

State of Idaho
License and Certificate of Water Right

Water License No. 18070
Water District No.

Amount 0.2 second foot
Priority January 24, 1935

THIS IS TO CERTIFY that EDWARD B. CLARK
of Clark's Fork, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated January 24, 1935; that Permit No. 18070
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.6 second feet, was issued thereunder on June 27, 1938, showing that said works
were completed on the 9th day of June, 1938; and that on the 1st
day of June, 1940,

EDWARD B. CLARK

of Clark's Fork, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of East Fork of
Mosquito Creek, a tributary of Clark's Fork River, for the purpose of irrigation and domestic
use, under Use Permit No. 18070 of the Commissioner of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 4036, on the 23rd day of December, 1940;

The right hereby confirmed dates from January 24, 1935;

The Point of Diversion is located
in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 32, Tp. 56 N., R. 3 E., B. M. Bonner County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 0.2
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
56 N	3 E.	31	SE $\frac{1}{4}$ NE $\frac{1}{4}$	15	10
		32	SW $\frac{1}{4}$ NW $\frac{1}{4}$	10	-
			NW $\frac{1}{4}$ SW $\frac{1}{4}$	5	-
			Number of acres actually irrigated -		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

96 - 2135

Application No. 25278
Permit No. 18070
District No.

1. Name of Applicant: EDWARD B. CLARK

Postoffice address: Clarksfork County: Bonner State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 0.6 cubic feet per second.

3. Source of water supply: East Fork of Mosquito Creek which is a tributary of Clarksfork River

4. Location of point of diversion: 1500 feet distant from the SE

corner of Section 28, T. 56 N., R. 3 E., B. M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 28, T. 56 N., R. 3 E., B. M., County of Bonner

5. Water is to be used for: Irrigation and domestic use

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.

7. Estimated cost of works: \$ 200.00

8. Kind of works: Dam, ditch and flume

9. Height of dam 3 feet; length of dam at top 10 feet; length of dam at bottom 8
feet; material used in dam: Concrete

10. Size of headgate: Width $1\frac{1}{2}$ feet; height 3 feet.

11. Ditch: Width at bottom 2 feet; width at water line $2\frac{1}{2}$ feet; depth of water 10"

feet; dimensions of flume: 12" x 8"

Diameter of pipe inches; length of conduit $1\frac{3}{4}$ miles.

Average grade per mile 10 feet.

12. The time required for the completion of such work is 2 years.

13. The time required for the complete application of the water to the proposed use is 2 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Edward B. Clark

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 11:00 A. M. January 24, 1935

Returned to applicant for correction: January 31, 1935

Corrected application received: February 9, 1935

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 18070

Recorded in Book 65 Page 18070 Approved February 12, 1935

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before April 13, 1935

and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before February 12, 1936

The whole of said work to be completed on or before February 12, 1937

Beneficial use of water appropriated in accordance herewith, to be made on or before ~~February 12, 1939~~ June 1, 1971

AFFIDAVIT FOR CHANGE OF POINT OF DIVERSION OF WATER RIGHT

PERMIT NO. 18070

STATE OF IDAHO)
 : ss.
 COUNTY OF BONNER)

Edward B. Clark, being first duly sworn, deposes and says: That his postoffice address is Clarksfork, Idaho. That he is the owner of and using a certain water right, for 0.6 cubic feet per second of the water of East Fork of Mosquito Creek, County of Bonner, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 18070, issued by the Commissioner of Reclamation, dated February 12, 1935, bearing date of priority of January 24, 1935, for the purpose of irrigation the following described lands, situate, lying and being in Water District No., in the County of Bonner, and State of Idaho, to-wit: 15 acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 31; 10 acres in SW $\frac{1}{4}$ NW $\frac{1}{4}$, and 5 acres in NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 32; all in Twp. 56 N., Range 3 E., B.M. and is the person to whom such right was so issued.

That said waters are now shown in the permit as being diverted from said stream in the NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 28, Twp. 56 N., Range 3 E., and conducted to the above described lands through the Clark Ditch, as per map filed herewith and of this affidavit made a part;

That affiant desires to change the point of diversion of said waters from the point above described to a point located in NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32, Twp. 56 N., Range 3 E., and thereafter conduct same to the above described land through the Clark Ditch, as per map above referred to.

That his reasons for desiring to make such change are as follows: There was an error in the original description of this point of diversion.

That no one will be injured by such change and that such change will be made at affiant's own risk.

EDWARD B. CLARK
 Affiant.

RE: License No. 5847, Lawrence Mining & Milling Co.
18070, Edward B. Clark
Permit No. 19155, Kaniksu National Forest

5420

John D. Beebe, Forest Supervisor
Kaniksu National Forest
Sandpoint, Idaho

Dear Mr. Beebe:

We received your letter of November 16, 1960 requesting information concerning water rights on Mosquito Creek.

License No. 5847 was issued to Lawrence Mining & Milling Company for 7.0 cubic feet per second, priority April 2, 1912 to divert from Mosquito Creek in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 56 North, Range 2 East to place of use in NW $\frac{1}{4}$ of Section 1, Township 55 North, Range 2 East for power and mining.

