Re: Permit No. 20548

Mr. Edwin Fulwider
Lakeview,
Bayview, Idaho

Dear Mr. Fulwider:

Permit No. 20548 was issued to Lakeview Pipe Company to appropriate 1 cubic foot per second of the waters of North Gold Creek on July 20, 1948 with point of diversion in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 2, Township 53 North, Range 1 West, B. M.

Proof of Completion of Works was made June 11, 1949 and certificate issued on August 15, 1949.

Proof of Application to Beneficial Use was made on November 12, 1949 and License and Certificate of Water Right was issued for .66 cubic feet per second with a priority of July 20, 1948, and recorded on page 4654 of book of Licenses, Department of Reclamation, State of Idaho.

Certified copy of License is available at \$1.50.

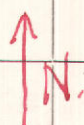

Very truly yours,

MARK R. KULP
State Reclamation Engineer

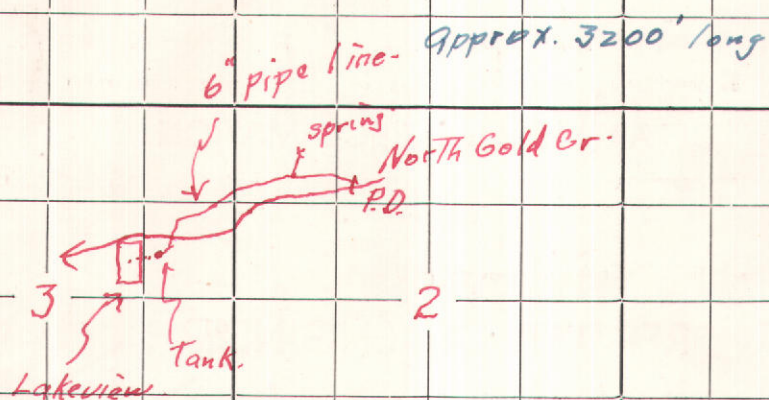

MRK:lw

20548

Lake Pend d'Oreille

53 N. 1 W. B. M.

This system has been checked at 3009 P.M.

There are twenty seven $\frac{3}{4}$ " outlets in Lakeview. (Mr Vernon P. Butler)

Lakeview is on a small bench a short distance above and overlooking the Lake.

At present it is mostly populated by people from Spokane. (Summer resort)

I was told they don't want it to change from its primitive state.

The North tier of Forties of this township are long.

For further location details see accompanying map.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28192
PERMIT No. 20548
DISTRICT No.

1. Name of Applicant: LAKEVIEW PIPE COMPANY

Postoffice address: Lakeview

County: Bonner

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:
- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: One (1) cubic feet per second.

3. Source of water supply: North Gold Creek and tributary / ^{spring} which is a tributary of Pend Oreille Lake

4. Location of point of diversion: On North Gold Creek-2093.61 feet distant from the Northwest corner of Section 2, T. 53 N., R. 1 W., B.M., and is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 2, T. 53 N., R. 1 W., B.M., County of Bonner (See Remarks for point of diversion of spring)

5. Water is to be used for domestic purposes.

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 6,000.00

8. Kind of works: Dam, diversion gates, catch basin and six inch steel pipe

9. Height of dam 5 feet; length of dam at top 25 feet; length of dam at bottom 10 feet; material used in dam: Rock-filled timber crib, to be faced on upstream face with 2" planking

10. Size of headgate: Width 2 feet; height 2 feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
dimensions of flume:

Diameter of pipe 6 I. D. inches; length of conduit 3500 lineal feet 0.663 miles miles.

Average grade per mile 50 feet.

12. The time required for the completion of such work is Six months- 1/2 years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? NO If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

LAKEVIEW PIPE COMPANY *Applicant.*

By Earl A. McDaniel Agent.

Date of first receipt at Department of Reclamation: 2:00 P. M. July 20, 1948

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 20548

Recorded in Book 74 Page 20548 Approved July 23, 1948

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before September 23, 1948 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 23, 1948

The whole of said work to be completed on or before January 23, 1949

Beneficial use of water appropriated in accordance herewith, to be made on or before January 23, 1949

WITNESS My hand this 23rd day of July, 1948

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho,
and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 23rd day of July, 1948.

