STATE OF IDAHO, }
County of Bonner. } ss.

L. E. Pietsch being first duly sworn on
oath deposes and says that he is Printer
of The Sandpoint News-Bulletin, a weekly
newspaper printed and published at Sandpoint,
Bonner County, Idaho; that the said Sandpoint
News-Bulletin succeeds The Northern Idaho
News and The Sandpoint Bulletin, both of
which have been continuously and uninter-
ruptedly published in said Bonner County
during a period of 18 months or 78 weeks
prior to the first publication of the hereto
attached notice for publication in the case of

Notice of Proof Application of Water
to Beneficial Use; F. C. Weskil,
Sandpoint, Idaho

as it was published in the regular and entire issue
of the said paper for a period of Four
consecutive weeks, commencing on the 4th
day of July, 19 46, and end-
ing on the 25th day of July,
19 46, and that said notice was published in said
newspaper, and not in supplemental form.

L. E. Pietsch

Subscribed and sworn to before me this
25 day of July, 19 46.

Carl R. Tipton

Notary Public for Idaho,
Residing at Sandpoint, Idaho.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00
A. M. on the 2nd day of August, 1946,
at Sandpoint, County of Bonner, State
of Idaho, before Glenn Bandelin, No-
tary Public, proof will be submitted
of the application to beneficial use
of 0.14 cubic feet per second of the
waters of Fish Creek, a tributary of
Lake Pend Oreille in accordance with
the terms and conditions of Permit
No. 19702 heretofore issued by the
Department of Reclamation of the
State of Idaho.

The name and postoffice address of
the person holding said permit is F.
C. Weskil, Sandpoint, Idaho.

The use to which said water has
been applied is irrigation and domes-
tic purposes.

The amount applied to beneficial use
is 0.14 cubic foot per second.

The place where said water is used:
Lot 2 Section 8, Township 55 North,
Range 1 West, B. M.

The name of the canal or ditch or
other works by which said water is

conducted to such place of use is:
no name; conveyed by flume from di-
version dam to barrel reservoir, and
piped to ram.

The right to take water from such
works is based upon Permit No. 19702.

The source of supply from which
such water is diverted is Fish Creek,
a tributary of Lake Pend Oreille.

The date of priority which said user
is prepared to establish is October
27, 1945.

MARK R. KULP,

State Reclamation Engineer.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

Application No. 27237
Permit No. 19702
District No.

1. Name of Applicant: F. C. WESKIL

Postoffice address: Sandpoint

County: Bonner

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.14 cubic feet per second. (1 gallon per second entering flume)

3. Source of water supply: Fish Creek which is a tributary of Lake Pend Oreille

4. Location of point of diversion: 300 feet from Lake Shore ~~feet distant from the~~
~~corner of Section~~ , T. , R. , B. M., and is in the Lot 2
of Section 8 , T. 55 N. , R. 1 W. , B. M., County of Bonner

5. Water is to be used for Irrigation and domestic use

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section
T. , R. , B. M., in the of Section , T. , R. , B. M.
(b) Amount of power generated: H. P., under feet head.
(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 400.00

8. Kind of works: diversion dam to spring, flume to reservoir, to ram

9. Height of dam 3 feet; length of dam at top 14 feet; length of dam at bottom 8
feet; material used in dam: Concrete

10. Size of headgate: Width 5 ft. feet; height 8 inches feet;
No ditch

11. Ditch: Width at bottom Seepage feet; width at water line feet; depth of water feet;
dimensions of flume: V construction 8 X 8 inches
Diameter of pipe to ram 4 inches; length of conduit 63 feet miles.
Average grade per mile Drop of 12 ft. in 63 feet. to ram

12. The time required for the completion of such work is Nine (9) months years.

13. The time required for the complete application of the water to the proposed use is No additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