License No. 18070 was issued to Edward B. Clark for 0.2 cubic foot per second, priority January 24, 1935 to divert from Mosquito Creek in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 32 for irrigation and domestic use in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 31, Township 56 North, Range 3 East.

Permit No. 19155 to Kaniksu National Forest, Certificate of Completion of Works issued showing 0.25 cubic foot per second, priority August 7, 1941, diverted from Mosquito Creek in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 36, Township 56 North, Range 2 East for domestic use at Antelope Ranger Station in the NW $\frac{1}{4}$ of Section 1, Township 55 North, Range 2 East. Proof of beneficial use of the water was made; however the affidavit of publication was not received in this office and no further action. For your information, the legal notice of intention to make proof of beneficial use of the water was published in October 30, November 6, 13, 20, 1941.

Provided you furnished the affidavit of publication, the field examination can be made and the license issued.

No further water rights from Mosquito Creek were found of record in this office.

Very truly yours,

Ralph W. Thomas
Deputy State Reclamation Engineer

Re: Permit No. 18070

Mr. Charles H. Wolf,
Notary Public,
Clark's Fork, Idaho.

Dear Mr. Wolf:

We are in receipt of your letter of July 8th, in regard to depositions taken before you in connection with beneficial use proof under Permit No. 18070 in the name of Edward B. Clark.

The depositions reached us in proper form, and we appreciate your information in regard to the protest of Mary A. Wright. We are sorry if we have seemed negligent in acknowledging them to you, but we did write Mr. Clark on June 6th, as it is the custom of this department to make such acknowledgment to the permit holder rather than the Notary.

We do not quite understand your last sentence wherein you ask us to "kindly remit". The cost of taking these depositions is not paid by the State but by the permit holder, and we assumed, of course, that Mr. Clark had settled with you at the time the depositions were executed.

If he has not done so, we suggest that you take the matter up with him; and so that there may be no misunderstanding in the matter we are sending him a copy of this letter.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

18070

June 6, 1940

Re: Permit No. 18070

Mr. Edward B. Clark,
Clarks Fork, Idaho.

Dear Mr. Clark:-

We are in receipt of a letter from Mr. Charles H. Wolfe, Notary Public, enclosing deposition of the holder, depositions of two witnesses, and Affidavit of Publication from the Northern Idaho News, all in connection with beneficial use proof under your Permit No. 18070.

Mr. Wolfe has also sent us a letter from Mary A. Wright, of Granite, Idaho, filing a protest against the issuance of a license under this permit; but advises that the matter was satisfactorily adjusted between you by your agreement, as set out in your deposition, that you would never deprive her adjoining land, as described, of water for domestic use.

The law requires that before final action can be taken in this matter an examination must be made by a field engineer from this department. We cannot say just when this examination will be made, since the department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination, so that you can show him over the grounds; and when his report is on file in this office a license will be issued in accordance therewith.

Meanwhile, you may send us your check for the \$5.00 fee, being at the rate of \$2.00 for each 40-acre subdivision included in your application.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

Re Permit 18070 Edward B. Clark.

Dear Sir:

As per your instructions of May 21st I have taken the affidavits of the Permit Holder and 2 witnesses N. W. Webb and Stacy A. Pierce and enclose same herewith together with proof of publication of notice of hearing -

Also enclosed find a letter I received from Mary A. Wright of Granite, Idaho. She also appeared in person at the hearing. I advised her and Clark to get together on some basis, and as a result the Permit Holder made the declaration at the end of his testimony, as you will notice. This satisfied Mrs Wright and prevented a contest, which she threatened.

I trust you will find everything in order. If there is anything further you desire, command me.

Sincerely,
Charles H. Wolfe

Notice of Publication

as it was published in the regular and entire issue of said paper for a period of four consecutive weeks, commencing on the 3 day of May 1940, and ending on the 24 day of May 1940, and that said notice was published in said newspaper proper, and not in supplement form.

Subscribed and sworn to before me this 24 day of

May A. D. 1940

Copy of W. R. Standacher

NOTICE FOR PUBLICATION. NOTICE OF PROOF APPLICATION OF WATER

To Beneficial Use.

Notice is hereby given that at 10:00 a. m. on the 1st day of June, 1940, at Clarksfork, County of Bonner, State of Idaho, before Charles Woolf, Notary Public, proof will be submitted of the application to beneficial use of 0.6 cubic feet per second of the waters of East Fork Mosquito Creek in accordance with the terms and conditions of Permit No. 18070 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Edward B. Clark, Clarksfork, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied for beneficial use is 0.6 second foot.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated), SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31; SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32; all in Township 56 N. Range 3 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Clark Ditch.

The right to take water from such works is based upon Permit No. 18070.

The source of supply from which such water is diverted is East Fork Mosquito Creek.

The date of priority which said user is prepared to establish is January 24, 1935.

JAMES SPOFFORD,
Commissioner of Reclamation.

