

July 13, 1923.

Re: Permit No. 15341.

Mr. A. H. Burroughs, Jr.,
Manager, Talache Mines, Inc.,
Talache, Idaho.

Dear Sir:-

We are in receipt of your letter enclosing depositions of holder and two witnesses, also affidavit of publication for proof of beneficial use of water under the above permit. These papers have been checked and are in proper form. The examination will be made by our engineer within the next two or three weeks.

The statutory fee for this proof is \$5.00. Upon receipt of the required fees, together with the report of the examining engineer, the license will be issued.

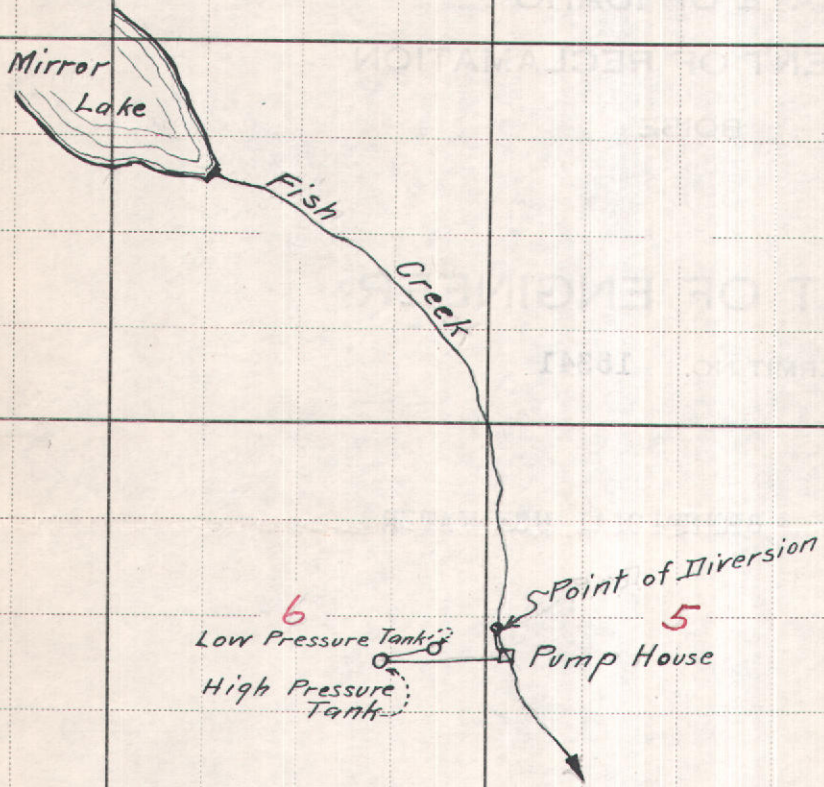

Very truly yours,

W. G. SWENDSEN,

Commissioner of
Reclamation.

By
Chief Clerk.

15341

June 7, 1923.

Re: Permit #15341.

Talache Mines, Incorporated,
Talache, Idaho.

Gentlemen:- Attention: Mr. A. H. Burroughs, Jr.

Referring to proof under the above permit would say that, through an oversight, the notice was not mailed to the Bend d'Oreille Review in time for the required four weeks publication prior to July 2nd and this date has accordingly been changed to July 9th, one week later. Notice has today been mailed to the paper with this change.

Before either the certificate or license can be issued in the name of the Talache Mines, Inc., it will be necessary for the transfer to the said company to be of record under the permit in this office. If you will send the transfer to this office, it will be placed of record and the original returned to you. A recording fee amounting to 20 cents a folio, or one hundred words, should accompany the transfer when sent in.

The proof of completion of works is now on file and is satisfactory but the certificate will be held pending receipt of the transfer above mentioned.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

By
Chief Clerk.

15341

March 12, 1923.

Re: Permit #15341.

Mr. A. H. Burroughs, Jr.,
Talache, Idaho.

Dear Sir:-

Replying to yours of the 10th inst. would say notice of proof of beneficial use of water is required to be advertised four weeks prior to the date of making such proof and, on the date set for proof, the holder, or some one acting as agent for the holder, with two disinterested witnesses, is required to appear before the notary public named in the published notice and fill out deposition blanks which will be furnished by this office. An examination will also be made by an engineer from this office. License will be issued for the amount of water found to have been actually used, not exceeding, however, the amount claimed in the original permit.

