RE: PERMIT NO. 16443

MR. GEORGE STAVENS
Coeur d'Alene
I d a h o

Dear Sir:

In response to your letter of the 28th inst. we wish to advise that Mr. W. C. Griffith has a licensed right for 0.33 of one second foot of the waters of Shepard Lake, located in Bonner County, Idaho.

The point of diversion is in Lot 3, Section 23, T. 56, R. 2 W. B. M.

Two other filings were made in 1910 to appropriate the waters of this lake, but neither of them passed to permit. Therefore Mr. Griffith's right represents the only right on record in this office to appropriate the waters of Shepard Lake.

Very truly yours,

R. W. FARIS

Dear Sir:-

In looking over the files of your above numbered permit we find that the depositions of yourself and two witnesses for proof of beneficial use of water under the above permit have not been received. This proof was advertised to be made September 15th, before the Clerk of the District Court at Sandpoint and deposition blanks were mailed to him on September 5th. Please advise us as to whether or not the proof was made and, if so, have the depositions mailed in at your earliest convenience.

There also remains to be filed the affidavit of publication from the Paul Oreille Review and the fees due this office. These fees are based on the number of legal subdivisions actually irrigated, allowing \$2.00 for each forty-acre tract or fraction thereof.

Very truly yours,
GEO. H. CARTER,

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 16443

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 16, 1928, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Sandpoint before Robert S. McGree, Clerk of the Court.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

June 7, 1926

Dear Sir:—

Under the terms of your permit No. ~~16443~~ you are required to complete your diversion works on or before ~~Sept. 16, 1926~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
