Dear Sir:-

We are today in receipt of your letter enclosing depositions of yourself and two witnesses, together with the affidavit of publication for proof of beneficial use of water under the above permit. These are in proper form and will be placed on file here without final action until the report of our engineer can be made next summer, at which time we will have an engineer in the field for such work.

The fees will be \$4.00, being \$2.00 for each legal subdivision or fraction thereof, irrigated. These fees, however, need not be sent in until the report of the engineer has been made, at which time you will be further advised. It will probably be July or August before this examination can be made.

Dear Sir— On Feb. 19th

I made final proof of
beneficial use of water applied
for according to permit #16741.

Walked to Lakeview with my
two witnesses as the road
has been blocked with snow for
horses for the last month.

I could not prove up on
Jan. 28th the date advertised
because Robert Rennie the
only justice of the peace
on this side of the lake was
not in Lakeview on that
date. He is an old civil
war veteran and had taken
sick with influenza early

in January so went to Spokane
for medical treatment. As
soon as he returned to Lakeview
I complied with the law
to the best of my ability
and the papers were mailed
to you via the recorder
at Sandpoint Idaho.

Hoping this meets with
your approval I am

Re: Permit No. 16741.

Mr. Clarence L. Hillman,
Whiskey Rock via Bayview,
Idaho,

Dear Sir:-

Referring to your letter of the 28th ult. would say the first step toward making proof of beneficial use of water under the above permit is filling out the enclosed forms and returning same to this office. The date for making proof should be set far enough ahead to allow for the required four weeks publication. Proof may be made at any place most convenient to yourself and two witnesses and before any officer authorized to administer oaths. Deposition blanks for holder and witnesses will be mailed to the officer before whom proof is to be made when the notices have been filled out and returned to us.

Very truly yours,
GEO. N. CARTER,
Commissioner of Reclamation.

To: Dept. of Reclamation
Boise, Idaho.

Dear Sir - Will you please give me some information about making proof of beneficial use of water for irrigation.

I already have certificate of completion of work and would like to make final proof of use sometime in January and obtain a water right for the $\frac{1}{2}$ second foot of water from Brush Creek I am using on my ranch. Who do I have to appear before at the Court house? The county engineer or recorder? How do I make proof? Must I take witnesses with me or not?

Thanking you I am yours truly.

Re: Permit No. 16741.

Mr. Clarence L. Hillman,
Cedar Creek, via Bayview,
Idaho.

Dear Sir:-

Enclosed you will find certificate of completion
of works issued under the above permit, with receipt for
fees paid.

Proof of beneficial use of water under this permit is not
due until March 6, 1929, and there would be nothing gained by
making proof before the time specified.

Very truly yours,
GEO. H. CARTER,
Commissioner of Reclamation.

Re: Permit No. 16741.

Commissioner of Reclamation,
Boise Idaho.

Dear Sir:

Enclosed find affidavit of Completion of work
also check for \$5.⁰⁰.

I understand that I have until March 6 - 1929
to make final proof of beneficial use of
water appropriated.

In that case I will wait until next irrigation
season to make final proof as I will probably
have to have witnesses inspect the work.

Please send Certificate of Completion.