May 3-24

Permit No. 18070

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. *Edwards B. Clark, Clark Fork, Bonner Co, Idaho*
Farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. *I do not represent any corporation.*

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit. *No 18070 January 24 1935*

Ans.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. *Source is East Fork of Mosquito Creek, Bonner Co, Idaho.*
Point of diversion is NE 1/4 of SE 1/4 Sec 32 Tp 56 N R 3 E said County and State.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. *Am 3' high of concrete, 15' long, 8" thick, capable of conveying 26 cubic ft per second from point of diversion to place of use Clark Canal*

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. *Water to be used for irrigation and domestic use on farm land. Land already irrigated is 5 acres in SE 1/4 of NE 1/4 Sec 31 Tp 56 N R 3 Bm which is cultivated land, not meadow. Fields and garden have been irrigated & furnished domestic use. SW of NW 1/4 and NW 1/4 of SE 1/4 Sec 32 Tp 56 N R 3 E Bm not developed.*

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. *For domestic use, no horsepower is generated*

Rec'd per 600 (R. 17455)

18070

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Full head of ^{cus} ft per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Applicant is the original owner.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. For irrigation of 5 acres as above described and for domestic use.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. That there are no other appropriations or diversions on the East Fork of said Mosquito Creek.

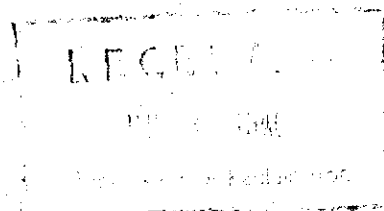

In reference to the attached letter of Mrs. Mary A. Wright I declare that I shall never at any time deprive the adjoining land viz. S¹/₂ of SE¹/₄ Sec 31 T⁵S R³E S²P. M. Bonney Co. Ida. title of Mrs. A. Wright of water for domestic uses (Sign) Edward B. Clark

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Clarks Fork County of Bonner State of Idaho, on this 1st day of June A. PERMIT NO. 18070

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. H. W. Webb, 68, Clark Fork, Bonner Co., Idaho.

Mining. P.O. in " "

Ques. 2. Are you acquainted with Edward B. Clark, the holder of Permit No. 18070? How long have you known him and where does he reside?

Ans. Known him 10 or 12 years - ever since.
He has been in this country, Clark Fork, Idaho.
on his ranch near said town.

Ques. 3. Have you read or heard read said Permit No. 18070, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source - East ^{Fork} Mosquito Creek, Bonner Co., Idaho.
Point of diversion is NE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec 32 T₅₆ R₃ Range
3 - East Lais County and State. I am personally,
familiar with the diversion point, but I am assuming
the accuracy of the legal description as given by Mr. Clark.
Works for conveying are dam and ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 0.6 inches cubic ft per second from point of diversion
to place of use.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for irrigation and domestic use -
I saw 5 acres (not meadow) under irrigation
being brush land which was cleared. I assume,
that the legal description is as Mr. Clark
testified.

18070

OK
HD

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. No water used to generate power.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of soil: Gravelly clay colored loam.
6 or 7 cu. ft. water necessary for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 1838 walked over the land and saw it being
irrigated

(Signed)

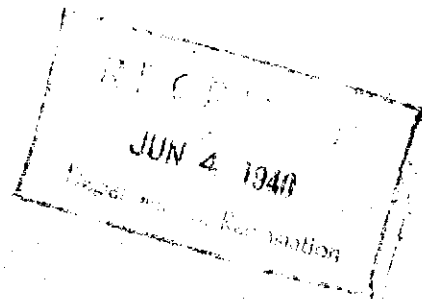

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Clarks Fork, County of Bonner, State of Idaho, on this day of 1st June A. PERMIT NO. 18070

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

✓ Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Stacy A. Pierce, 40 yrs of age, Hope, Idaho, Farmer

P.O. address: Hope, Idaho.

✓ Ques. 2. Are you acquainted with Edward B. Clark, the holder of Permit No. 18070? How long have you known him and where does he reside?

Ans. I have known him for 15 yrs. He resides at Clarkfork, Idaho

✓ Ques. 3. Have you read or heard read said Permit No. 18070, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of water supply is East Fork Mosquito Creek. The place of diversion is on NE 1/4 of SE Sec. 32, T56, R56, Bonner Co. Idaho. I have personally seen the point of diversion, but I assume Mr. Clark's statement in his affidavit is accurate as to legal description. Works for conveying water: Dam and ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the ditch & Dam will conduct 1 cu. ft of water. I have seen about 2 cu. ft of water conveyed thru ditch.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is used for Irrigation & domestic on the Edward B. Clark farm as described in his testimony. He irrigates 5 acres ^{not} including his meadows & garden. Land cultivated. Irrigates clover, alfalfa & garden for household use.

18070

6417

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. not used for power

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Cultivated land I should have at least .6 cubic feet of water for proper irrigation. Land is clay-loam.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In Summer of 1938 & 1939 I traveled the entire length of ditch & observed water running freely thru ditch onto garden & meadow being irrigated & used at house.

(Signed)

Stanley A. Pierce

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 10 day of June, 1940,
 at Clarksfork, County of Bonner, State of Idaho, before
2, proof will be submitted of the
 application to beneficial use of 0.6 cubic feet per second of the waters of E Fork
Morgantown in accordance with the terms and conditions of Permit No. 18070
 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Edward B. Clark of Clarksfork Idaho

The use to which said water has been applied is Irrigation & Domestic

The amount applied to beneficial use is 0.6 Sec ft.

