

State of Idaho
License and Certificate of Water Right

Water License No. 17566

Amount 1.8

Water District No.

Priority 11-11-1931

THIS IS TO CERTIFY that MRS. MABELLE BURNS
of Seattle, Washington, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 5, 1931; that Permit No. 17566
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.8 second feet, was issued thereunder on February 12, 1932, showing that said works
were completed on the 26th day of January, 1932; and that on the 25th
day of May, 1933,

R. H. BROWNFIELD, Assignee

of Edgemere, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of White Creek
, a tributary of springs, for the purpose of Irrigation and domestic
use, under Use Permit No. 17566 of the Commissioner of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3746, on the 20th day of October, 1933;

The right hereby confirmed dates from November 11, 1931;

The Point of Diversion is located
in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 21, Tp. 55 N., R. 4 W., B. M. Bonner County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 1.8
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
55 N	4 W	21	SW $\frac{1}{4}$ NE $\frac{1}{4}$	30	30.6
			SE $\frac{1}{4}$ NW $\frac{1}{4}$	30	28.8
			NE $\frac{1}{4}$ SW $\frac{1}{4}$	10.3	13.4
			NW $\frac{1}{4}$ SE $\frac{1}{4}$	20	20.7

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 20th day of October, 1933.

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 24654
Permit No. 17566
District No.

1. Name of Applicant: Mrs. Mabelle Burns

Postoffice address: Seattle

County: King

State: Wash.

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock
- (d) Other resources:

- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: 1.8 cubic feet per second.

3. Source of water supply: White Creek which is a tributary of springs and sinks on Sec. 21

4. Location of point of diversion: 200 feet distant from the center

corner of Section 21, T. 55 N., R. 4 W., B. M., and is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$
of Section 21, T. 55 N., R. 4 W., B. M., County of Bonner

5. Water is to be used for: Domestic and irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.

7. Estimated cost of works: \$ 100.00

8. Kind of works: Dam and Ditch

9. Height of dam 4 feet; length of dam at top 10 feet; length of dam at bottom 8
feet; material used in dam: wood

10. Size of headgate: Width 3 feet; height 2 feet.

11. Ditch: Width at bottom $\frac{1}{2}$ feet; width at water line 1 feet; depth of water $\frac{1}{2}$
feet; dimensions of flume:

Diameter of pipe inches; length of conduit $\frac{1}{8}$ miles.

Average grade per mile 15 feet.

12. The time required for the completion of such work is 6 months years.

13. The time required for the complete application of the water to the proposed use is one additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Mrs. Mabelle Burns *Applicant.*

 Commissioner of Reclamation

Proof of Completion of Works made January 26th, 1932.
 Certificate of Completion of Works issued February 12, 1932.

AFFIDAVIT FOR CHANGE OF POINT OF DIVERSION

OF WATER RIGHT

PERMIT NO. 17566

STATE OF IDAHO,)
) ss.
 County of Bonner)

R. H. Brownfield, being first duly sworn, deposes and says: That his postoffice address is Edgemere, That he is the owner of and using a certain water right, for 1.8 cubic feet per second of the water of White Creek, County of Bonner, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, No. 17566, issued by the Commissioner of Reclamation, dated September 19, 1931, bearing date of priority of September 5, 1931, for the purpose of irrigating the following described lands, situate, lying and being in Water District No. , in the County of Bonner and State of Idaho, to-wit: SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 21, T. 55 N., R. 4 W., B. M. and has become the owner thereof in the following manner: by assignment from Mrs. Maybelle Burns. That said waters are now diverted from said stream in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Sec. 21, Twp. 55 N., Range 4 W., B. M., and conducted to the above described lands through the private ditch, as per map filed herewith and of this affidavit made a part; That affiant desires to change the point of diversion of said waters from the point above described to a point located in NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 21, Twp. 55 N., Range 4 W., B. M. and thereafter conduct same to the above described land through the private ditch, as per map above referred to; That his reasons for desiring to make such change are as follows: The original applicant erred in describing the point of diversion. That no one will be injured by such change and that such change will be made at the affiant's own risk.