STATE OF IDAHO

Countersigned:
(SEAL) By J. D. "CY" PRICE C. A. ROBINS
Secretary of State. Governor.

REMARKS: The Lakeview Pipe Company is not a corporation, but was so named by a group of inhabitants of Lakeview, Idaho, who formed a water users' organization. The cost of the installation and future maintenance will be met by contributions by each water user.

14. A question has arisen as to the continuity of flow of North Gold Creek at the point of diversion, as shown on the plan, during the months of July, August and September. Evidence, obtained from observations of the past two years

Twp.	Range	Sec.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	
REMARKS	(Continued)		and existing geological conditions, supports the theory of continuous flow at this point. However, authentic records of flow, over a period of years, are not available. For this reason it was decided to file on the tributary spring, as per attached rider, and divert the water into the system, thereby insuring a continuous flow of water. The overflow from said spring will join North Gold Creek through the existing channel.																
			Point of diversion from spring (As shown on attached rider referre to above) Spring which is tributary to North Gold Creek is 1625.90 feet distant from the Northwest corner of Section 2, T. 53 N., R. 1 W., B. M., and is in the NW 1/4 NW 1/4 of Section 2, T. 53 N., R. 1 W., B. M., County of Bonner.																
			APPROVAL OF STATE RECLAMATION ENGINEER																
			I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 20548 to May 25, 1949.																
			Witness my hand this 15th day of August, 1949.																
																			MARK R. KULP State Reclamation Engineer.

Permit No. 20548

CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that The Lakeview Pipe Company, of Lakeview, County of Bonner, and State of Idaho, the holder of Permit No. 20548, issued upon Application No. 28192 bearing date of priority of July 20, 1948, authorizing the diversion of One second foot of the waters of North Gold Creek and tributary spring, a tributary of Lake Pend Oreille, County of Bonner, State of Idaho, for domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place on intended use One second foot of the waters of North Gold Creek and tributary spring; that the points of diversion of said waters are as follows: From North Gold Creek, in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2, and from the spring in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2; All in Township 53 North, Range 1 West, B.M. and that the place of use is Lakeview Townsite, Bonner County, Idaho.

The North tier of Forties of this township are long.

For further location details see accompanying map.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20548This proof is for Beneficial use

In Water District No. _____

1. Name of applicant Lakeview Pipe Company, C/o Earl A. McDaniel, Lakeview, Idaho2. Source of water supply: North Gold Creek and a spring
from North Gold Creek from spring3. Location of point of diversion / Is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and / in NW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 2T. 53 N. R. 1 W. County of Bonner

4. Describe works as they exist, giving dimensions and capacities of same: This consists of a very small diversion dam with water piped through a 6" main steel pipe to a water tank located above the townsite of Lakeview, thence by pipe line to residents of Lakeview. The dam is in a side channel of North Gold Creek. It is made of rock and earth fill cribbing with a 4" pipe for sluice way in the bottom of the settling basin. The pond filled by this dam is very small. The North Gold Creek has a very rocky precipitous channel, falling down out of the mountains to Pend Oreille Lake. The pipe line is 6" steel pipe with joints welded as much as possible. System crosses North Gold Creek ~~and~~ an inverted siphon and is supported by a small trestle across the stream. (continued below)

5. Water is used for: Domestic purposes, by inhabitants of Lakeview

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lakeview, Idaho.

This is actually used as domestic supply for the homes in Lakeview. System was installed by McDaniel

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: The tank is a 2,000 gallon steel tank but actually holds only 1400 gallons due to the arrangement of the overflow. The overflow is continuous and has a small ditch for carrying it to the lake. The system has 40' of head to the first house. Elevation of the tank is 2360' and the elevation of the point of diversion is 2385', giving a 25' head to the tank. The water tank is 66" in diameter by approximately 12' high. Steel welded, painted aluminum color. Situated on a hill in the Southeast end of town. Tank sets on good concrete base.

They have a special use Permit from the Forest Service as follows: A strip of land 20' wide, situated on SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 2, SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 3, Township 53 North, Range 1 West, B.M.

They also have an easement from Thomas B. Graney across Graney Mining claims (unpatented) in N $\frac{1}{2}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 3, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 2, Township 53 North, Range 1 West, B.M.

This examination was made on the 16th day of October, 19 50(Signed) E. M. Humphrey

Examiner.