REPORT OF ENGINEER

Permit No. 19702

This proof is for Beneficial use In Water District No. _____

1. Name of applicant F. U. Weskil, Sandpoint, Idaho
2. Source of water supply Fish Creek, a tributary of Lake Pend Oreille
3. Location of point of diversion: Is in the Lot 2 of Section 8
T. 55 N. R. 1 W. County of Bonner (300 ft. from Lake shore)
4. Describe works as they exist, giving dimensions and capacities of same: A Concrete Cut-off
Dam 3 feet high X 40 feet long. An 8" X 8" square diversion flume
delivers to an 8" X 8" "V" type flume 120 feet long to a barrel
header, and thence by 60 feet of 4 inch galvanised pipe to hydraulic
ram whence water is elevated 85 feet through 140 feet of 2 inch pipe
to a concrete reservoir of 6' X 4' X 4' in dimension
5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Lot 2 Section 8, Twp. 55 North, Range 1 West, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Lake Pend O'Reille

Examination for Beneficial use

County Bonner

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

August 7, 1946

Re: Permit No.19702

Mr. F. C. Weskil
Sandpoint, Idaho

Dear Mr. Weskil:

We acknowledge receipt of depositions of yourself and two witnesses, also affidavit of publication in the Sandpoint News-Bulletin, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say when this examination will be made, as this Department has but one field engineer, and he makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this Department, will try to contact you at the time he makes the examination, so that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00
A. M. on the 2nd day of August, 1946,
at Sandpoint, County of Bonner, State
of Idaho, before Glenn Bandelin, No-
tary Public, proof will be submitted
of the application to beneficial use
of 0.14 cubic feet per second of the
waters of Fish Creek, a tributary of
Lake Pend Oreille in accordance with
the terms and conditions of Permit
No. 19702 heretofore issued by the
Department of Reclamation of the
State of Idaho.

The name and postoffice address of
the person holding said permit is F.
C. Weskil, Sandpoint, Idaho.

The use to which said water has
been applied is irrigation and domes-
tic purposes.

The amount applied to beneficial use
is 0.14 cubic feet per second.

The place where said water is used:
Lot 2 Section 8, Township 55 North
Range 1 West, B. M.

The name of the canal or ditch or
other works by which said water is

conducted to such place of use is:
no name; conveyed by flume from di-
version dam to barrel reservoir, and
piped to ram.

The right to take water from such
works is based upon Permit No. 19702.

The source of supply from which
such water is diverted is Fish Creek,
a tributary of Lake Pend Oreille.

The date of priority which said user
is prepared to establish is October
27, 1945.

Permit No. 19702

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. F.C. Weskin, Sandpoint, Idaho
Theater owner " "

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 19702 Oct. 18, 1945

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Fish Creek, 300 ft. from lake shore in
lot 2, Section 8 Twp 55 N. R 1 W

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Diversion dam to spring, to lunge to Reservoir
to run. Can carry 25 second feet -
no name for flume

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic & Irrigation. One acre
in lot two. Cleared land. Improved soil

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

19702

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .14 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. October 1945 and since - full use

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) _____

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in Louisa, County of Banner,

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 14 second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic & Irrigation
One acre in said lot 2 - Chared
land, improved soil for cultivation

19702

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Hillside - now cleared
.14 second feet

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No Since Construction

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since construction of dam have
observed use of from .14 to .25 second feet.

(Signed) Lloyd H. Parn

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, July 23, 1946

Re: Permit No. 19702
F. C. Weskil

Mr. Glen Bandelin
Notary Public
Sandpoint, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19702

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On August 2, 1946, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho before Glen Bandelin, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

MARK R. KULP

Commissioner of Reclamation.

Re: Permit No. 19702

Mr. F. C. Weskil
Sandpoint, Idaho

Dear Mr. Weskil:

We are in receipt of your letter of June 26th, in reply to letter of June 5th, in regard to beneficial use proof to be made under the above numbered permit.

You suggest making the proof about July 2nd, but as four weeks' publication is required, and the first publication cannot now be made until next week's issue of the News-Bulletin- which is July 5th, we have set the date of proof at August 2nd- at 10:00 A. M..

