Re: Permit No. 15171

Mrs. Jennie Tubbs,
Sandwich, Idaho.

Dear Madam:-

In reply to yours of the 24th inst. would say
the expense of the examination by your county surveyor is
not to be paid by the individual but by this office.

Your fees due this office will be only \$2.00, as only
part of one forty acre tract is irrigated.

Very truly yours,

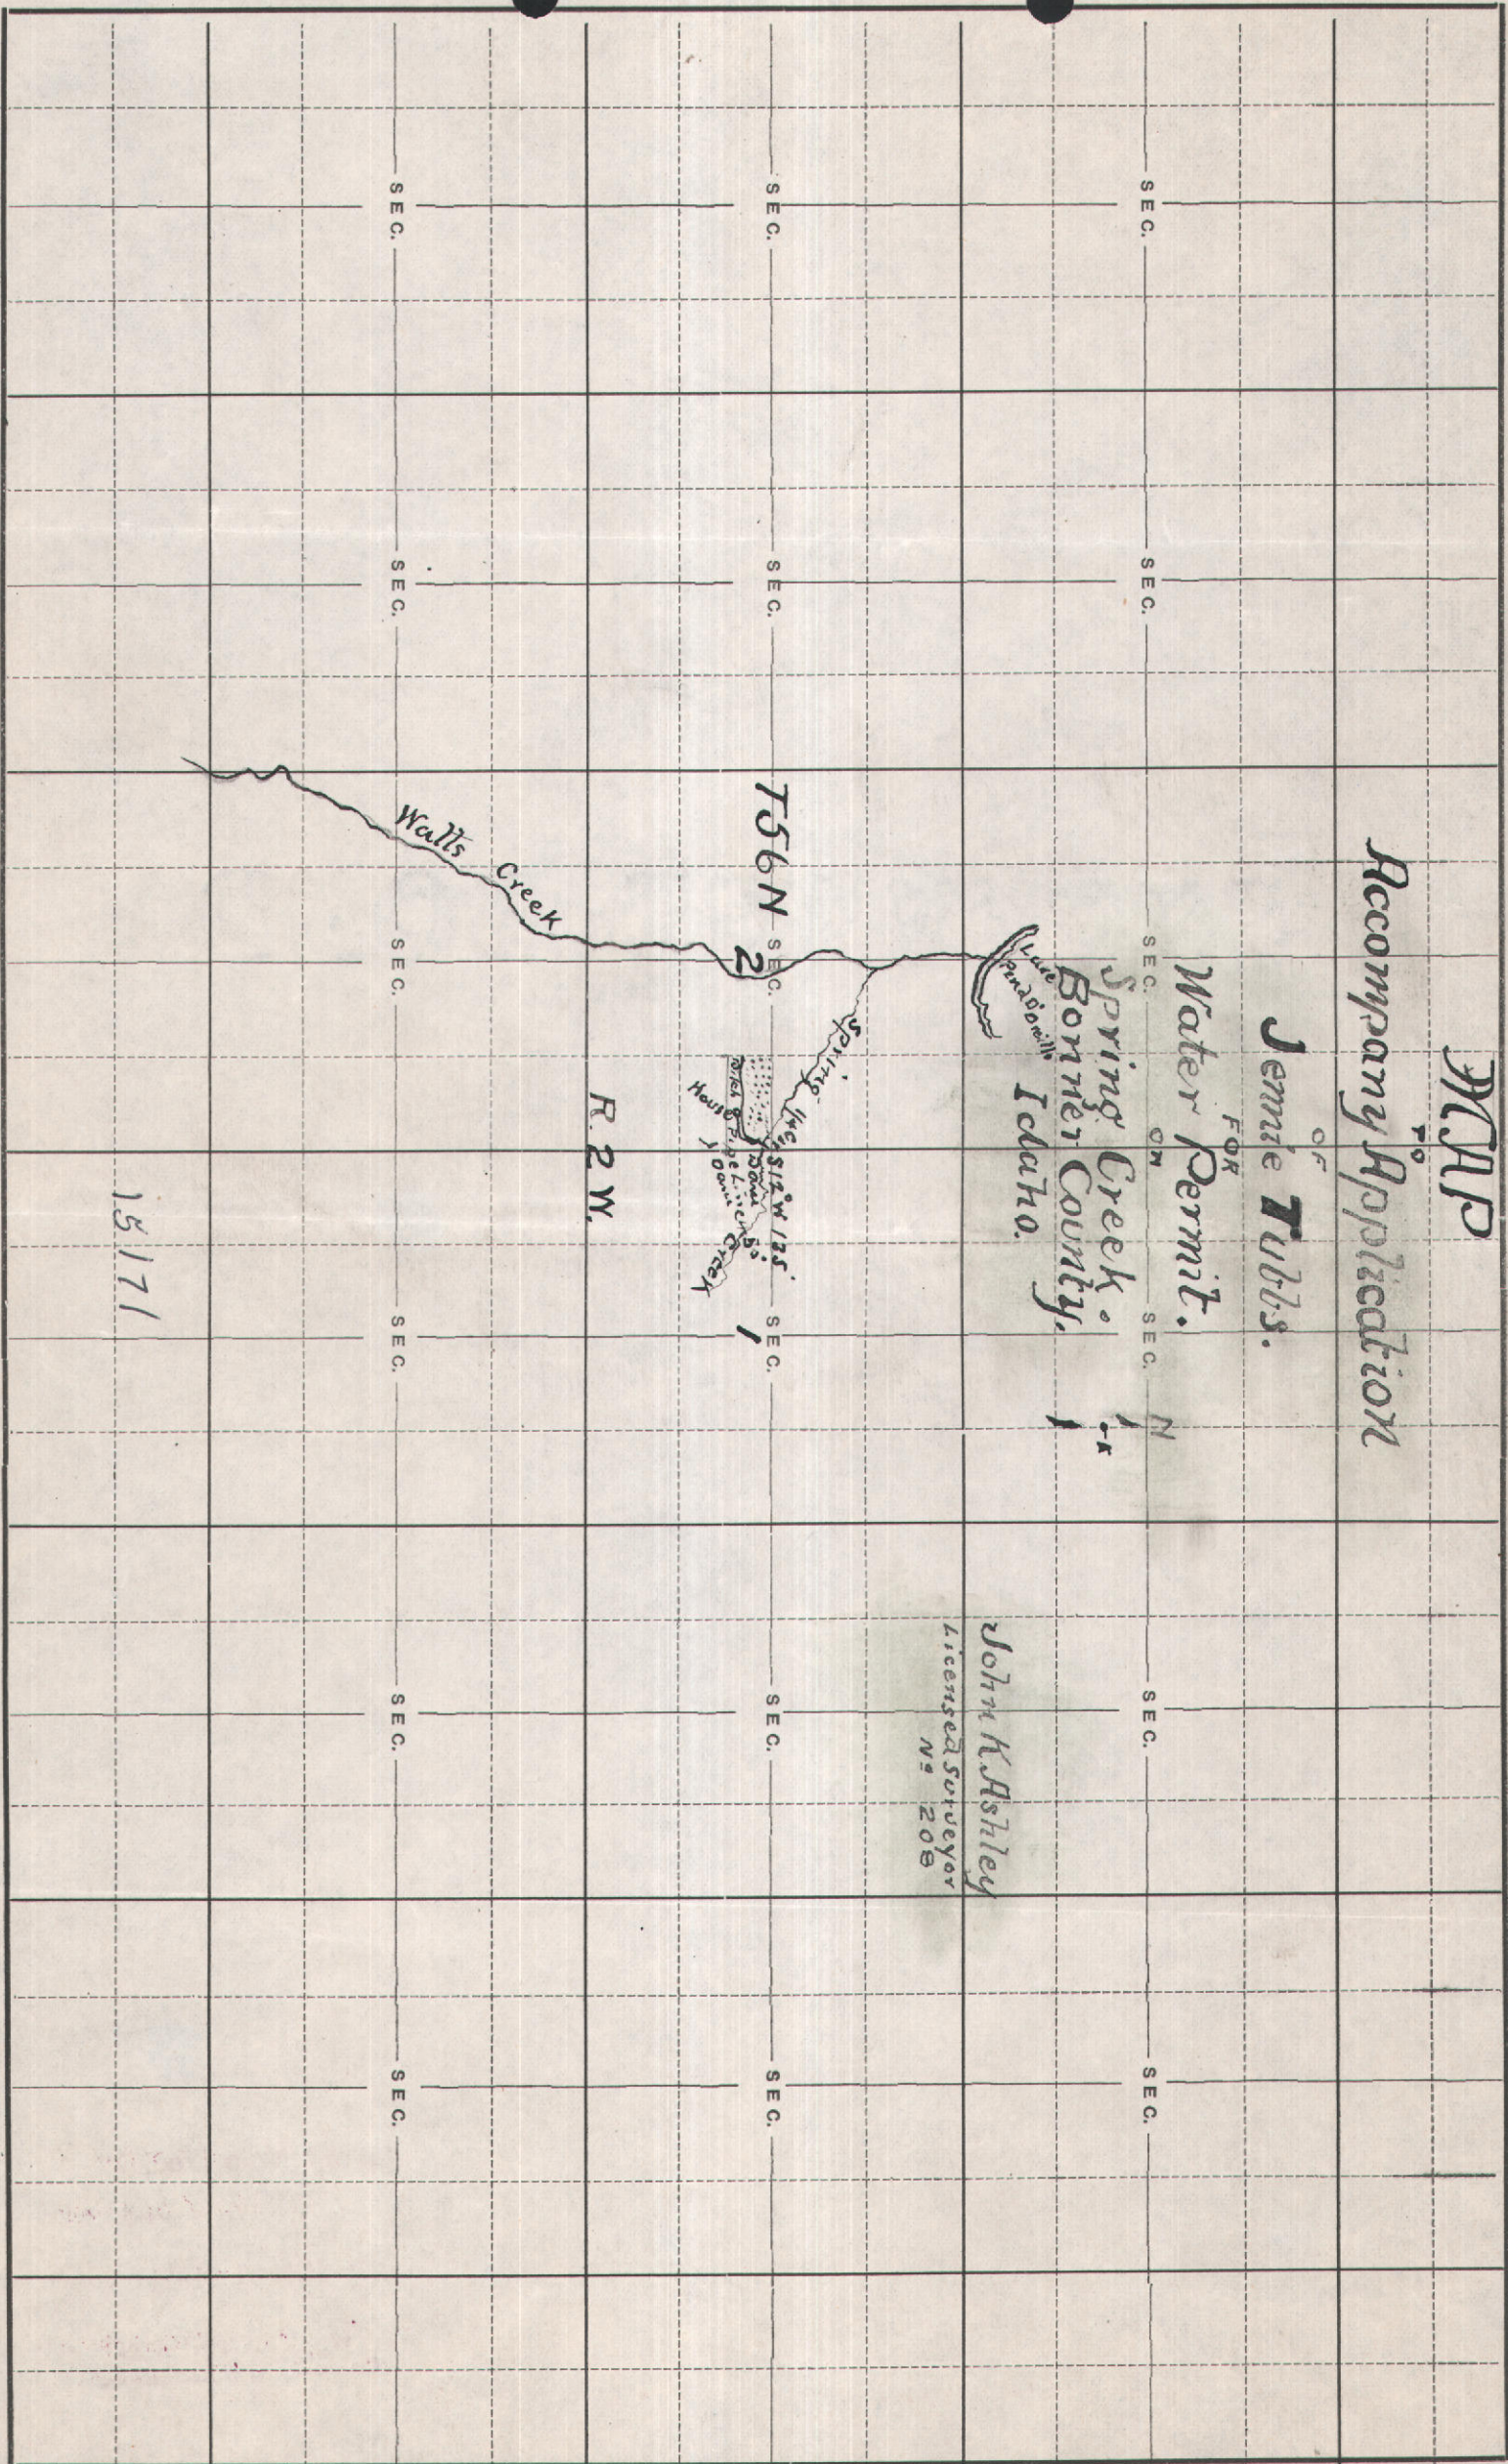

W. G. SWENDSEN,

Commissioner of Reclamation.

BOISE, IDAHO.

Dear Sir:

Relative to the application for water I have been informed by our County Surveyor whom you have appointed to inspect our water site, and which will make an extra expense for me of fifteen dollars (\$15.00) or more. Now I have had this work done by a licensed engineer who in my mind is perfectly competent and has covered every detail.

My witnesses have been sworn before a United States Commissioner and I feel that any further expense would be prohibitive and absurd. However, if you feel it necessary to add this extra expense you may kindly cancel my application.

Hoping this will meet with your approval, I am

Yours truly,

Mrs Jennie Lubbe.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO, July 12, 1922.

Mrs. Jennie Tubbs,
c/o Ignatz Weil,
U.S. Commissioner,
Sandpoint, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 15171.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On July 22, 1922, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at Sandpoint, before Ignatz Weil, U.S. Commissioner.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

Re: Permit No. 15171.

Mrs. Jennie Tibbs,
Sandpoint, Idaho.

Dear Madam:-

In reply to yours of the 31st ult. would say that the affidavit for proof of completion of works should be filled out and returned to this office within 10 days after June 1st in order to be accepted. This is not required to be advertised but just filled out and sworn to before a notary public.

The enclosed blanks for proof of beneficial use of water should be filled out and returned to this office, the date for proof being set far enough ahead to allow for four full weeks publication, in some paper named by you in the circular letter enclosed. You should set the date and give the name of the notary public before whom you will make proof. When these notices have been returned to this office, filled out as required, one copy will be mailed to the newspaper for publication and later deposition blanks, one for the holder and one each for two witnesses, will be mailed to the notary public before whom you are to make proof.

Very truly yours,

W. G. SWENDSEN,
Commissioner of Reclamation.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,
March 6, 1922.

Mr Jennie Tubbs,
Sandpoint, Idaho.
Dear Sir:—

Under the terms of your permit No 15171.....you are required to complete your diversion works on or before June 1, 1922. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWEND EN.
Commissioner of Reclamation.