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) Irrigation of lands in S.E. 1/4 of N.E. 1/4 Sec 32
Township 55S - R. 3, East of B.M.
15a S.W. 1/4 of NW 10a SW 1/4 of SW in Sec 31

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is Clark Ditch

The right to take water from such works is based upon Permit No. 18070

The source of supply from which such water is diverted is East fork of Morgantown
Creek

The date of priority which said user is prepared to establish is Jan 24 - 1935

Commissioner of Reclamation.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) April 17, 1940

(P. O.) Clarkfork

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Idaho Northern News of Sandpoint, published in
the county in which the works are situated.

Edward B. Clark

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

18070

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 1st day of June, 19 40,
 at Clarksfork, County of Bonner, State of Idaho, before
Charles Woolf, Notary Public, proof will be submitted of the
 application to beneficial use of 0.6 cubic feet per second of the waters of East Fork
Mosquito Creek in accordance with the terms and conditions of Permit No. 18070
 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Edward B. Clark, Clarksfork, Idaho

The use to which said water has been applied is irrigation and domestic

The amount applied to beneficial use is 0.6 second foot

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31; SW $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32; All in
Township 36 N. Range 3 E., B.M.

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is Clark Ditch

Commissioner of Reclamation.

18070

April 29, 1940

Re: Permit No. 18070

Mr. Edward B. Clark,
Clarksfork, Idaho.

Dear Sir:-

We acknowledge receipt of your letter of April 25th, enclosing Affidavit for Change of Point of Diversion in connection with your above numbered Permit, which we have recorded and return to you herewith, to be attached to and made a part of your permit.

We have filled out the Notice, in accordance with your letter, showing that the beneficial use proof will be made on June 1st, at ten o'clock A.M., before Charles Woolf, Notary Public.

This notice has been sent to the Northern Idaho News, of Sandpoint, with instructions to publish once a week for four consecutive weeks prior to June 1st, and to send you the Affidavit of Publication, also his bill for publishing.

About ten days prior to June 1st we shall send to Mr. Woolf the necessary depositions, consisting of one for the holder and one for each of two witnesses, so that he may have them in ample time for the proof.

On that date you should appear at Mr. Woolf's office, together with two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation
By

Chief Clerk

JLA

Dear Sir:

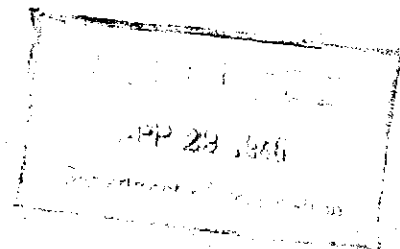

Inclosed please find maps of Correction
^{Charles Woolf}
Mr. ~~Woolf~~. Notary Public, And to change
date from June 10th to June 1st