20548

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Department of Reclamation

DEPARTMENT OF RECLAMATION

Mark R. Kulp, State Reclamation Engineer,
Boise, Idaho

Dear Mr. Kulp:

I am in receipt of your letter of January 4th in which you state that an examination will be made of the Lakeview pipe line constructed under permit No. 20548.

I thought it might be well to inform you as to the weather conditions in this region at this time. The pipe line is now buried under three feet of snow. Lakeview is at present inaccessible because of the freezing over of Pend Orielle Lake. The road to Lakeview will probably not be open to travel before the latter part of May.

As soon as the lake is open and the pipe line accessible I will let you know. If the examining engineer wishes to come in before the road is open I would suggest that he should contact me at least a week before the examination. In which case I could meet him at Bayview, Idaho and we could proceed to Lakeview via the lake and return. I have a boat and motor on Pend Orielle lake and would be glad to do this.

Yours very truly,

Earl A. McDaniel

Re: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

We are now in receipt of the Affidavit of Publication in the Sandpoint News-Bulletin, which, in connection with the depositions previously submitted, completed the Proof of Beneficial Use under Permit No. 20548 in the name of the Lakeview Pipe Company.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, the Field Engineer for this Department will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Affidavit of Publication

STATE OF IDAHO, }
County of Bonner, } ss.

L. E. Pietsch being first duly sworn on
oath deposes and says that he is Publisher
of The Sandpoint News-Bulletin, a weekly
newspaper printed and published at Sandpoint,
Bonner County, Idaho; that the said Sandpoint
News-Bulletin has been continuously and unin-
terruptedly published in said Bonner County
during a period of 18 months or 78 weeks
prior to the first publication of the hereto
attached notice for publication in the case of
Notice of Proof Application of Water
to Beneficial Use; The Lakeview Pipe
Company.

as it was published in the regular and entire issue
of the said paper for a period of Four
consecutive weeks, commencing on the 13th
day of October, 1949, and end-
ing on the 3rd day of November,
1949, and that said notice was published in said
newspaper, and not in supplemental form.

L. E. Pietsch

Subscribed and sworn to before me this

4th day of November, 1949.

John LaMoreaux
Notary Public for Idaho,
Residing at Sandpoint, Idaho.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00
A. M. on the 12th day of November,
1949, at Bayview, County of Kootenai,
State of Idaho, before Mr. James
Feely, Notary Public, proof will be sub-
mitted of the application to beneficial
use of one cubic foot per second of
the waters of North Gold Creek &
spring in accordance with the terms
and conditions of Permit No. 20548
heretofore issued by the Department
of Reclamation of the State of Idaho.

The name and postoffice address
of the person or corporation holding
said permit are The Lakeview Pipe
Company, c/o Earl A. McDaniel, Lake-
view, Idaho.

The use to which said water has
been applied is for domestic purposes.

The amount applied to beneficial
use is approximately one cubic foot
per second.

The place where said water is used
is Lakeview, Idaho.

The name of the canal or ditch or
other works by which said water is
conducted to such place of use is The
Lakeview Pipe Line.

The right to take water from such
works is based upon Permit No. 20548.

The source of supply from which
such water is diverted is North Gold
Creek and tributary spring.

The date of priority which said user
is prepared to establish is July 20,
1948.

20548 Frank R. Kulp,
State Reclamation Engineer.

Re: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

We are in receipt of the depositions of E. C. Schaeffer and George O. Russell, which have been placed on file along with your own deposition submitted in Proof of Beneficial Use under Permit No. 20548 of the Lakeview Pipe Company.

However, we have not yet received the Affidavit of Publication which the Sandpoint News-Bulletin was instructed to send you.

As this is a necessary part of the proof, it is important that you take the matter up with them and see that the Affidavit is transmitted promptly to this Department.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

We acknowledge receipt of the depositions of yourself and two witnesses submitted in Proof of Beneficial use under Permit No. 20548 of the Lakeview Pipe Company.

We are sorry that we cannot accept the deposition of your son, as he is not of age and we enclose another blank which we will ask you to have executed by another witness.

We also return the deposition of Mr. E. C. Schaeffer, with the request that he complete Question 4 by describing the point of diversion by subdivision, Section, Township and Range.

The Affidavit of Publication is also necessary to complete this proof. The Sandpoint News-Bulletin was instructed to send you this, and if you have not received it, we suggest that you take the matter up with them.

