Application For Amendment
To Permit to appropriate the Public Waters
of the State of Idaho, No. 15546

Comes now Cora B. Roberts, and represents to the Commissioner of Reclamation of the State of Idaho,

That she is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 15546, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

10 acres in NE quarter, 15 acres in northwest quarter, 18 acres in Southwest quarter, 15 acres in southeast quarter, all in the Southeast quarter of Section 12, Township 54 North, Range 6 West, B. M., County of Bonner, State of Idaho, making a total of 58 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Blanchard, Idaho, this 30th day of April, 1923.

Cora B. Roberts.

Date of receipt at Office of Department of Reclamation May 3, 1923.

Approval of Commissioner of Reclamation

I, W. G. Swendsen, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 15546. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

W. G. SWENDSEN,
Commissioner of Reclamation
By C. B.

STATE OF IDAHO,)
) ss.
County of Bonner,)

Cora B. Roberts, being first duly sworn, upon her oath deposes and says:

That she is the owner and holder of Permit to appropriate the public Waters of the State of Idaho, No. 15546.

That she intends to change the point of diversion, as described in said permit, to the following described point:

Point of diversion is in the southwest quarter of the southeast quarter of Section 12, Twp. 54 North, Range 6 West, B. M., County of Bonner, State of Idaho.

That such change will be made for the following reasons, to-wit: Mistake in original application giving the land to be irrigated the location SE $\frac{1}{4}$ of Sec. 12, Twp. 54 North, Range 4 W., B. M., instead of southeast quarter of Sec. 12, Twp. 54 North, Range 6 W., B. M., the latter description being the correct one.

That no one will be injured by such change and that deponent will make such change at his own risk. And further deponent saith not.

Dear Sir:

I am in receipt of your letter of April 26th, with papers inclosed for me to fill out. I have filled out these papers as you request and am forwarding them to you today. I have taken the land description from my tax receipt this time and am sure that it is all correct.

I am setting June 18, 1923 as the new date for making final proof and hope that that date will be satisfactory to your office.

I thank you for the trouble you have taken to rectify my mistake and am sure that everything will be correct now.

Yours truly,

Dear Madam:-

Replying to your letter of the 23rd would say correction in the permit may be made by filing an affidavit showing the change in description of the location of the point of diversion, and by making application for amendment of the land to be irrigated. Forms for these amendments are enclosed herewith. Maps in duplicate showing the correct location should accompany the amendments.

You can then set a new date for making proof and a correct notice will be mailed to the paper for publication.

Dear Sir:

I received a letter today from the Humbird Lumber Co. saying that the land I am advertizing for irrigating with a water right under permit No. 15546 Recorded in Book No. 54, Page 15546 and approved June 29, 1922 is their land. In checking this matter over I find that the agent for my property who filled out the application made a mistake in the description of the property and gave it as the Southeast quarter of Section 12, Twp. 54, Range 4 W.B.M. when it should have been the Southeast quarter of Section 12, Twp. 54, Range 6 W.B.M.

I have written to the Northern Idaho News at Sandpoint, Idaho to discontinue publishing the notice until they hear from either you or me.

Will you please inform me as to how this mistake can be corrected. I am very anxious to have this water right this year as planned and have done everything else correctly as far as we have gone in the matter. This is the only mistake in the papers and I wonder if you could send the correction to the Northern Idaho News at Sandpoint, Idaho and have the date for complete proof set ahead the required length of time and make this correction on the papers you have in connection with my application. Please tell me what you can do in this matter and what I will have to do to get the correction made as I have shown it above.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Cora B. Roberts,
Blanchard, Idaho.

Boise, Idaho,
Sept. 13, 1922.

Dear Sir:—

Under the terms of your permit No 15546. you are required to complete your diversion works on or before ~~Dec. 29, 1922~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