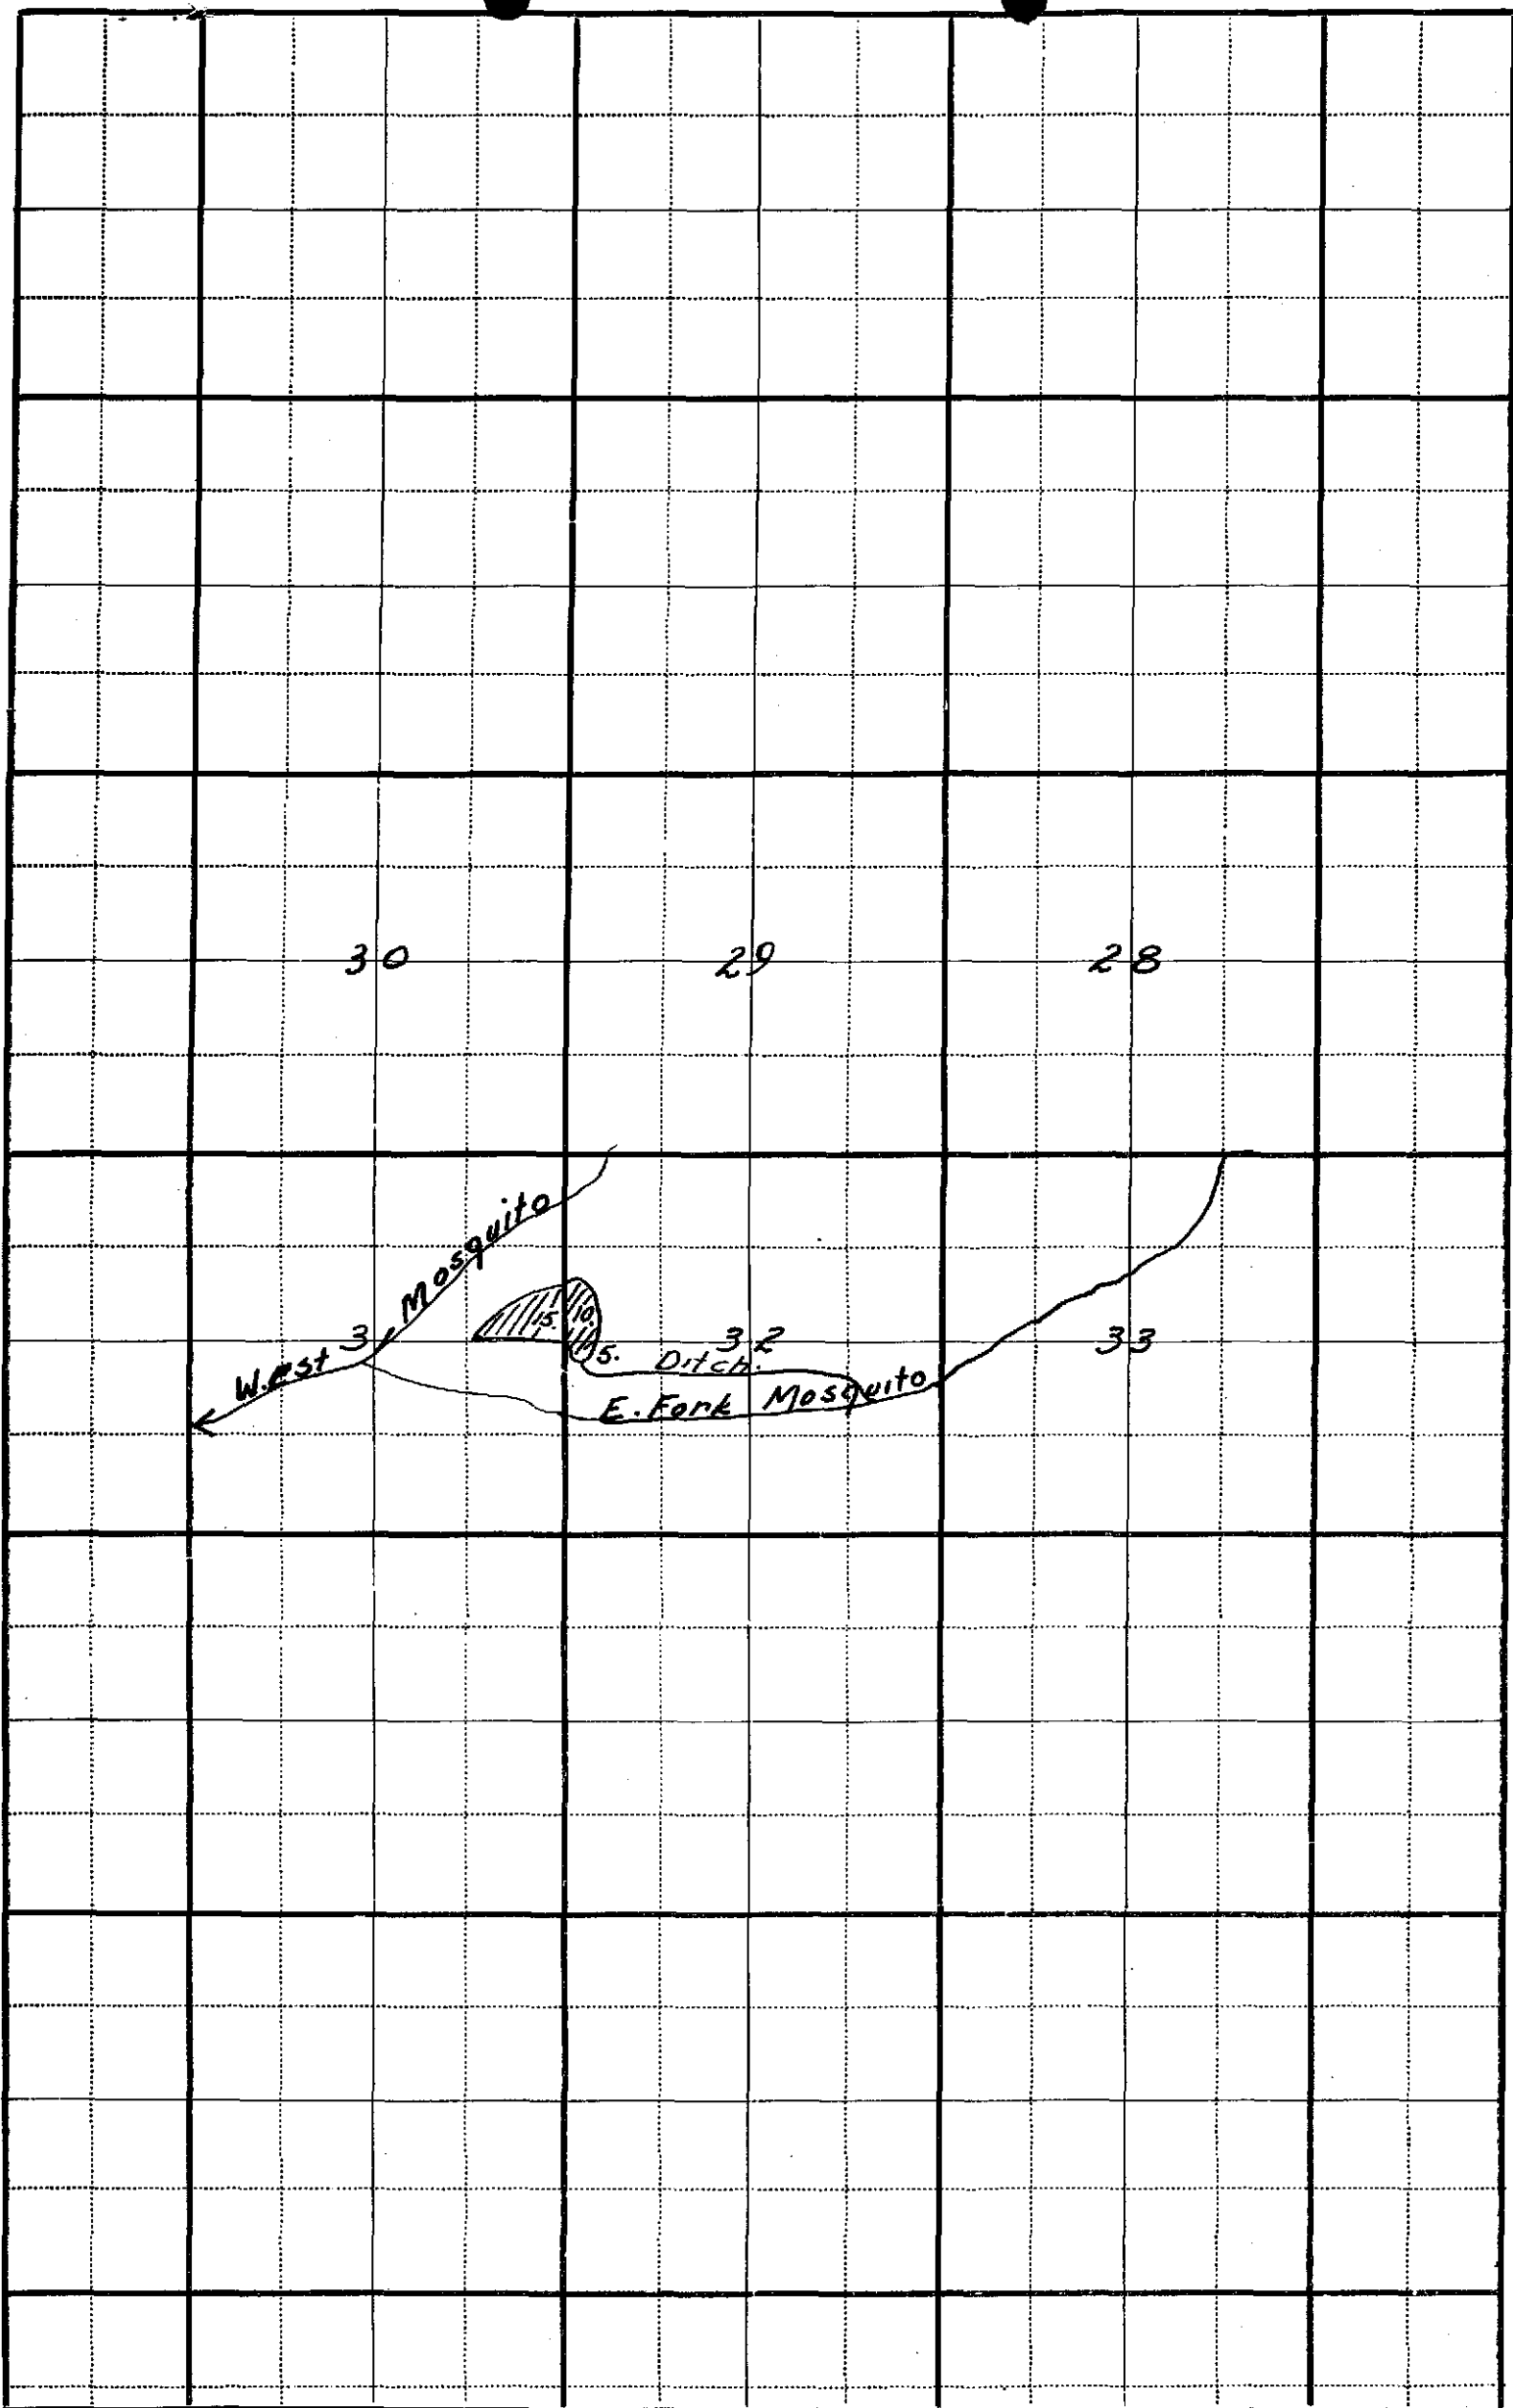

As per your order. I note you say I reversed
the land description. However I thought I took
the description as read on Application. To make
it as you see it on former paper & permit is O.K.

yours truly

Edward B Clark

18070

April 30, 1940

Re: Permit No. 18070

Mr. Edward B. Clark,
Clarksfork, Idaho.

Dear Mr. Clark:

We acknowledge receipt of your letter enclosing notice of your intention to make proof of beneficial use under the above numbered permit, and your authorization to publish this notice in the Northern Idaho News of Sandpoint.

However, you have failed to give the name of the Notary Public at Clarksfork before whom these depositions are to be taken, which it is necessary to include in the notice; also, inasmuch as this proof is due on or before June 1st, it will be necessary to change the date for making proof from June 10th to either June 1st or some earlier date.

Upon receipt of your reply to these two matters the notice will be sent to the newspaper for publication.

We also note that you have described the lands to be irrigated as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 32, and the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 31. We think you have just reversed these sections, as the permit gives it as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 31, and the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32 so we shall make the correction in the notice.

