Re: Carter Creek

18597

Mr. James L. Clements,
Box 295,
Hope, Idaho.

Dear Mr. Clements:

We have received your letter of August 21st which was addressed to the U. S. Bureau of Reclamation.

Water License No. 10051 was issued to M. Anderson, Robert C. Moter and Ellan Stewart for 0.44 c.f.s. from Carter Creek to irrigate 22 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 1, Twp. 56 N., Rge. 1 E. The map drawn by the examiner shows the land in three contiguous tracts in the NE Corner of the NE $\frac{1}{4}$ SE $\frac{1}{4}$, all situated north of Carter Creek. This was examined in April, 1917.

Water License No. 18597 was issued to Mrs. E. C. Van Stone for 0.4 c.f.s. to irrigate 2 acres in west center of SE $\frac{1}{4}$ NE $\frac{1}{4}$ and 18 acres through the center of SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 1, Twp. 56 N., Rge. 1 E. All land adjacent to the ditch as constructed in May, 1941.

We have no record of how much land was owned by the three owners of License No. 10051 or how the water was divided.

Both water rights apparently had a common point of diversion.

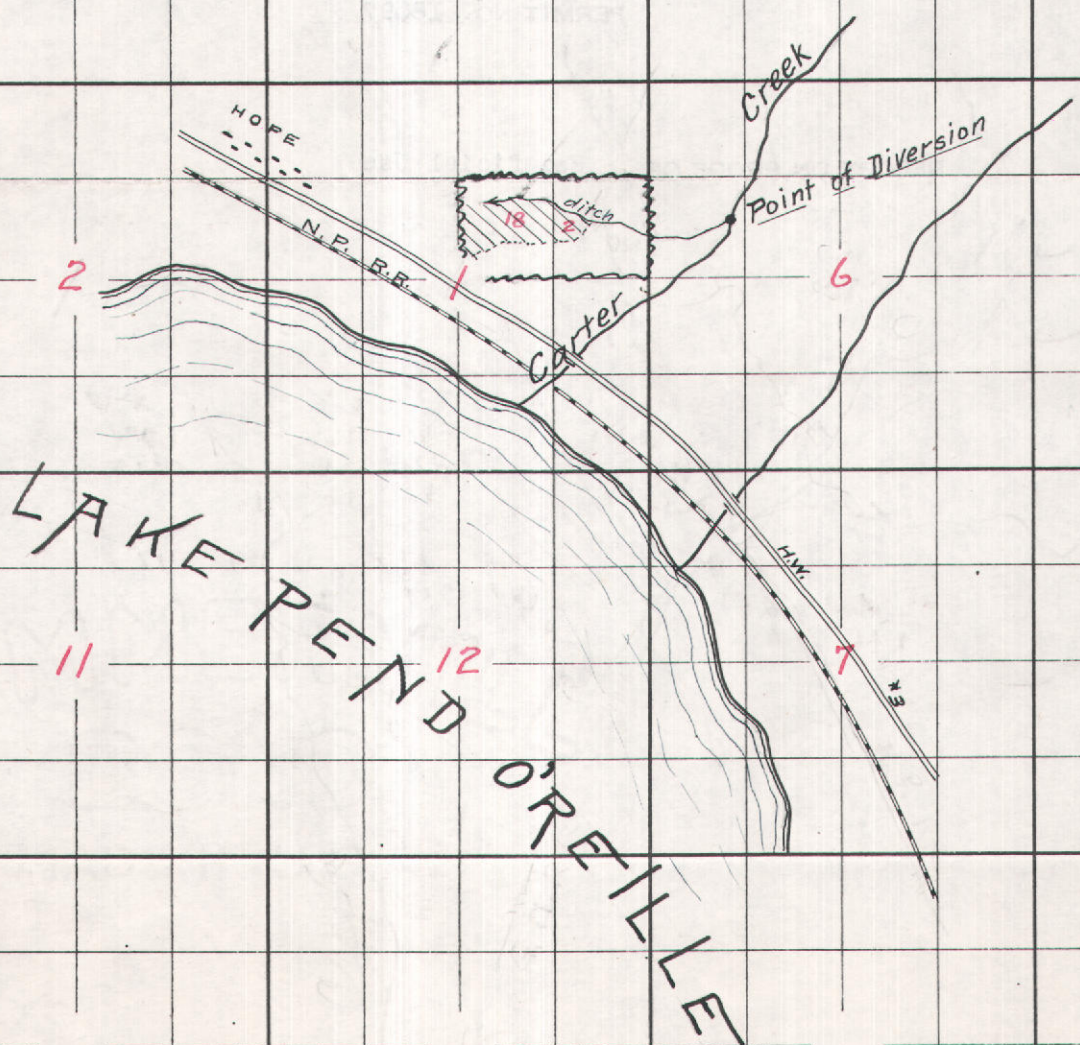

Very truly yours,

Dear Madam:-

We acknowledge receipt of your Affidavit in connection with proof of completion of works under the above numbered permit, and also \$5.00 in currency in payment of fee.

However, in checking over this proof we find that your answer to Question 8 shows that the water is available for 20 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 1, Twp. 56 N., Range 1 East, B.M. while your original application showed the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of this section.

Your prompt reply is necessary, because your proof should be in by March 24th.

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 18597..... you are required to complete your diversion works on or before March 24, 1939..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Re: Application for Permit.

Mrs. E. C. Van Stone
Hope, Idaho

Dear Mrs. Van Stone:

I have your application for permit to appropriate the public waters of the State of Idaho; however, you did not enclose the filing fee of \$5.00. We cannot accept this application until the filing fee has been paid. I am holding this application for permit in abeyance until we receive your check or money order for the filing fee, which in this case is \$5.00.

I trust that you will attend to this matter at your earliest possible convenience.

Very truly yours,

Paul H. Berg

Deputy Commissioner of Reclamation

*I am very sorry I did not understand
I had to send a fee*
