 28, T56N, R3, W.B.M., and farm buildings on said subdivision. Cultivated and natural meadow land. More, and better crops.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. ---

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. ---

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 0.6 C. F. S.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By assignment from Clarence D. Crabb

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During annual growing season each year at least since 1952, except for 1959 not operated. At times and places when needed during season over the entire tract and depending upon the crop. Entire amount requested for permit.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Elford Bradt. 59 years old. Reside at Sagle, Idaho, Route 1, with
same post office address, and am dairy farmer.Ques. 2. Are you acquainted with Arthur L. Jasman, the
holder of Permit No. 22364? How long have you known him and where does
he reside?Ans. Yes. Have known him 10 years, and he resides at Route 1, Sagle, Idaho,Ques. 3. Have you read or heard read said Permit No. 22364, and are you
familiar with its provisions and conditions?Ans. Yes. Yes.Ques. 4. State source of water supply, place of diversion, and describe works for
conveying water from point of diversion to place of use.Ans. Water is diverted 280 feet from Northeast corner of Section 28 in Town-
ship 56 North, Range 3, W.B.M., in the Northeast Quarter of Southeast Quarter by
sprinkler irrigation system, and comes from Cocolalla Creek.Ques. 5. How many second feet of water do you estimate said works will safely
conduct to place of use, and how much water have you seen being so conveyed?Ans. Approximately 0.6 cubic feet a second. I would estimate that 0.6 C.F.S.
has been used.Ques. 6. State for what purpose water is used and at what place. (If for irrigation,
give each subdivision in which water has been used and number of acres irrigated in
each subdivision.) State whether cultivated or natural meadow land and the nature
of all improvements which have been made as a direct result of said use.Ans. Used for irrigation purposes in North Half of Southeast Quarter and North Half
of South Half of Southeast Quarter of Section 28, Township 56 North, Range 3,
B.M., approximately 90 acres which lies South and West of Cocolalla Creek.
This is natural meadow land and cultivated land. Bigger and better crops
are realized by reason of the irrigation of the land.

22364

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not reclaimed. It would depend on the season but would say that the amount applied for would be a minimum required.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. From 1952 on I have observed continuously. Have visited the farm and have observed use from the highway. The system has been in full operation at all times. This was during the growing season and was when it was necessary.

PERMIT NO. 22364

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Millard E. Clark; aged 55 years; Route 1, Sagle, Idaho; dairying;
Route 1, Sagle, Idaho.

Ques. 2. Are you acquainted with Arthur L. Jasman, the holder of Permit No. 22364? How long have you known him and where does he reside?

Ans. Yes; 14 years; Route 1, Sagle, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22364, and are you familiar with its provisions and conditions?

Ans. Yes. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Cocolalla Creek, being a tributary of Pend Oreille River. Place of diversion
is 2800 feet from the Northeast corner of Section 28, Township 56N, Range 3,
W. B. M. in the Northeast Quarter of Southeast Quarter. Sprinkler irrigation
system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Would estimate the type of system installed was operating efficiently and at
capacity. I am not engineer enough to figure exactly but a good estimate
might be 0.6 cubic feet a second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes. North Half of Southeast Quarter and
North Half of South Half of Southeast Quarter of Section 28, T56N, R3, W. B. M.,
about 90 acres lying South and West of Cocolalla Creek. The land is cultivated
and natural meadow land. Larger and better crops are a direct result of
the irrigation.

22364

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ---

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not reclaimed land. Depending on whether it was a wet or dry season,
the amount applied for under the permit would be a minimum.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. From 1952 as next door neighbor, I have witnessed the application of
the water. The entire amount possible was being carried in the system,
and continuously, during growing season, whenever needed.

Millard E. Clark.

Dear Mr. Jasman:

This acknowledges the Notice of Proof of ~~Completion of Work~~ and Application of Water to Beneficial Use under Permit No. 22364. The proofs are to be made at 10:00 o'clock A.M., on the 15th day of September, 1961, ~~1959~~ before Raymond T. Grana, Jr., Sandpoint, Idaho, Notary Public.

As of this date we have mailed the Notice to the Sandpoint News Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 22364 is due not later than September 14, 1961. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

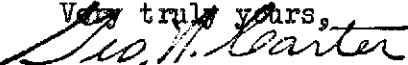

Before this proof can be made, the statutory requirement is that a Notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Sandpoint, Idaho

Dear Mr. Crabb:

We acknowledge receipt of your letter of January 9, 1957, in which you tell the reasons for not receiving your letter from this department dated June 27, 1956.

We can reinstate your Permit; providing, you fill out the enclosed depositions, one for yourself and one for each of two witnesses. Please fill them out in detail and be sure that you and each of the two witnesses state in the deposition that the works were completed prior to September 14, 1956. Be sure that all depositions are taken before a Notary Public.

Please return them to this department as soon as possible so that we can keep your Permit in good standing.

Very truly yours,

Dear Sir

Received yours of 1-7-57
in today's mail + This is what
happened.

Due to a ^{\$200,000.00} ~~200,000.00~~ fire on The
ranch I have been working out doing
carpenter work + two of our sons
operate the ranch + your first notice
bearing a post mark of July 2nd 56
came to our trailer home with
Christmas greeting cards just before
Christmas that had been mailed to
Pt # 1 Sagle + delivered to us
by one of our sons.

I can not explain just
why this letter did not reach me
The fault lies with my sons as
we call at The ranch almost each
22364

week end . . .

As for me I was aware
that 1956 was our 5th year, ~~of~~
since we filed the water right
& since we had used the irrigation
each year for the five successive
years we could prove up on
the rights

I am very sorry this
happend but it is not your fault
or mine but my sons

Please advise us what
you think best for us to do
Respectfully Yours

Re: Permit No. 22364

To Clarence D. Crabb

Sagle, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. 22364
to appropriate the Public Waters of the State of Idaho, have not been complied with as to

Completion of Works proof was due September 14, 1956

you are hereby notified in compliance with Sec. 42-311, Idaho code that said Permit No. 22364
is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. 22364 claims the use of 0.6 cubic feet per second of the
waters of Cocolalla Creek with point of diversion located
NE 1/4 Sec. 28., Twp. 56 N., Rge. 3 W., B.M., and
was approved September 14, 1951

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the

7th day of January, 1957

State Reclamation Engineer.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Clarence D. Crabb
Sagle
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 22364 you are required to complete your diversion works on or before September 14, 1956. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Dear Mr. Crabb:

In reply to your letter of August 22, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with the pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Dear Sirs

I wish to obtain a water right for a sprinkler system to irrigate some 30 to 40 acres from what at present is known as ~~big~~ ~~Corolla~~ Corolla Creek for supply. But when Abbeni falls Dam is completed there will be some 15 feet of water over our meadow & where the present Creek is.

I would like to obtain the necessary blanks & information to apply for said water rights.

My farm is located 12 miles down stream from Sand point in Bonner Co.