In regard to change in point of diversion, it is important that this change be placed on record, and we are enclosing a form of Affidavit in connection with such change, which should be executed by you before a Notary Public, and returned to this office, together with duplicate maps, on the forms enclosed, showing the correct point of diversion.

Very truly yours,

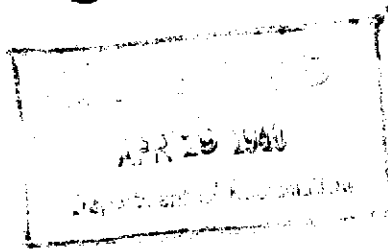

JAMES SPOFFORD
Commissioner of Reclamation

18070

Clarks Fork Idaho

April, 1940

Mr James Spofford

Commissioner of Reclamation
State of Idaho

Dear Sir:

I have received proof of application of water for beneficial use under permit No 18070, and filled out accordingly. One thing in particular to mention this.

As to location of Dam, and ditch on proper legal subdivisions.

As for instance. Instead of S.E. $\frac{1}{4}$ of Sec 28, T36-R3 East of B.M. It should have been, the diversion dam in N.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ of Sec 32, T36-R3-E of B.M.

May this be corrected with out a great deal of work. I now own the lands on which the dam and ditch is on. If not necessary to correct, let it go. I was depending on field map. later found them not yours truly
Correct.

Mr R. H. Faris

Dear Sir

Inclosed you will please find permit form
signed as requested. Inclosed please find P.O. money order

\$ 5.00
I have been some what delayed, on account
of farming, and slides along canyon. It all comes
in a bunch in this country. As we can not do
ditch work till spring. As snow lays so late

It is snowing at this date my fields are white.
It looked like I would have to start irrigating
right away as it was getting very dry here.

Trusting you will find this paper O.K.

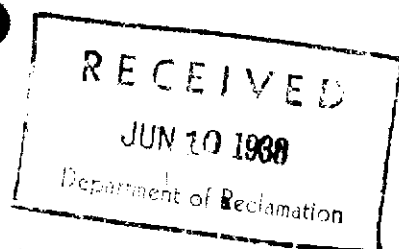

Yours truly
Edward B. Clark

P.S. I asked the County commissioners for
a wright of way thru tax title lands
which they did. The balance of ditch is on my
own land. So I hope that will meet your require-
ments.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Edward B. Clark
Clarksfork, Idaho

Boise, Idaho, April 12, 1938

Dear Sir:—

Under the terms of your permit No. 18070 you are required to complete your diversion works on or before June 1, 1938. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

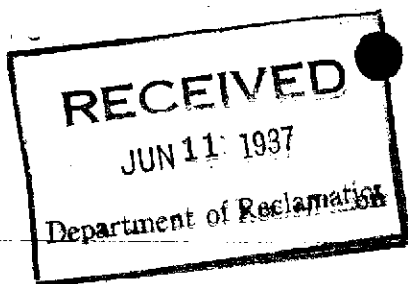

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Boise Ida

Mr R. H. Harris

Dear Sir

You have by this time rec'd my application for extension of 60 da. time. And probly wondering what song.

I have noted more carefully the extension of time given me, which states on the receipt also letter allowing me June 1, 1938

So will say I am sorry to have put you to extra bother.

I have been working desperately hard to get the water on land to be irrigated by June 10th 1937. As I assumed the time out.

Usually water is not needed untill July and then Aug. which is very dry. But this year my Clover is needing water at this date.

Just as I had prepared my letter to mail out, my wife handed me your letter of the 4th. So my oversight as mentioned here is cleared up. And thanking you for same.

Yours very truly Edward B Clark

Re: Permit 18070.

Mr. Edward B. Clark
Clark Fork, Idaho

Dear Sir:

I just received your letter of June 1st with further reference to the matter of your offering proof of completion of works under this permit. You say that you wish to apply for another sixty days extension of time, as suggested to you in my last letter.

This, however, will not be necessary, since I find upon further examination of the record that last February when you applied for an extension of time, the time for proof was extended to June 1st, 1938. Consequently you need not offer proof until that date unless you desire to.

Very truly yours,

Deputy Commissioner of Reclamation

PLH:jl

18070

Clark Fork Ida

June 1-1937

Department of Reclamation
Boise Idaho

Mr Paul L Henry
Dear Sir:

In reference to my permit No. 18070 also your letter of May 21, I beg to say, I believe it wise to do as you say, that I apply for another extension of time, of 60 days, which will give me time to get the project in a more acceptable shape.

I wish to say further, Last year I nearly lost my house for the lack of immediate water, had it not been for the desperate fight of my wife and little boy carrying snow up and throwing into it, The main creek is only 200 ft from the house but about 125 ft down in the Canyon. I am thru farming at this date, and started again on the ditch yesterday. I believe I will have the water on the land to be irrigated before date. The soil will not carry the water, there is no hard pan, and the soil is of a alluvial. I lived in the Gem irrigation project and Boise project 5 years before coming here. I am saying you for this favor
18070 Yours truly Edward B. Clark

P.S. I should get the water on the land as per record book
8 in of this no. I will mail the affidavit in by air mail

May 21, 1937

Re: Permit 18070. ✓

Mr. Edward B. Clark
Clarksfork, Idaho

Dear Sir:

In reply to your letter of May 18th, please be advised that your affidavit for proof of completion of works need not be filed with this department until June 10th, but if it arrives later than that date, we will not be able to accept it, in which case your permit would lapse and become subject to cancellation.