R. H. Brownfield
 Affiant.

of Diversion - No. 17566

July 25, 1933

Re: Permit No. 17566

MR. R. H. BROWNFIELD
Edgemere,
Idaho

Dear Sir:

Under date of July 7th, Mr. Guy C. McGee, acting in the capacity of field engineer of the State Department of Reclamation, made an examination of the works constructed under your permit and the land which has been irrigated. Mr. McGee found that your point of diversion of water was in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 21 rather than in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 21 as it appears on the permit record. We have, therefore, prepared an affidavit for change of point of diversion which we are herewith enclosing for execution. After the affidavit has been properly signed, please return it to this department with a fee in the amount of \$8.00. This fee is regulated by law and is for the purpose of partially paying the expenses of making a field examination.

Immediately upon receipt of the affidavit and fee in the above amount we will issue a license to you for the amount of water claimed under your permit.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

Boise, Idaho.

Dear Bob;--

I am inclosing herewith 5 Permits that have been examined.

You will please note that in the Permit of Mrs. Kressens Kramer Permit No. 16769 that the source of water supply as shown was from Priest River and is actually from an unnamed stream some two miles from the River.

Also please note that in Permit 17566 of R.H. Brownfield that the point of diversion is not properly described. This may be merely a transposition of letters in the description. I made a careful check on this and the point of diversion is as shown on the map accompanying the application.

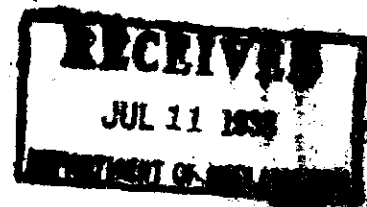

The remainder of the inclosed Permits are O.K.

I am leaving in the morning for Wallace, Kellog and Pocatello and will return the completed reports on these Permits within a few days.

Sincerely

Harry S. Faris

REPORT OF ENGINEER

Permit No. 17566

This proof is for BEN USE

In Water District No.

1. Name of applicant R. H. Brownfield
2. Source of water supply: White Creek
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 21
T. 55 N. R. 4 W. B. M. County of Bonner
4. Describe works as they exist, giving dimensions and capacities of same: Log dam 16 feet long with gate 3 feet wide and 2.5 feet high. controlled with flash boards. No head gate is used but water raised into ditch by flashboards. Main ditch 2 feet wide and 2 feet deep with a capacity of 2.5 cu. ft. per sec. At the time of investigation all water was being used and measured 1.3 cu. ft. per sec.
5. Water is used for: Irrigation and domestic
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 21, T. 55 N., R. 4 W.B.M.
SW $\frac{1}{4}$ NE $\frac{1}{4}$ 30.6 Acres
SE $\frac{1}{4}$ NW $\frac{1}{4}$ 28.8 "
NE $\frac{1}{4}$ SW $\frac{1}{4}$ 13.4 "
NW $\frac{1}{4}$ SE $\frac{1}{4}$ 20.7 "
In addition to irrigation the water is used for stock.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Does not reach any stream but sinks in gravel bed just north of irrigated area.

Remarks:

This is a well constructed and maintained system.

The point of Diversion is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ as shown on the map.

This examination was made on the 7 & 8 day of July, 1933

(Signed)

Thy. C. McTe

Examination for BEN USE

County Bonner

INSTRUCTIONS TO EXAMINERS

- 1. Always carefully note the location of the point of diversion and accurately plat same.
- 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
- 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
- 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
- 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

RE: PERMIT NO. 17566

MR. R. H. BROWNFIELD
Edgemere, Idaho

Dear Sir:

This will acknowledge receipt of your depositions executed in connection with beneficial use proof under the above permit, and also the affidavit of proof of publication from the Northern Idaho News.

Before any action can be taken in this matter with reference to the issuance of a license a field examination must be made as required by law. It is difficult to say just when the examination will be made since usually one trip to the northern part of the state is made each summer by the field engineer, and at that time he must necessarily make examinations on all matters that are before the department. However, a delay in the field examination will not impair your right in any way.

After the engineer's report is on file you will be further notified as to fees due in connection with this proof before your license is issued.

Very truly yours,

R. W. FARIS
Commissioner of Reclamation

NOTICE FOR PUBLICATION.

Notice of Proof Application of Water to Beneficial Use.

