Dear Sir:

In December 1958 Mr. Thad W. Hunt of R#1 Sandpoint, Idaho sold his farm to Robert M. Lyons. The legal description of the property is the E $\frac{1}{2}$ of the NE $\frac{1}{4}$ of Section 26, Twp. 58 N., Range 2WBM.

Mr. Hunt informs us he completed the necessary requirements for securing license No. 22117 with a priority date of May 26, 1951 to appropriate .32 CFS of water from Sand Creek.

The deed transferring the property from Mr. Hunt to Mr. Lyons included the transfer of all his rights for water.

We are wondering if it is necessary that you be notified of the real estate transfer in order to make the proper notations in your records.

re : Permit No. 22117

I received a letter from you last Saturday in connection with my application for license in the above matter, but I appear to have mislaid the letter and am unable to recall all the details. I do, however, remember that I was to send a check in the sum of \$4.00, which check is enclosed herewith.

I wonder if you would be good enough to let me have a copy of your last letter, and if there is anything further I am required to do in this matter I will be pleased to comply.

Dear Mr. Ponack:

We have corrected the depositions of T. W. Hunt and witnesses in proof of Beneficial Use on Permit No. 22117 in accordance with your letter of February 23 to include the E¹/₂ NW Section 26, Township 58 North, Range 2 West B.M.

This completes the proof but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Hunt at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Ponack:

We have your letter of February 15 enclosing depositions of T. W. Hunt and two witnesses together with your own personal affidavit. all in proof of beneficial use on Permit No. 22117. These depositions are acceptable but in checking them we note that they give the place of use as only 35 acres in the NE¹/₄NE¹/₄ Section 26, Township 58 North, Range 2 West B.M. while the Permit describes lands in the entire East Half Northeast (E¹/₂NE¹/₄) of said Section.

Is this an error in the depositions or are they only proving up on the one 40 acre subdivision?

Dear Miss Anderson,

Enclosed are the completed depositions in connection with Permit No. 22117 in the name of T. W. Hunt, together with the affidavit as requested.

I must apologise for the very untidy condition of the papers which were signed in front of myself and the secretary, who is also a Notary. Dear Mr. Ponack:

We have your letter of November 23 enclosing affidavit of T. W. Hunt in proof of completion of works on Permit No. 22117 accompanied by his check for the \$5.00 fee in connection therewith. Certificate of Completion of Works will be issued and sent you within a few days.

We have sent to the Sandpoint News-Bulletin, notice for beneficial use proof to be made on this Permit December 31, 1954, with instructions to publish it once a week for four weeks prior to that date and to send Mr. Hunt the affidavit of publication together with statement of costs.

However, in re-checking this notice we note that it describes the place of use as only the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 26, Township 48 North, Range 2 West B.M., whereas, the Permit and the proof of completion of works describes the entire E $\frac{1}{2}$ NE $\frac{1}{4}$ of said Section 26.

If this is an error in the notice for beneficial use proof, please contact the News-Bulletin and have it corrected and also advise us for our record.

Very truly yours,

MARK R. KULP

Dear Mr. Ponack:

We have your letter of August 24 in which you state that Mr. T. W. Hunt would like to obtain a license on his Permit No. 22117. In order to complete this water right, two proofs are required, proof of completion of works and proof of beneficial use.

Proof of completion of works can be made by executing Form 6 enclosed and returning to this department with the statutory fee of \$5.00.

Before making proof of beneficial use, the law requires publication of a notice once a week for four weeks in a county newspaper.

This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at Permit holder's expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be executed by the Permit holder and two witnesses in making this proof.