A copy of the notice has been sent to the newspaper, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send you the affidavit of publication, together with statement of costs.

About ten days prior to August 2nd, we shall send to Mr. Bandelin, the Notary Public, the necessary forms of deposition, consisting of one for you as holder and one for each of two witnesses, so that he may have them in ample time for the proof.

At the time set you should appear at Mr. Bandelin's office, together with two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19702

Mr. F. C. Weskil
Sandpoint, Idaho

Dear Mr. Weskil:

We enclose herewith Certificate of Completion of Works issued under the above numbered permit to appropriate 0.14 of a second foot of water from Fish Creek, a tributary of Lake Pend Oreille, in Bonner County, for irrigation and domestic use on Lot 2, Section 8, Township 55 North, Range 1 West, B. M.

We also enclose Departmental Receipt No. 19461 for the \$5.00 fee paid in connection with this proof.

We have also received duplicate notice of your intention to make beneficial use proof under this permit- but it is incomplete, in that you do not name either the time, or the place, or the name of the Notary Public, or other official authorized by law to administer oaths, before whom the proof is to be made.

We assume the proof will be made at Sandpoint, where you live, and also no doubt your two witnesses which the law requires in connection with this proof- and under the terms of the permit it must be made not later than July 18th.

Please advise us as to these necessary details, by return mail, if possible, so that we may complete the notice, and send a copy to the newspaper for publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Sandpoint, Idaho

Dear Sir:

Under the terms of your permit No. 19702 you are required to complete your diversion works and make proof of beneficial use on or before July 18, 1946.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public of Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is July 18, 1946, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP

Mr. Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp;

In answer to your inquiry in your letter of October 3rd regarding our application to appropriate the waters of Fish Creek. We wish to use one gallon per second to supply a ram which will lift about one tenth of this water to a higher level, the balance to be returned to Fish Creek.

The small spring mentioned in the application is doubtless mostly seepage from Fish Creek, which is mostly higher at this point than the spring. a retaining dam to maintain the creek level is necessary inasmuch as the creek changes levels frequently in the spring some places filling in and others gouging deeper. This dam replaces several nature filled dams about 12 feet distance

Trusting this explanation clarifies every point, I remain.

Very truly yours.

F C Weskil

19702

October 3, 1945

Mr. F. C. Weiskil
Sandpoint, Idaho

Dear Mr. Weiskil:

We wish to acknowledge receipt of your letter of September 27th inclosing therewith an application for permit to appropriate the waters of Fish Creek. We are returning the said application for the reason that you evidently forgot to sign the same as applicant in the space provided for signature on the third page.

In connection with the application, we would like to ask a few questions as follows: In answer to Question 2 of the form, you have stated, "One gallon" and we are wondering whether you mean one gallon per second or one gallon per minute. Is this stated quantity of water the amount of water lifted by your ram, or is it the amount of flow at point of diversion from Fish Creek, before it enters your flume, pipe and ram?

Your letter states that you wish to run a ram by the use of water from a small spring, while your application states the source of supply as being from Fish Creek. Please clarify this point.

Your answer to Question No. 2, should be the total amount of water at the point of diversion from Fish Creek or spring whichever is the case. What per cent of the water to be filed on will be pumped through the ram and what per cent will be waste? Does waste water used for power return to Fish Creek or where?

We also wish to acknowledge receipt of your check in the amount of \$5.00 covering filing fees, which we will keep in our vault awaiting the return of the application.

Thanking you for this information, we are

Very truly yours,

Mark R. Kulp

Sandpoint, Idaho September 27 1945

Department Of Reclamation
Boise, Idaho

Gentlemen;

The Application For Permit enclosed herewith contemplates using a small spring to supply a Ram for the purpose of elevating some of this water to a higher level. most of flow doubtlessly comes from seepage from Fish Creek, A small (diversion) dam is intended to retain the creek level at or near the height of the spring so that the flow of the water is constant throughout the year.

I trust this explanation will clarify the Application.

Very truly yours.