Notice is hereby given that at 10:00 a. m. on the 15th day of May, 1933, at Sandpoint, county of Bonner, state of Idaho, before Myrvin Davis, Notary Public, proof will be submitted of the application to beneficial use of 1.8 cubic feet per second of the waters of White Creek in accordance with the terms and conditions of Permit No. 17566 heretofore issued by the Commissioner of Reclamation of the state of Idaho.

The name and postoffice address of the person or corporation holding said permit are R. H. Brownfield, Edgemere, Idaho.

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 1.8 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) 90.3 acres as follows: 30 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$, 30 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$, 10.3 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$, 20 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 21, Township 55 North, Range 4 West, Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is White Creek.

The right to take water from such works is based upon Permit 17566.

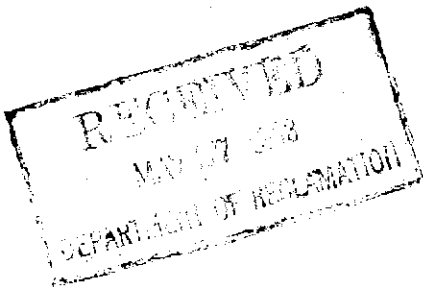

* The source of supply from which such water is diverted is White Creek.

The date of the priority which said user is prepared to establish is November 1, 1931.

Ap21-May 12-4t

Permit No. 17566

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. R H Brownfield Edgemere, Idaho. Farmer

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No 17566 Sept 5th 1931

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. White Creek 200 feet in a Southwesterly direction from the center corner of Sec 21, Twp 55 N, R4 W and is in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$ of said Section

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Two wooden dams, and ditches 1.8 second feet.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation, approx 30 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$; 30 A SE $\frac{1}{4}$ NW $\frac{1}{4}$ 10.3 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ 20 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ all of Sec 21 Twp 55 N Range 4 W B M

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. for domestic purposes also no machinery

17566

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.8 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The whole of it for irrigating

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. no other diversions

(Sign)

R. H. Brownfield

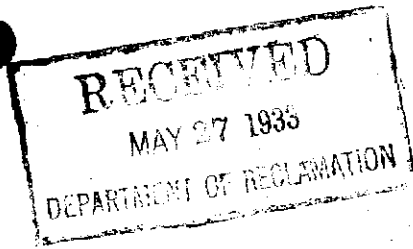

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Sandpoint, County of Bonner, State of Idaho, on this 25th day of May, A. The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. H. R. Davis - 70. Edgemere - Farmer.

Ques. 2. Are you acquainted with R. H. Brownfield, the holder of Permit No. 17566? How long have you known him and where does he reside?

Ans. about 30 years Edgemere. Idaho

Ques. 3. Have you read or heard read said Permit No. yes, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. "White Creek" about 200 feet from the centre corner of Sec 21 Twp 55 N Range 4 West

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1.8 Second feet

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Domestic and irrigation

17566

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~90 acres in Sec 21 Twp 55N R 4 W B.M~~

~~1.8 feet~~

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~No~~

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~Have been over the land and noted the dams and ditches~~

~~all completed and running~~

(Signed)

H. R. Davis

RE: PERMIT NO. 17566
R. H. Brownfield

MR. ARTHUR K. BOWDEN
Attorney at Law
Sandpoint, Idaho

Dear Sir:

Reference is made to your letter of the 17th inst. We are very sorry to learn that Mr. Davis has passed away, and we wish to assure you that we are more than willing to cooperate in every way to help settle up his affairs insofar as they concern this department.

Proof of application of water to beneficial use was due under this permit on March 19, 1933. Notice together with the necessary papers for offering proof were mailed to the permit holder, Mr. R. H. Brownfield of Edgemere during the early part of January. We heard nothing, however, concerning this proof until April 10, at which time Mr. Brownfield's notice in duplicate for publication and also his authorization to have the notice published in the Northern Idaho News at Sandpoint, Idaho, were received.

The law provides that when this proof is submitted at a later date than specified in the permit, the date of priority shall be advanced by an amount of time that is equal to the time that proof is delinquent. Mrs. Mabel Jones made application for this permit on September 5, 1931, and later assigned the permit to Mr. Brownfield. Therefore had this proof been made on or before the date when it was due a license would have been issued with a priority of September 5, 1931. Had the proof been made on May 15 in accordance with the notice which was published the priority would have been November 1, 1931. The amount of time that has elapsed since that date will of course have to be added before Mr. Brownfield's present priority can be determined.