The enclosed blanks should be filled out and returned to this office in time for the required publication. The affidavit of holder for proof of completion of works may be filled out and returned with the notices for final proof or may be kept and filled out on the date final proof is made.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

			No. 52153 ARMSTEAD MINES INCORPORATED, a corporation organized and existing under and by virtue of the provisions of an Act of the General Assembly of the State of Delaware, entitled "An Act Providing A General Corporation Law", approved March 10, 1899, and the acts amendatory thereof and supplemental thereto, the certificate of incorporation of which was filed in the office of the Secretary of State of Delaware on the 2nd day of February, 1917, and recorded in the office of the Recorder of Deeds for New Castle County, State of Delaware, on the 3rd day of February, 1917, in Certificate of Incorporation Record, "U", Vol. 7, Page 339, etc., does HEREBY CERTIFY: FIRST: That at a meeting of the Board of Directors of said Armstead Mines Incorporated, duly held and convened, a resolution was duly adopted setting forth an amendment proposed to the certificate of incorporation of said corporation for the purpose of changing the corporate name of the corporation, as follows: That the certificate of incorporation of said Armstead Mines Incorporated be amended by striking out all of the paragraph or article thereof numbered "FIRST" and by inserting in lieu thereof the following: "FIRST: The name of such corporation shall be and it is TALACHE MINES INCORPORATED" and declaring said amendment advisable and calling a meeting of the stockholders of said corporation for consideration thereof. SECOND: That thereafter, pursuant to the aforesaid resolution of its Board of Directors, a special meeting of the stockholders of said ARMSTEAD MINES INCORPORATED was duly called and held, in accordance with law and the by-laws of said corporation, at the office of the Company in the City of New York on the 27th day of April, 1922, at 11 o'clock in the forenoon, at which all of the stockholders of said corporation were present in person or by proxy; that at said meeting a vote of the stockholders by ballot, in person and by proxy, was taken for and against said proposed amendment																

which vote was conducted by A. C. Tiller and Marion Fitzpatrick, two Judges appointed for that purpose by said meeting; and that at said meeting, by vote conducted as aforesaid, said amendment was adopted, the persons holding the majority of the stock of said corporation voting for said proposed amendment, to-wit:

Nine Hundred and Seventy-eight Thousand (978,000) shares of common stock were voted for said proposed amendment, the said Nine Hundred and Seventy-eight Thousand (978,000) shares of common stock being all of the Common Stock issued and outstanding, and no shares of Preferred Stock were voted either for or against said proposed amendment, said preferred stock having no voting power, all as appears by the duplicate certificate made by said Judges, one of which is hereto attached, marked "A", and made a part hereof.

IN WITNESS WHEREOF, said ARMSTEAD MINES INCORPORATED, has caused its corporate seal to be hereunto affixed and this certificate to be signed by A. H. Burroughs, its President, and H. L. Brown, its Secretary, this the 5th day of May, 1922.

JUDGES' CERTIFICATE.

To H. L. Brown,

Secretary of ARMSTEAD MINES INCORPORATED:

We, the undersigned, A. C. Tiller and Marion Fitzpatrick, DO HEREBY CERTIFY that at a special meeting of the stockholders of the stockholders of said ARMSTEAD MINES INCORPORATED held on the 27th day of April, 1922, at 11 o'clock in the forenoon, to consider the resolution duly adopted by the Board of Directors of said Company at a meeting of said Board duly held and convened,

proposing and declaring advisable an amendment to the certificate of incorporation of said Company for the purpose of changing the corporate name of said corporation, as hereinafter set forth, we were appointed by said meeting of stockholders Judges for the purpose of conducting the vote of the stockholders taken at said meeting for and against the said amendment; that said proposed amendment was as follows:

"RESOLVED: That the proposal of the Board of Directors that the certificate of incorporation of said Armstead Mines Incorporated be amended by striking out all of the paragraph or article thereof numbered 'First', to-wit:

'FIRST: The name of such corporation shall be and it is Armstead Mines Incorporated' and by inserting in lieu thereof,

'First: The name of such corporation shall be and it is Talache Mines Incorporated' be and the same is hereby adopted and approved, and that said certificate of incorporation be and it hereby is amended accordingly".

