APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHOApplication No. 25625
Permit No. 18345
District No.

1. Name of Applicant: SCHOOL DISTRICT NO. 43

Postoffice address: Samuels County: Bonner State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors: Edna Courser, Clerk; H. F. Samuels, R. H. Hunt,
all of Samuels, Idaho

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: 0.1 cubic feet per second.

3. Source of water supply: Spring Creek which is a tributary of Pack River

4. Location of point of diversion: 2000 feet distant from the SE

corner of Section 11, T. 57 N., R. 2 W., B. M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 11, T. 57 N., R. 2 W., B. M., County of Bonner

5. Water is to be used for: School use

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 250.00

8. Kind of works: Rock dam, headgate and pipe

9. Height of dam 8 feet; length of dam at top 50 feet; length of dam at bottom 25

feet; material used in dam: Rock and cement

10. Size of headgate: Width 4 feet; height 1 feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water

feet; dimensions of flume:

Diameter of pipe 3/4 inches; length of conduit 2,000 ft. miles

Average grade per mile 60 feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is one additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

SCHOOL DISTRICT NO. 43

IV
aka **LEGAL NOTICES.**

VICE OF PROOF APPLICATION
aka **WATER TO BENEFICIAL USE**

Notice is hereby given that at 2:00
a.m. on the 8th day of September,
at Sandpoint, County of Bon-
ner, State of Idaho, before Judge
W. H. Sandpoint, Idaho, proof will be
submitted of the application to bene-
ficial use of 0.1 cubic feet per sec-
ond of the waters of Spring Creek
in accordance with the terms and
conditions of Permit No. 18345 here-
in issued by the Commissioner of
Reclamation of the State of Idaho.
The name and postoffice address of
the person or corporation holding said
permit are School District No. 43,
Bonner County, Idaho.
The use to which said water has
been applied is school and domestic.
The amount applied to beneficial
use is 0.1 cubic feet per second.
The place where said water is
used: In the school house and school
yard.
The name of the canal or ditch

or other works by which said water
is conducted to such place of use is
private pipe line

The right to use water from such
works is based upon Permit No.
18345.

The source of supply from which
such water is diverted is Spring
Creek, with point of diversion in
the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 11, T. 57 N.,
R. 2 W., B. M.

The date of priority which said
user is prepared to establish is
August 3, 1936.

R. W. FARIS,
Commissioner of Reclamation.

Re: License No. 18345

Walter W. Schwartz
Box 166
Samuels, Idaho

Dear Mr. Schwartz:

Water License No. 18345 was issued to School District No. 43 to divert 0.1 cubic feet per second of water from Spring Creek in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 11, through a pipe line to the school house in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 11, T. 59 N., R. 2 W., B. M. for school use. The water right is appurtenant to the land and you can probably use the water for domestic use under the license. The use would not be for irrigation as that is not included in the license.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Department of Reclamation

Dear Sir:

Would you please furnish me with any information you have as to Water Right application and proof of completion by School District #43 to an unnamed creek located in the West 1/2 of Section 11 Township 59 Range 2W B-M. (County of Bonner, State of Idaho)

If School District #43 has a water right filed on record with you can it be transferred to a new owner of that property

Respectfully yours,
18345- Walter W. Schwartz

Re: Permit No. 18345

School District No. 43,
C/o Mrs. Edna Courser,
Clerk of the Board,
Samuels, Idaho.

Dear Madam:

We have on file the report of our field engineer
on examination for beneficial use under the above
numbered permit.

This report shows that about 0.1 second foot of
water from Spring Creek has been applied to beneficial
use.

Therefore, upon receipt of the statutory fee of \$5.00
a license will be issued.

Very truly yours,

JAMES SPOFFORD

Affidavit of Publication

STATE OF IDAHO }
County of Bonner } ss.

L. E. Dietrich being first duly sworn on oath deposes and says that he is printer of The Daily Bulletin, a daily newspaper printed and published at Sandpoint, Bonner County, Idaho; that the said Daily Bulletin has been continuously and uninterruptedly published in said Bonner county during a period of 12 months or 313 days prior to the first publication of the hereto attached notice for publication in the case of Notice

of Proof Application
of Water to Beneficial Use

as it was published in the regular and entire issue of the said paper for a period of four consecutive weeks, commencing on the 16th day of August, 1938, and ending on the 16th day of Sept, 1938, and that said notice was published in said newspaper, and not in supplemental form.

L. E. Dietrich

Subscribed and sworn to before me this 8 day of Sept, 1938.

Carl K. Riff

Notary Public for Idaho.
Residing at Sandpoint, Idaho.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M. on the 8th day of September, 1938, at Sandpoint, County of Bonner, State of Idaho, before Judge Long, Sandpoint, Idaho, proof will be submitted of the application to beneficial use of 0.1 cubic feet per second of the waters of Spring Creek in accordance with the terms and conditions of Permit No. 18345 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are School District No. 43, Samuels, Bonner County, Idaho.

The use to which said water has been applied is school and domestic.

The amount applied to beneficial use is 0.1 cubic feet per second.

The place where said water is used: In the school house and school cottage.

The name of the canal or ditch

or other works by which said water is conducted to such place of use is private pipe line.