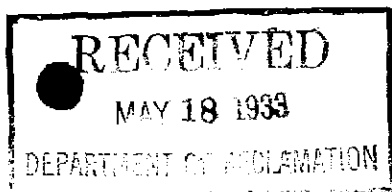

It is our suggestion that you have the depositions which were mailed to Mr. Davis executed at the earliest possible date and mail them to this department with an affidavit of proof of publication from the Northern Idaho News.

It will be permissible for you to act as notary in this matter.

Very truly yours,
R. W. FARIS
Commissioner of Reclamation

SANDPOINT, IDAHO

May 17th 1933

Re Permit No 17566.

Hon R W Faris.
Commissioner of Reclamation.
Boise. Idaho.

Dear Mr Faris.

Relative to the above Permit and your enclosures to Attorney Myrvin Davis of May 10th. First, I regret exceedingly to have to advise you that Mr Davis passed away on the 12th inst and that the writer has been requested by his widow to attend to his legal affairs.

This letter of yours with the enclosures did not come to the writers attention until yesterday the 16th too late of course to enable the Permit Holder to comply with its mandate.

Under these circumstances will you very kindly, if consistent, extend the time for proof to say May 30th. We can probably take the depositions long before that, but of course everything must be done strictly legally and in accordance with the Departments instructions.

Will you also if satisfactory to you insert my name as the Notary before whom the depositions shall be taken.

Thanking you in advance for such consideration as you may feel you can consistently extend.

Yours very sincerely

Arthur K. Bowden

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

May 10, 1933

MR. MYRVIN DAVIS
Notary Public
Sandpoint, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17566

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On May 15, 1933, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint, Idaho before Myrvin Davis, notary public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

RE: PERMIT NO. 17566

MR. R. H. BROWNFIELD
Edgemere, Idaho

Dear Sir:

We are in receipt of notice in duplicate of your intention to submit proof of application of water to beneficial use under the above permit, and also your authorization to have the notice published in the Northern Idaho News of Sandpoint, Idaho.

This publication must be made once a week for four consecutive weeks prior to the date when proof will be offered. Proof was due on March 19. The law provides that when proof is not submitted on or before the date when it is due, the date of priority shall be advanced by an amount of time that is equal to the time that the proof is overdue. Therefore, in order to avoid any more loss of priority than is necessary, we have fixed the date when proof will be offered as May 15 instead of June 15. There will be ample time for the necessary four weeks publication prior to this date.

We have made other minor corrections of your notice from the permit record, and a copy of it will go forward to the newspaper immediately, with instructions for its publication.

The necessary depositions, which will consist of one for the holder and one each for two witnesses, will be mailed to Mr. Myrvin Davis, Notary Public, Sandpoint, Idaho, about May 5, so that he will have them in ample time to make this proof.

Very truly yours,

R. W. FARIS

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) April 6, 1931
(P. O.) Edgar, Idaho

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the Northern Idaho News of Sandpoint, Id., published in the county in which the works are situated.

R. H. Brownfield

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

17566

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 a. m. on the 15th day of May, 1933,
at Sandpoint, County of Bonner, State of Idaho,
before Myrvin Davis, Notary Public, proof will be submitted
of the application to beneficial use of 1.8 cubic feet per second of the
waters of White Creek in accordance with the terms and conditions of
Permit No. 17566 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

R. H. Brownfield, Edgemere, Idaho

The use to which said water has been applied is.....

Irrigation and domestic use

The amount applied to beneficial use is.....1.8 cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) 90.3 acres as follows: 30 acres in SW 1/4 NE 1/4, 30 acres in SE 1/4 NW 1/4,

10.3 acres in NE 1/4 SW 1/4, 20 acres in NW 1/4 SE 1/4 of Section 21; Township

55 North, Range 4 West, Boise Meridian

The name of the canal or ditch or other works by which said water is conducted to such place of use
is White Creek

The right to take water from such works is based upon Permit No. 17566

The source of supply from which such water is diverted is White Creek

The date of the priority which said user is prepared to establish is November 1, 1931.

R. W. FARIS

Commissioner of Reclamation.