That at said stockholders' meeting the vote of said stockholders by ballot in person and by proxy was duly taken for and against said proposed amendment; that said vote was conducted by the subscribers as Judges appointed as aforesaid for that purpose; that as said Judges, we decided upon the qualifications of the stockholders voting at said meeting for and against the said proposed amendment, and when said vote was completed, we did count and ascertain the number of shares voted, respectively, for or against the proposed amendment and did find and declare that the persons holding the majority of the stock of said corporation had voted for said proposed amendment, to-wit: Nine hundred and Seventy-eight Thousand (978,000) shares of common stock were voted for said proposed amendment, the said Nine Hundred and Seventy-eight Thousand (978,000) shares of common stock being all of the common stock issued and outstanding, and no shares of preferred stock were voted either for or against said proposed amendment, said preferred stock having no voting power.

IN WITNESS WHEREOF, We have made out the foregoing certificate in duplicate and subscribed our names hereto this 27th day of April, 1922.

TALACHE MINES INC.
TALACHE, IDAHO

A.H. BURROUGHS, JR.
VICE-PRESIDENT AND MANAGER

January 18, 1924

Department of Reclamation,
State of Idaho,
Boise, Idaho

RE: PERMIT 15341

Gentlemen:

We are in receipt of your letter of the 7th calling attention to the fact that the report of your examining engineer on proof of beneficial use of water showed the location of the Mines to be NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 55 North, Range 1 West Boise Meridian, instead of the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, said Township and Range.

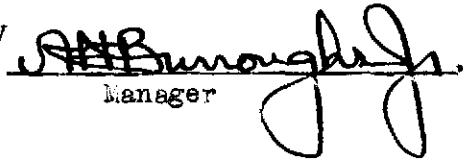

Upon looking up this matter we find that application for permit does state that the point of use of water as NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 5, Township 55 North, Range 1 West, Boise Meridian, and that the correct location of the point of use is the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, said Township and Range. You will note that the correct location of the point of use of water does not agree with your letter, but the location as stated herein is the correct location, as may be seen from the permit map which is a part of Permit No. 15341.

In accordance with the above, we are herewith enclosing affidavit correcting the location of point of use of water, and trust that same will satisfactorily straighten out the error which unavoidably crept into the records, and that you will shortly be able to issue us license.

Very truly yours,

TALACHE MINES, INCORPORATED

Dear Sir:

The report of our examining engineer on proof of beneficial use of water under the above numbered Permit has just been filed. This report shows the location of the mines to be in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 55 North, Range 1 West, Boise Meridian, instead of the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, said township and range as set forth in the original permit. To correct the records in this particular, it will be necessary for you to file an affidavit for the holder correcting this discrepancy in the location of the place of use of the water. Upon receipt of this affidavit, license will be irrused under this permit.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation

By Chief Clerk.

RE: PERMIT NO. 15341

Gentlemen:

We are pleased to note from your letter of the 13th that all of the papers in connection with proof of beneficial use of water under the above permit have been checked and found in proper form. It is our understanding that examination by your engineer was made on July 7th. This being the case, undoubtedly his report is at hand by now.

We are herewith enclosing the statutory fee of \$5.00 for this proof, and trust that all conditions have been complied with so that license may be issued to us.

Very truly yours,

TALACHE MINES, INC.

Re: Permit No. 15341.

Mr. A. H. Burroughs, Jr.,
Manager, Talahe Mines, Inc.,
Talahe, Idaho.

Dear Sir:-

We are in receipt of your letter enclosing depositions of holder and two witnesses, also affidavit of publication for proof of beneficial use of water under the above permit. These papers have been checked and are in proper form. The examination will be made by our engineer within the next two or three weeks.

The statutory fee for this proof is \$5.00. Upon receipt of the required fees, together with the report of the examining engineer, the license will be issued.

Very truly yours,

J. C. SWENDSEN,

Commissioner of
Reclamation.

RE: PERMIT 15341

Dear Sir:

We are enclosing herewith final proof under the above permit, and instructions contained in your letter of June 27th have been followed out.