The right to take water from such works is based upon Permit No. 18345.

The source of supply from which such water is diverted is Spring Creek, with point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 11, T. 57 N., R. 2 W., B. M.

The date of priority which said user is prepared to establish is August 3, 1936.

R. W. FARIS,
Commissioner of Reclamation.

Re: Permit No. 18345
School District No. 43

Mrs. Edna Courser,
Clerk of the Board,
Sammels, Idaho.

Dear Madam:-

This will acknowledge deposition of the holder, and depositions of two witnesses, in connection with the beneficial use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office, you will be further notified as to fees before the issuance of your license.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Ques. 3. Have you read or heard read said Permit No. 18345, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 2000 ft. distance from SE corner of Section 11 Township 57 North,
Range 2 West Boise Meridian in NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 11 Township
57 North, Range 2 W. B. M. in Bonner County, Idaho

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.1 Cubic foot per second - piped down with galvanized pipe.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. School Purposes

18345-

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. none

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. none

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. _____

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, August 29, -1938

Judge Long
Sandpoint, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18345.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 8, 1938, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho, before Judge Long.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. W. FARIS

Commissioner of Reclamation.

Re: Permit No. 18345.

Mr. Everett E. Hunt
Attorney at Law
Sandpoint, Idaho

Dear Sir:

We have your letter of August 17th in which you make inquiry concerning the above numbered permit to appropriate the public waters of the State of Idaho.

On August 3rd, 1936, R. H. Hunt filed in this Department, in behalf of School District No. 43, Samuels, Bonner County, Idaho, an application for a permit to appropriate 0.1 of a second foot of the waters of Spring Creek for school use. On September 8th, 1936, the Commissioner of Reclamation granted this application for permit, the permit number being 18345. Point of diversion under this permit is located 2000 feet from the SE corner of Section 11, T. 57 N., R. 2 W., B. M., in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 11, T. 57 N., R. 2 W., B. M. Proof of completion of works was made September 14th, 1937; and as stated in the notice now being published in Bonner County, the final proof, or beneficial use proof, is to be made September 18th, 1938.

We trust that this is the information you desire; however, if there are any further questions, please advise us.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

EVERETT E. HUNT
ATTORNEY-AT-LAW
SANDPOINT, IDAHO

August 17, 1938

Mr. R. W. Faris
Commissioner of Reclamation
Statehouse
Boise, Idaho

Dear Sir:

Attached hereto please find copy of Notice of Proof Application of Water to Beneficial Use, which appeared Tuesday in the Sandpoint Daily Bulletin.

One of my clients is the owner of a water right upon Spring Creek and apparently this new application is for the purpose of taking water from nearly the same spot that my client's works are located upon. I would greatly appreciate, therefore, if you would give me such other and further information that would enable me to ascertain just what this application is about so that I may appear And protest at the hearing in case that my client's rights should be prejudiced

Will you kindly advise me the pertinent facts concerning ownership, etc. of Permit No. 18345...

I beg to remain,

Thanking you for the above,

Very respectfully,

A handwritten signature in dark ink, appearing to read "Everett E. Hunt". The signature is fluid and cursive, with a large initial "E".

Re: Permit No. 18345.

Mrs. Edna Courser, Clerk
School District No. 43
Samuels, Idaho

Dear Madam:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof under the above numbered permit.

A copy of the notice has been mailed to the Daily Bulletin, Sandpoint, Idaho, with instructions to publish it once a week for four consecutive weeks prior to September 8th, 1938. About ten days prior to this date depositions, consisting of one for the holder and one each for two witnesses, will be mailed to Judge Long, Sandpoint, Idaho, so that he will have them in ample time for the proof.

On the date designated the authorized agent for the School District should appear at Judge Long's office with two disinterested witnesses who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

R. H. Hunt, Agent
School Dist. # 43
Samuels, Idaho

Boise, Idaho, **July 10, 1937**

Dear Sir:—

Under the terms of your permit No.....**18345**.....you are required to complete your diversion works on or before.....**Sept. 8, 1937**..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided, the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Re: Application for Permit

SCHOOL DISTRICT #43
R. H. Hunt, Chairman
Samuels, Idaho

Dear Sir:

Your application for permit to appropriate water from what appears to be Spring Creek, a tributary of Pack River in Bonner County, for school use, is being returned at this time for completion and the filing fee.

You gave the quantity of water claimed as an amount sufficient to fill a 3/4" pipe. This quantity is extremely indefinite in view of the fact that an increased or decreased gradient would increase or decrease the quantity that the pipe would carry proportionately to such change.

You did state that the average grade per mile is 30 ft. However, the pipe line will be but 2,000 ft. in length so one can not determine from this figure whether or not the grade will be uniform. Nevertheless, 2 miner's inches or 0.04 of one cubic foot of water per second is all that the pipe line would carry under ordinary conditions. This quantity is equivalent to a continuous flow of approximately 18 gallons per minute and will no doubt be more than ample to satisfy the school needs.

If this quantity is agreeable with you, and the source of supply is properly defined as Spring Creek, kindly return the application with a \$5.00 filing fee and it will be approved immediately upon its receipt.

Very truly yours

Chief Clerk & Office Engineer