Very truly yours,

MARK R. KUL
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20548

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Earl A. McDaniel, Mining Engineer, Lakeview, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Lakeview Pipe Company, c/o Earl A. McDaniel, Lakeview, Idaho

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 20548 Date July 23, 1948 Date of priority July 20, 1948

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. North Gold creek and tributary spring Diversion point on creek is
2093.61 feet distant from NW corner of Sec 2, T53N, R1W4E
Diversion point at spring is 1625.90 feet distant from NW corner
Sec 2, T53N, R1W4E in Bonner County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Diversion gate in North Gold creek diverting flow into reservoir, formed by
construction of timber dam (five feet in height), thence into six inch
steel pipe line which discharges into existing flume as shown on plan.

Works known as Lakeview Pipe Line and will convey approximately one second
foot of water A catch basin diverts water from the spring to the
pipe line

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic purposes only by the inhabitants of the
Lakeview townsite and the Hillcrest Addition

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For domestic purposes and is distributed through one water main and
laterals, thence by services to users

20548

17257

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. approximately one second foot

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. same

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was diverted into the above described works on May 19, 1949

The line is delivering approximately one second foot which is

being used for domestic purposes in Lakeview, Idaho

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

PERMIT NO. 20548

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. C. Schaeffer, 48 years, Bayview, Idaho

occupation-mine foreman, postoffice address-Bayview, Idaho

Ques. 2. Are you acquainted with Lakeview Pipe Company, Agent Earl A. McDaniel the holder of Permit No. 20548? How long have you known him and where does he reside?

Ans. I have known of the Lakeview Pipe Company and Earl A. McDaniel

for three years. Both parties reside at Lakeview, Idaho

Ques. 3. Have you read or heard read said Permit No. 20548, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. North Gold creek and tributary spring; the creek in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec 2, T 53 N, R 1 WEM; the spring in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec 2, T 53 N, R 1 WEM, Bonner County, Idaho

Works consist of diversion gate, dam, catch basin at spring, six inch steel pipe line

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately one second foot in both cases

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for domestic purposes by the inhabitants of Lakeview, Idaho

20548

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For domestic purposes only

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. none

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am employed at a mine near Lakeview, Idaho and am there quite often
I have made trips over the line since it was put into use and know
the inhabitants are using the water from the system

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 12th day of November, 1949,
at Bayview, County of Kootenai, State of Idaho, before
Mr. James Fealy, Notary Public, proof will be submitted of the
application to beneficial use of one cubic feet per second of the waters of North Gold
Creek & spring in accordance with the terms and conditions of Permit No. 20548
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
The Lakeview Pipe Company, c/o Earl A. McDaniel, Lakeview, Idaho

The use to which said water has been applied is for domestic purposes

The amount applied to beneficial use is approximately one cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) is Lakeview, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of
use is The Lakeview Pipe Line

The right to take water from such works is based upon Permit No. 20548

The source of supply from which such water is diverted is North Gold Creek and
tributary spring

The date of priority which said user is prepared to establish is July 20, 1948

MARK R. KUIP

State Reclamation Engineer.

20548

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date).....September 20, 1949.....

(P. O.).....Lakeview, Idaho.....

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Sandpoint News-Bulletin..... of Sandpoint, Idaho..... published in
the county in which the works are situated.

LAKEVIEW PIPE COMPANY
BY *Paul A McDaniel* AGENT

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

20548

Re: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

In reply to your letter of September 2,
we enclose the necessary forms of notice to be used
in connection with Beneficial Use Proof under Permit
No. 20548.

The Statutes require publication once a
week for four weeks, prior to the date set for making
proof and Form 10 should be filled out in duplicate,
setting the time and place and naming the Notary Public
before whom the proof is to be made. The place may be
at Lakeview or at any place convenient to the Permit
Holder and the two witnesses and the date of course,
should be set sufficiently far ahead to allow for the
four weeks publication.

Both copies of Form 10 to be returned to this
office together with Form 11 which is authorization for
us to have the notice published at Permit Holder's ex-
pense in the designated county newspaper. We shall then
send a copy of the notice to the newspaper with instructions
in regard to publishing.