On yesterday, July 9th, the deposition of holder was taken, giving proof of application of water to beneficial use, and depositions of two disinterested witnesses were also taken giving proof of application of water to beneficial use. All of these depositions were filled out and sworn to at Talache before Mr. Fred C. Berry, Notary Public. The affidavit of publication was received in last night's mail, and same is being enclosed herewith, together with the fore-mentioned depositions, and we trust all papers are now in shape so that you may issue my Company a certificate giving the right to appropriate at least $\frac{1}{2}$ second feet of the waters of Fish Creek and Mirror Lake.

Very truly yours,

Manager
Talache Mines, Inc.

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO,

ss.

County of Bonner

Fred N. Wild being duly sworn, says that he is the Editor of the PEND D'OREILLE REVIEW, a weekly newspaper printed and published at Sandpoint, Bonner County, Idaho, and that said newspaper during all the time herein mentioned is, and was a newspaper of general circulation, published weekly, and that the annexed is a true copy of the notice for publication in the case of Notice for publication - Notice of Proof Application of Water to beneficial use as it was published in the regular and entire issue of the said paper for a period of four consecutive weeks, commencing on the 15th day of June, 1923 and ending on the 6th day of July, 1923 and that said notice was published in said newspaper proper, and not in supplement form.

Subscribed and sworn to before me this Sixth day of

July, 1923

Fred N. Wild

[Signature]

NOTARY PUBLIC FOR THE STATE OF IDAHO
SANDPOINT, IDAHO.

MY COMMISSION EXPIRES

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at eight a. m. on the 9th day of July, 1923, at Talache, county of Bonner, state of Idaho, before Fred C. Berry, a notary public of Talache, Idaho, proof will be submitted of the application to beneficial use of 1.5 cubic feet per second of the waters of Fish creek and Mirror lake in accordance with the terms and conditions of permit No. 15341 heretofore issued by the commissioner of reclamation of the state of Idaho.

The name and postoffice address of the person or corporation holding said permit are Talache Mines, Incorporated, Talache, Idaho.

The use to which said water has been applied is Milling of 150 to 200 tons of ore per day, fire protection and general camp purposes.

The amount applied to beneficial use is 150-200 gallons per minute.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) is at Talache in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of section 5, T. 55 N., R. 1 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Fish creek which conducts the water from Mirror lake and vicinity to intake of pumps.

The right to take water from such works is based upon permit No. 15341.

The source of supply from which such water is diverted is a dam in Fish creek which is the outlet stream for Mirror lake.

The date of the priority which said user is prepared to establish is October 7, 1921.

W. G. SWENDSEN,
Commissioner of Reclamation.
June 15-July 6-4t

15341

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No. 15341

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A. H. Burroughs, Jr. - Age 32 - Talache, Idaho - Manager - Talache, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Talache Mines, Inc., Talache, Idaho. I am the authorized statutory agent of said corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 15341, October 7, 1921. Date of priority which it is proposed to establish is Oct. 7, 1921.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply is Mirror Lake and Fish Creek. The point of diversion is at that certain Dam located in the N.W. $\frac{1}{4}$, S.W. $\frac{1}{4}$, Section 5, Township 55 N, Range 1 W. B. M., County of Bonner

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Works of diversion consist of a Dam 10 feet high, 30 feet long, and of a pipe line leading from the Dam to the pump. From the pump the water is diverted to the points of use by $\frac{1}{2}$ 5" and 6" pipe. These works of diversion are capable of conveying 250 gallons per minute or .557 second feet of water from point of diversion to place of use. The name of these works is Talache Mines Water Supply System.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for domestic purposes in the hotels and boarding house, etc., of the Talache Mines; for fire protection throughout the Talache Mines camp, and for industrial purposes in the Talache Mines Power House and Mill

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. (See answer to question No. 6). The water used is for feed water for boilers; Cooling water for Air Compressor, and as an essential factor in the operation of the Talache Mines Ore Concentrating Mill.