Myrvin Davis
ATTORNEY
SANDPOINT, IDAHO

January 26, 1932

R. W. Paris, Esq.,
Boise, Idaho.

Dear Sir:

Herewith I hand you for R. H. Brownfield, form 6
in connection with application for Water Permit, No. 17566
which I think is duly filled out.

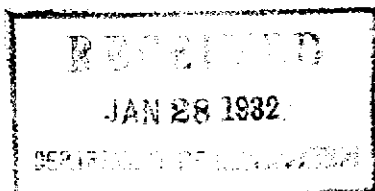

The land has been sold, however, to Brownfield, and
so have had him make the affidavit form 6, with notation
on its face to show why he is making it. If this is not good,
and I think it should as the Water follows the land, send it
back and we will make it good. Mrs Burns is in Seattle and
she sent this form 6 to Brownfield, so she would probably
send one back to us if we sent it to her.

Trusting that this affidavit will be sufficient,
I am,

Yours very truly,

Myrvin Davis

Inclosed \$5.00 fee.

Permit No.

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO, }
County of Bonner } ss

R. H. Brownfield, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the state of Idaho, No. 17566, and that his postoffice address is Edgemere, State of Idaho

Second: That the name of the stream from which said water is to be diverted is White Creek.

Third: That the point of diversion of said water is 200 feet distant from the center corner of 21-55-4W, and in the SE $\frac{1}{4}$ of said section.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by March 19, 1932.

Fifth: That the use for which said water is intended is domestic and irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: dam and ditch
(Reservoir, dam, ditch, flume, pipe or otherwise.)

II. Dimensions of work:

(a) Height of dam 4 feet, length of dam at top 10 feet, length of dam at bottom 8 feet. Material used in construction wood

(State whether wood, earth, stone or concrete.)

(b) Capacity of reservoir slight acre feet.

(c) Size of headgate: Width 3 feet, height 2 feet.

(d) Conduit $\frac{1}{2}$ width at bottom $\frac{1}{2}$ feet, width at water line 1
(State whether ditch, flume or pipe.)

feet, depth of water $\frac{1}{2}$ feet; diameter of pipe inches, average grade per mile is 15 feet. Length of conduit is 1/8 miles.

Seventh: That said works are capable of conducting to the place of intended use 1.8 second feet of water.

Eighth: That water appropriated under said permit is available for 90.3 acres of land described as follows: 30A in SWNE $\frac{1}{4}$; 30A SENW $\frac{1}{4}$; 10.3 A NESW $\frac{1}{4}$; 20A in NWSE $\frac{1}{4}$ of 21-55-4 WBM

Ninth: Remarks: That the land on which this water is diverted and to be used has been sold by Mabelle Burns the original permit holder and the undersigned is now the holder of said land and entitled to its benefit and makes this affidavit for that purpose.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mrs. Mabelle Burns
SEATTLE, WASHINGTON

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 17566 you are required to complete your diversion works on or before March 19, 1932. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.

Re: APPLICATION FOR PERMIT

Mrs. MABELLE BURNS,
Seattle,
W a s h.

Dear Madam:

We are returning your application for permit to appropriate the public waters of WHITE CREEK for correction in the following particulars:

In answer to Paragraph 3, what stream does WHITE CREEK flow into?

Show on your map the amount of land to be irrigated in each of the four subdivisions shown under Paragraph 14, marking the amount in each 40-acre subdivision, to total 90.3 acres.

In answer to Paragraph 13, "Time required for the completion of work," as long as your work is complete you can make your proof of completion of works as soon as you wish. You are allowed by law five years in which to do this if you wish to take it.

Answer Paragraph 12 in accordance with your own desires.

Submit fee in the sum of \$5.25, being at the rate of \$5.00 for the first second foot or fraction, and 25¢ additional for each second foot or fraction thereafter. One second foot equals 50 miners inches. The maximum amount of water allowed to the acre is one inch.

On receipt of this application corrected as above, same will be allowed to pass to permit.

Very truly yours,

R. W. FARIS,
Commissioner of Reclamation

Dear Sir

Am sending you application for
water right for White Creek which
was furnished me by Mrs. Burnes.

This creek flows until about July 15.th
In the spring months it flows a
good sized stream and settles in the
ground on the place.

If she is granted a permit on
water right, can you give me the cost
of same.

We had figured her right was secured
by having used the water for the last
22 years.

Yours truly
