Dear Sir:

On the 10th day of August, 1936, the Field Engineer of this department made his examination in connection with final proof under the above permit. At that time, he found that you were irrigating a total of ten acres situated in two different subdivisions.

There is a statutory fee due of \$4.00 in connection with this matter, and upon receipt of that amount, we shall issue a license to you for 0.2 of one second foot of water from Falls Creek.

Sandpoint, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the department has but one field engineer who makes examinations all over the state. However, Mr. Tolman, Field Engineer for this department, will contact Mr. Hendrick at the time set for examination so that he may show him over the grounds. After his report is on file in this office, Mr. Hendricks will be further notified as to fees due before the issuance of his license.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

Re: Permit No. 17803

BOISE, IDAHO, August 5, 1935

MR. ARTHUR K. BOWDEN
Sandpoint,
Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17803

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On August 14, 1935, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho before Arthur K. Bowden, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. W. FARIS

Commissioner of Reclamation.

MR. RALPH HENDRICKS
Hope,
Idaho

Dear Sir:

This will acknowledge receipt of notice in duplicate for publication in connection with beneficial use proof and also your authorization to have the notice published in the Northern Idaho News, Sandpoint, Idaho, all in connection with Permit No. 17803.

A copy of the notice has been mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to August 14, 1935. About 10 days prior to this date depositions, consisting of one for the holder and one each for two witnesses, will be mailed to Mr. Arthur K. Bowden, Notary Public, Sandpoint, Idaho, so that he will have them in ample time for the proof. On the date designated you should appear at Mr. Bowden's office with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

MR. RALPH HENDRICKS
Hope,
Idaho

Boise, Idaho, December 13, 1933

Dear Sir:—

Under the terms of your permit No. 17803 you are required to complete your diversion works on or before Feb. 14, 1934. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,
R. W. FARIS

Commissioner of Reclamation.

Re: Application for Permit No. 24938

MR. RALPH HENRICKS
Hope,
Idaho

Dear Sir:

We are returning herewith your application for permit to appropriate one cubic foot of water per second from Falls Creek in Bonner County, Idaho, in order that it may be completed. Under paragraph 4, in describing point of diversion you failed to give the 40 acre subdivision in which it would be located. It appears from your township plats that the point of diversion would be located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 35. Please verify this description.

Sign application and return it to this department.