15341

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 225 Gallons per minute or $\frac{1}{2}$ cubic foot per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

I am the representative of the corporation to whom above mentioned permit was issued, but since the date of said permit the name of said corporation has been changed to that of Talache Mines, Inc., and that certificate relative to said change of name of said corporation has been filed and recorded with the Dept. of Reclamation

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In December 1921, the erection of Dam, Pump, and Pipe Lines was completed and during this month water diverted under above mentioned permit was first used for domestic, fire protection, and industrial purposes in our Power Plant. In March, 1922 water was used for the above purposes and in addition for the operation of our Mill. Since March 1922 we have used from 150 to 225 gallons of water per minute, or approximately $\frac{1}{2}$ cubic foot per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. For 15 or 20 years about .1 second foot of water has been diverted from Deer Creek by a small dam and 1800 feet of pipe line. This water has been, and is being used for domestic purposes and furnishing drinking water to the entire camp of the Talache Mines. The source of supply; the point of diversion, and the point of return of the water used from Deer Creek is located on the property of this Company and the right of ownership is claimed for such appropriation of water from Deer Creek.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No. 15341

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ernest E. Ward - Age 42 - Talache, Idaho - Lessee of the Bluebird Mine -
Talache, Idaho.

Ques. 2. Are you acquainted with A. H. Burroughs, Jr. Manager and statutory agent, the
holder of Permit No. 15341 of the Talache Mines, Incorporated? How long have you known him and where does he reside?

Ans. Yes, I have known him for 24 years and he resides at Talache, Idaho

Ques. 3. Have you read or heard read said Permit No. 15341, and are you familiar with its provisions and conditions?

Ans. Yes, I have read said permit and am familiar with its provisions and conditions

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is Fish Creek which is the outlet stream from Mirror
Lake. The place of diversion is a Dam in Fish Creek located about 150 feet north
of Pump House. Works of diversion consist of a Pipe Line from Dam to Pump and
Pipe Line from Pump to Storage Tank and several pipe lines from Storage Tank
to various points of use

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? I estimate said works will safely convey $\frac{3}{4}$ second feet of water. I have seen pump

Ans. in operation and water being used throughout the camp of the Talache Mines.

this seems reasonable. I am informed that pump handles $\frac{1}{2}$ second feet of water and from observation

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for fire protection, power house, and Mill purposes at the
camp of the Talache Mines, Talache, Idaho

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water has been applied as stated in answer to Question 6, that is, as boiler feed water for heating purposes; for fire protection, and for operation of 150-200 ton Ore Concentrating Plant.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Water not used for Irrigation

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed application to beneficial use of water diverted under said permit practically every day for over a year, by observation in passing through the camp of the Talache Mines, and seeing the Power House and Mill in operation and by seeing water flowing in one of the storage tanks.

(Sign)

Ernest E. Hard

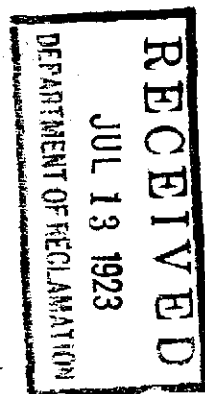

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Talache, County of Bonner, State of Idaho, on this ninth day of July A. D. 19 23.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No. 15341

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James R. Coleman - Age 58 - Talache, Idaho - Lessee of BlueBird Mine

Talache Idaho

A. H. Burroughs, Jr. Manager and Statutory agent

Ques. 2. Are you acquainted with of the Talache Mines, Talache Idaho, the holder of Permit No. 15341? How long have you known him and where does he reside?

Ans. Yes, I have known him for about four years and he resides at Talache,

Idaho

Ques. 3. Have you read or heard read said Permit No. 15341, and are you familiar with its provisions and conditions?

Ans. Yes, I have read said permit and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is Mirror Lake and Fish Creek. The place of diversion is a Dam in Fish Creek located about 150 feet north of Pump House. Water is conveyed through pipe line from Dam to Pump House, and thru pipe line from Pump House to Storage Tank, and thru various pipe lines from Storage Tank to the several points of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? I estimate said works will safely convey 1/2 to 3/4 second feet of water. I have

seen water being used for milling and other purposes and have been informed that pump conveys 1/2 second foot of water and from observation this seems reasonable

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic, fire protection, power house, and milling purposes at the camp of the Talache Mines, Inc., Talache, Idaho