Very truly yours,

MARK R. KULP

Permit No. 20548

Application for Extension of Time FOR COMPLETION OF WORKS

Earl A. McDaniel, agent for the Lakeview Pipe Company, of Lakeview

State of Idaho, being first duly sworn, upon his oath deposes and says:

They are the owner and holder of Permit to appropriate the Public Waters of the State of Idaho

No. 20548

Under the terms and conditions of said permit, construction work thereunder was required to be completed by January 23, 1949

That he has heretofore performed the following work described under said permit of constructing the pipe line grade through the entire length of the project, diversion dam and gate for diversion of creek water, catch basin for diversion of spring water and laid approximately 1000 feet of six inch steel pipe on the grade

costing \$ 4000.00

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

Further construction is impossible because of severe winter weather.

Frost in the ground hampers excavation. Increasing snow depth

halts delivery and placing of pipe on the ground.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of works under said permit to May 25, 1949

Re: Permit No. 20548
Lakeview Pipe Company

Mr. Earl A. McDaniel
Mining Engineer
Lakeview, Idaho

Dear Mr. McDaniel:

Corrected depositions of yourself and two witnesses have been received, showing completion of works under Permit No. 20548 under date of May 18, 1949.

As you know, the application stated that only six months would be required to complete construction, and, therefore, January 23, 1949, was set as the time when such proof would be due.

However, under the statutes, you would actually have been entitled to a longer time, so we are enclosing a form of application for extension of time for making this proof, which you may execute, and upon receipt and approval thereof we can issue a Certificate of Completion of Works.

There is, however, a statutory fee of \$5.00 to be paid in connection with completion of works proof.

Very truly yours,

MARK R. KUIP
State Reclamation Engineer

Re: Permit No. 20548

Mr. Earl A. McDaniel
Mining Engineer
Lakeview, Idaho

Dear Mr. McDaniel:

We acknowledge receipt of the depositions of yourself and two witnesses, submitted in proof of completion of works under Permit No. 20548 in the name of the Lakeview Pipe Company.

However, none of these depositions state whether or not the works were completed within the statutory time set in the Permit; namely before January 23, 1949.

We therefore return the depositions in order that you may complete same by giving the date of such completion under Question 6 in your own deposition and Question 5 in the depositions of your witnesses.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

We acknowledge receipt of your letter of May 5th, received this morning, in regard to completion of works proof on Permit No. 20548, in the name of the Lakeview Pipe Company.

We are sorry that we failed to send you these forms sooner, but we enclose herewith forms of deposition to be executed by yourself and two witnesses.

Since this proof was due on or before January 23, 1949, these depositions should state that the works were so completed within that time, if such is the case.

Very truly yours,

MARK R. KUJP
State Reclamation Engineer

Mark R. Kulp, State Reclamation Engineer

Dear Mr. Kulp:

Relative to Permit No. 20548 granted the Lake-
view Pipe Company.

To date I have not recieved forms for sub-
mission of proof of completion of work in connection
with this permit. Your letter of July 27, 1948 stated
these forms were to be sent to me at a later date. Would
you please send forms as soon as possible?

Yours very truly,

Earl A. McDaniel

RE: Permit No. 20548

Mr. Earl A. McDaniel
Lakeview, Idaho

Dear Mr. McDaniel:

We enclose Permit No. 20548 in the name of Lakeview Pipe Company together with Departmental Receipt No. 20736 for the \$5.00 filing fee.

As you will note proofs of completion of works and beneficial use are due on or before January 23, 1949, which is in accordance with the application which states that the works will be completed within six months.

The proper forms for making these proofs will be sent you later.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 1st day of November, 1948, at Bayview, County of Kootenai, State of Idaho, before Mr. James Feely, Notary Public, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of North Gold Creek & spring in accordance with the terms and conditions of Permit No. 20548 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are The Lakeview Pipe Company, c/o Earl A. McDaniel, Lakeview, Idaho.

The use to which said water has been applied is for domestic purposes.

The amount applied to beneficial use is approximately one cubic foot per second.

The place where said water is used is Lakeview, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is The Lakeview Pipe Line.

The right to take water from such works is based upon Permit No. 20548.

The source of supply from which such water is diverted is North Gold Creek and tributary spring.

The date of priority which said user is prepared to establish is July 20, 1948.

MARK R. KULP,

---State Reclamation Engineer.
