Dear Sirs:

Upon searching the title on a portion of the Southeast $\frac{1}{4}$ of Section 4, Township 55 North, Range 2 West of the Boise Meridian, we discovered the following water rights conveyed by the State of Idaho under License 19030, recorded March 8, 1948 in Book 7 of Licenses, page 4399. The Bonner County Auditor's Office has no deed of record to the above mentioned water right and I would appreciate any assistance your office can give us as to locating the spring, cubic feet allowed to be taken out, etc., in that we are unable to verify this water right with the deed of record held in Bonner County.

Thanking you in advance for your prompt attention to this matter, I am

Sincerely,

Dear Mr. Haldeman:

We acknowledge receipt of the depositions of yourself and two witnesses submitted in Proof of Beneficial Use under your Permit No. 19030; also affidavit of publication in the Sandpoint News Bulletin, together with statement of costs.

The statement is returned herewith because that expense is to be paid by you and not by this department.

Before final action is taken in the matter of your permit, the law requires that a Field examination be made by an engineer from this Department.

We can not say just when this examination will be made, since this Department has but one field engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination, so that you may arrange to show him over the ground.

Dear Mr. Haldeman:

We acknowledge receipt of duplicate notice of beneficial use proof to be made under Permit No. 19030, and also, your authorization to have it published at your expense in the Sandpoint News-Bulletin.

However, we note that you have set the date for making proof at June 26th, which of course is an error, as there must first be the four weeks' publication. We assume that you meant July 26th, and have changed the notice accordingly.

A copy of the notice has been sent to the News-Bulletin with instructions to publish it once a week, ^{for 4 weeks} prior to that date, and to send you the affidavit of publication, together with statement of publication costs.

About ten days prior to the date set we shall send to Erma Carter, the Notary Public named in the notice, the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses, so that she may have them in ample time for the proof.

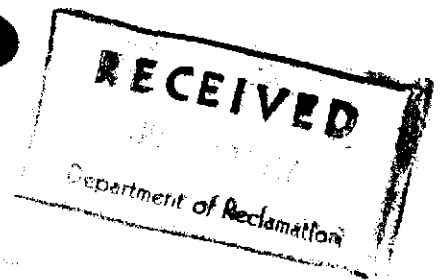

At the time set, 10:00 A.M. July 26, 1947, you should appear before the Notary Public, with two disinterested witnesses, who are familiar with the terms of your permit, and the work done thereunder, for the purpose of executing the depositions.

Dear Mr. Haldeman:

We acknowledge receipt of the depositions of yourself and two witnesses in proof of completion of works under Permit No. 19030; also payment of the \$5.00 fee in connection with this proof.

However, under Question 5 your witnesses should state that these works were completed prior to August 15, 1945 (the due date), if such was the case. This is necessary in order to reinstate the permit.

We are, therefore, returning these depositions in order that they may be corrected accordingly.

Dear Mr. Haldeman:

We acknowledge receipt of your letter of December 15th in reply to notice that Permit No. 19030 was held for cancellation for failure to make proof of completion of works, which was due on or before August 19, 1945.

We note your statement that you have installed works which are sufficient to divert and convey a certain amount of water from the spring for use in your house and garden.

We enclose forms of deposition to be executed by yourself and two disinterested witnesses before a Notary Public showing what works have been completed prior to the completion date of August 19, 1945. These depositions should be returned promptly to this department, together with the statutory fee of \$5.00, and upon approval of same the permit may be reinstated and certificate of completion of works issued.

Thereafter, the proof of beneficial use can be made on the amount actually developed, at any time on or before August 19, 1947, as provided under the terms of the permit.

PROOF OF COMPLETION OF WORKS

Mr. Earl D. Haldeman
Route 1
Eagle, Idaho

Boise, Idaho June 1, 1945

Dear Sir:-

Under the terms of your permit No. 19030-----you are required to complete your diversion works on or before August 19, 1945----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Application No. 26451

Mr. Earl D. Haldeman
Route 1
Sagle, Idaho

SIR:

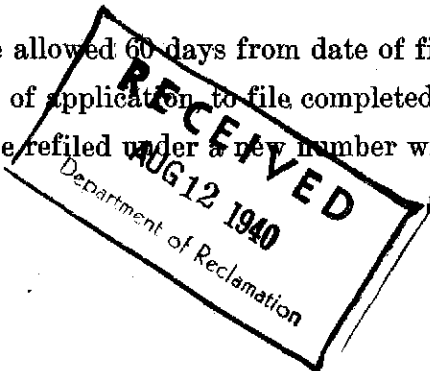

Application which has been filed under the above number is herewith returned for correction in the following particulars:

You show 6 acres under Paragraph 14. Paragraph 2 shows one cubic foot per second. We are allowed to grant permits for only 1/50 cubic foot per second (or one inch) for each acre of land, which, for six acres would be 0.12 cubic foot per second.

Either change Paragraph 2 or show more acreage under Paragraph 14.

If ditch is to be used complete Paragraph 11

You are allowed 60 days from date of first return for correction, as stamped in second line on back of application, to file completed application. If received after that date application can be refiled under a new number with later priority, requiring additional fee.

Yours truly,

JAMES SPOFFORD

COMMISSIONER OF RECLAMATION.