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water has been applied as stated in answer to Question 6, and has been continuously so used for over a year.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not used for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the application to beneficial use of water diverted under said permit practically every day since the Mill at the Talache Mines, Inc. was started in March, 1922, by observation in passing thru the Talache Mines Camp, and I believe about $\frac{1}{2}$ second foot of water has been used over this period of time.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 15341

This proof is for Beneficial Use

In Water District No. 97

1. Name of applicant: Talache Mines, Inc.

2. Source of water supply: Fisk Creek and Mirror Lake

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 5

T. 55 N., R. 1 W.B.M. County of Bonner

4. Describe works as they exist, giving dimensions and capacities of same: Log crib dam 15 ft max height, 40' long in Fisk Cr. 150'-8" pipe to penstock house, 1 steam pump 280 gal. per min. (size 7x9') 1 Ingersoll Rand compressor, 6 Fire hydrants & 10 fire stand pipes in buildings, 1-10000 gal. high pressure tank & 1 15,000 gal low pressure tank requiring 1400 ft. pipe 8", 6" & 5" respectively
5. Water is used for: milling and domestic
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): Mining and general camp purposes at Talache, in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 5, T. 55 N., R. 1 W.B.M. N.W $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 6.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: all water is used over several times & waste of water is nil. The company is hampered for sufficient water by opposition of John H. Combs who is evidently practicing a hold up thru ownership of the dam site where ample water could be very cheaply stored without detriment to any vested interest. This mine is equipped with large hotel, mill, store and about 40 other buildings

This examination was made on the 7th day of July, 1923

~~PROOF OF COMPLETION OF WORKS~~ ~~AND~~

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

June 27th 1923.

Talache Mines, Inc..

c/o Fred C. Berry,

Talache, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of completion of
works and beneficial use of water under Permit No. 15341.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 9, 1923, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Talache before Fred C. Berry, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

W. G. SWENDSEN.
Commissioner of ~~Reclamation.~~ State Engineer.

Gentlemen:

We are in receipt of your letter of June 7th, and observe that notice of proof under the above permit has been mailed to the Pend d'Oreille Review, and that the date has been changed from July 2nd to July 9th.

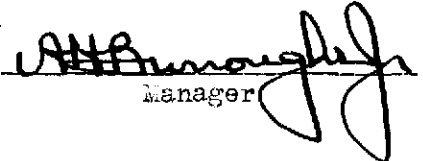

With reference to the second paragraph of your letter which states that before either a certificate or license can be issued in the name of the Talache Mines, Incorporated, it will be necessary for the transfer to the said Company to be of record under the permit in your office, you are advised that the original of the transfer in question was sent to the Hon. Robert O. Jones on June 26, 1922, for filing in the office of secretary of state. On this account it is impossible for us to send you the original of the transfer, but we presume that you can obtain same from the office of secretary of state, and if you will do so, and advise us as to the amount of recording fee, we will immediately remit for same.

We trust that the matter can be taken care of in this manner, and that in due time you will be able to issue certificate and license to us.

Re: Permit #15341.

Talache Mines, Incorporated,
Talache, Idaho.

Gentlemen:- Attention: Mr. A. H. Burroughs, Jr.

Referring to proof under the above permit would say that, through an oversight, the notice was not mailed to the Bend d'Oreille Review in time for the required four weeks publication prior to July 2nd and this date has accordingly been changed to July 9th, one week later. Notice has today been mailed to the paper with this change.

Before either the certificate or license can be issued in the name of the Talache Mines, Inc., it will be necessary for the transfer to the said company to be of record under the permit in this office. If you will send the transfer to this office, it will be placed of record and the original returned to you. A recording fee amounting to 20 cents a folio, or one hundred words, should accompany the transfer when sent in.

The proof of completion of works is now on file and is satisfactory but the certificate will be held pending receipt of the transfer above mentioned.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

Re: Permit No. 15341.

Mr. A. H. Burroughs, Jr.,
Vice-Pres., Talache Mines,
Talache, Idaho.

Dear Sir:-

Referring to your letter of the 16th inst.,
enclosing affidavit of holder for proof of completion
of works under the above permit, would say that the
fee of \$5.00 is required to be paid before this proof
can be accepted as complete and final proof considered.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation

By
Chief Clerk.

TALACHE MINES INC.
TALACHE, IDAHO

A.H. BURROUGHS, JR.
VICE-PRESIDENT AND MANAGER

May 16, 1923

Department of Reclamation,
State of Idaho,
Boise

Gentlemen:

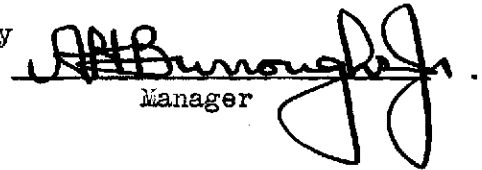

With reference to your letter of March 5th regarding "Proof of Completion of Work", and your letter of March 12th in regard to the steps necessary to be taken by us to secure a license for the water used under our permit No. 15341, we are herewith enclosing all of the forms requested, and believe that they are properly filled out.

We notice that upon payment of a fee of \$5.00, a certificate of completion will be issued to us, but if such certificate is not necessary in order to secure a license, we do not care for same, and consequently we are submitting the papers mentioned without the payment of this fee.

Very truly yours,

TALACHE MINES, INC.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) May 14th, 1923

(P. O.) Talache, Idaho

TO THE STATE ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Pend d'Oreille Review of Sandpoint, Idaho , published in
the county in which the works are situated.

TALACHE MINES, INCORPORATED

by A. H. Burroughs
Vice-President and Manager

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer

15341

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at eight a. m. on the 9th day of July, 1923,
at Talache, County of Bonner, State of Idaho,
before Fred C. Berry, a Notary Public of Talache, Idaho, proof will be submitted
of the application to beneficial use of one-half 1.5 cubic feet per second of the
waters of Fish Creek and Mirror Lake in accordance with the terms and conditions of
Permit No. 15341 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Talache Mines, Incorporated, Talache, Idaho

The use to which said water has been applied is Milling of 150 to 200 tons of ore per
day, fire protection and general camp purposes.

The amount applied to beneficial use is 150 - 200 gallons per minute

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) is at Talache in the N.W. 1/4 S.W. 1/4 of Section 5, T. 55 N. R. 1 W., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use
is Fish Creek which conducts the water from Mirror Lake and vicinity to intake of
pumps

The right to take water from such works is based upon Permit No. 15341

The source of supply from which such water is diverted is a dam in Fish Creek which is the
outlet stream for Mirror Lake

The date of the priority which said user is prepared to establish is October 7, 1921
December 21, 1921

March 12, 1923.

Re: Permit #15341.

Mr. A. H. Burroughs, Jr.,
Talache, Idaho.

Dear Sir:-

Replying to yours of the 10th inst. would say notice of proof of beneficial use of water is required to be advertised four weeks prior to the date of making such proof and, on the date set for proof, the holder, or some one acting as agent for the holder, with two disinterested witnesses, is required to appear before the notary public named in the published notice and fill out deposition blanks which will be furnished by this office. An examination will also be made by an engineer from this office. License will be issued for the amount of water found to have been actually used, not exceeding, however, the amount claimed in the original permit.

The enclosed blanks should be filled out and returned to this office in time for the required publication. The affidavit of holder for proof of completion of works may be filled out and returned with the notices for final proof or may be kept and filled out on the date final proof is made.

Very truly yours,

W. G. SWENDSEN,

Commissioner of Reclamation.

VICE-PRESIDENT AND MANAGER

Talache, Idaho
March 10, 1923

Department of Reclamation,
State of Idaho,
Boise, Idaho

Gentlemen:

We are in receipt of your form letter No. 5 with respect to our permit No. 15,188. Our records show that permit No. 15,188 was amended and that the amended permit was approved as permit No. 15,341.

We have made the form for proof of completion of the work required under permit No. 15,341. We are not inclosing this form as we understand the law requires that another proof be submitted showing that the water has been fully applied to a beneficial use, before a license is issued for the amount of water actually in use. Since we have not only completed all work required under permit No. 15,341, but are using about one-half second feet of water under this which has been fully applied to a beneficial use as described in our permit, we would like to obtain a license at the same time of submitting proof of completion of work.

Kindly advise the nature of proof required showing that the water has been fully applied to beneficial work, and also the ~~manner of procedure to obtain same.~~ *total amount of fees required to obtain license.*

Very truly yours,

Talache Mines Inc.