If you, therefore, cannot have this instrument properly executed and in this office by June 10th, it will be well for you to apply for another extension of time, perhaps for another sixty days.

Very truly yours,

Deputy Commissioner of Reclamation

Department of Reclamation

Boise I.

Mr R. W. Faris, Com. of Rec.-

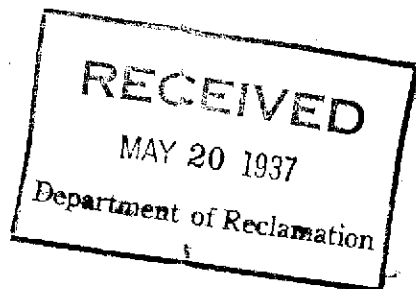

Dear Sir.

In reference to my water permit No 18070. I wish to ask for 10 or 15 days grace or extension, making it June 10th or 15th. By that time I will have the water on the ground to be irrigated, I have the most difficult part of the ditch work completed, I have about 58 ft. of a seven foot cut to dig and from that point the ditch will not have to be carried on grade. I trust you may favor me with this request. I worked on the W. P. A. up to and in April, which delayed me some in my own work.

Thanking you for such favor.

Yours truly

Edward B Clark

Re: Permit No. 18070

EDWARD B. CLARK
Clarksfork, Idaho

Dear Sir:

You will find attached hereto, Approval of the Commissioner of Reclamation for an extension of time to June 1, 1938 in which to complete the diversion works under the above numbered permit.

This office will notify you and furnish you with the proper blanks and instructions, about sixty days prior to the time when this proof again becomes due.

Very truly yours

R. W. FARIS
Commissioner of Reclamation

Permit No. 18070

Application for Extension of Time

FOR COMPLETION OF WORKS

Edward B. Clark, of Clarksfork
State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 18070

Under the terms and conditions of said permit, construction work thereunder was required to be completed by Feb 12th, 1937

That he has heretofore performed the following work described under said permit:

Dam 12 ft long 4 ft high, ditch
about 400 feet completed

costing \$ 50.00

THAT he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

Lack of finance, weather conditions
timber growth, dead down timber which has to
be removed from ditch rightaway, two rock
cuts.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of construction work under said permit, to June 1st, 1938

Edward B. Clark

Subscribed and sworn to before me this 12 day of February, 1937

My commission expires _____

H. E. Johnston
40

Notary Public.

Date of receipt at Department of Reclamation.

APPROVAL OF COMMISSIONER OF RECLAMATION

I, R. W. FARIS, Commissioner of Reclamation of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 18070, to June 1, 1938.

Witness my hand this 15th day of February, 1937

R. W. Faris
Commissioner of Reclamation.

Re: Permit No. 18070

EDWARD B. CLARK
Clarks Fork, Idaho

Dear Sir:

In response to your letter of recent date, we are enclosing herewith, a blank form upon which you may file an application for an extension of time in which to complete the works required under the terms of the above permit.

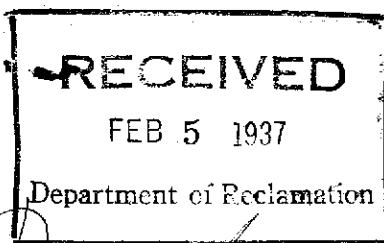

Inasmuch as proof will be due on February 12th, the application will have to be returned to this department on or before that date.

Very truly yours

Chief Clerk & Office Engineer

Boise, Ida

Mr R. W. Farris, Commissioner of Reclamation

Dear Sir:

I have at hand your letter and Proof of Completion of Works form. I would fill out same as per your request. I am forced to ask, if you will please extend this proof untill June 1st. By that date I will have ditch complete and water in use. I have several hundred feet of ditch done and done done. Due to financial conditions, I have had to work on jobs ~~where~~. There are over 3 ft of snow on the creek at that point, and will remain until April. The lands where creek and ditch way is has been burnt over many years ago and new growth came up, which makes it very difficult to clear and work. Please advise me if this will be favorable.

yours truly

DEPARTMENT OF RECLAMATION

BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

EDWARD B. CLARK
Clarksfork, Idaho

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No.....18070.....you are required to complete your diversion works on or before.....Feb. 12, 1937..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided, the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00 a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. C. Felt

Commissioner of Reclamation.

Re: Application No. 25278

MR. EDWARD B. CLARK
Clarksfork,
Idaho

Dear Sir:

Under date of January 24th you filed the above application to appropriate 1 cubic foot of water per second from the East Fork of Mosquito Creek a tributary of Clarksfork River, for irrigation and domestic use. We have reduced this quantity to 0.6 of 1 second foot since the statutes of this state will not permit one to appropriate water in excess of one miners inch to the acre and since there are fifty miners inches in one cubic foot per second, you are entitled to appropriate the quantity now shown in the application.

Will you kindly answer paragraphs 7 to 11, inclusive and return the application to this department. Upon its receipt it shall be given our immediate attention.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation
